## SKINNY KRIBBLES

Around And About Town

With C. F. SKIRVIN

There was ice on the sidewalk in front of the garage section of the telephone company property as late as 2:30 p. m. Wednesday afternoon, but I did not hear of any damage to the orange crop. Maybe the ice man can tell me why not.

And a word with Judge Talbot about times beyond recall and some of them right up to date, whether we are drifting and we are, are we? Anyway, our viewpoints politically seemed to mesh with the exception I was on the pessimistic side of the forecast. However, the Judge is looking fine, and finding used to be his business when he was city judge. I feel easier when I appear before him, than when the meeting was under judicial surroundings.

And then Wally Wiggins thinks and so do I that a lot of radio listeners were deprived of hearing Grand Exalted Ruler Spencer Hart's talk on safety Wednesday evening, because I did not mention that it could have been heard over KVOE as well as the Don Lee station, with which the local station is affiliated. It was an Elk broadcast. My item was all right as far as it went, but it didn't go far enough, and I didn't know that it did not go far enough until Wally called my attention to it, and then it was too late to make a correction, but not too late to apologize. No runs, no hits, no error.

Reading about the Big Bear graphite discovery and by whom, interested Fred Ross, who recalled that a long time ago he had a relative who married a Hewins, and well, what of it? This Fred thought he would like to congratulate the man—if he is the right man.

Here's another one of those dream boats floatin' around. Rancher says he just finished irrigating the grove and washed the automobile. If it don't rain now he gives up.

Fred Schweitzer offers his condolence. Says he broke his glasses once, but he wasn't sure about me until he read the last line of the paragraph reporting my disaster. Misery loves company and the opinion, business.

Constable Jess Elliott serves a subpoena on me to appear at a dig-em-out-of-the-ground barbecue for Nov. 3. On previous occasions I have managed to get to and from those scenes of culinary fellowship. If I am spared up to the date of the party I shall be among those present.

And it has been suggested to me that we should conduct a department about people "you shouldn't know." That fellow hasn't the Will Rogers viewpoint. Bill liked everybody.

Entertainment program announces that some of the artists are from "Gollywood." I've heard the place called almost everything, even by Culver City. But Culver City relented.

## Memory Of Chic Sale To Be Honored By WPA At Laguna

Years of battle by Laguna city officials for a real, honest-to-goodness WPA project were crowned with success today. Shades of Chic Sale came to the artist colony. Cement mixers will churn noisily, carpenters' hammers will ring over the hills, and work will begin soon on the first WPA project ever to be sponsored by the city. The one-passenger structure will cost \$28.85. It will be established at the city trash dump, on an elaborately-planned concrete base which officials say will comply with rigid government specifications. Over the specially-poured concrete will rise a superstructure of wood. Parts come ready made, and the main construction problems are those of assembly, on which some of Laguna's best engineering minds will work. Time... marches on!

## POLIO NURSE BREAKS DOWN ON STAND

Mildred Lee Launches Compensation Battle

Bursting into tears as she concluded testimony, a nurse stricken with infantile paralysis at the Orange county hospital during the 1934 epidemic, today launched a new battle for compensation from the county.

She is Mildred J. Lee, who took her case before the state industrial accident commission in Los Angeles today after she had been allowed to reopen it. She was paid \$74 compensation for one month, and nothing after that. Two Santa Ana physicians, members of the state board organized in 1935 to examine stricken nurses, were cross-examined by attorneys for Miss Lee. Dr. Milo K. Tedstrom said he believed she had a mild case of paralysis, but admitted that a mild attack could cause serious effects. Dr. J. M. Burlew said she should have been allowed to return to work after a month off. Both physicians said they had not examined her since Feb. 1, 1936.

Referee George W. Lane, who presided, granted Miss Lee 15 days in which to submit more medical evidence, and Deputy Dist. Atty. J. E. Walker, representing the county, obtained an additional 15 days to answer it. Mrs. D. Eymann Huff told the commission Miss Lee had worked for her one month for \$30, then became too ill to work. Dr. Harry Zaiser, superintendent of the hospital, was present but did not testify. Officers of the California Nurses association, concerned with similar cases in Los Angeles, were observers.

## BOMB HOME OF VICE CRUSADER

HOLLYWOOD. (P)—A bomb exploded early today under the home of Clifford E. Clinton, anti-vice crusader and county grand juror, but failed to injure him or eight members of his household.

One rear corner of the building was torn out by the blast and the kitchen damaged. The Clinton family, retired for the night, was in upstairs rooms. Clinton arrived home a minute or two after the explosion. He received a telephone call from an unidentified individual who asked: "Well, what do you think of that little puff-puff we gave you?"

## STOCK MARKET STILL GAINS

NEW YORK. (P)—The stock market's recovery bulged wider today although it encountered late selling opposition that put down a morning upswing running to 7 or more points in leaders.

Spurring buying forces was a revival of hope that the slash in margins decreed by the federal reserve was more than a gesture of a friendlier Washington attitude toward the financial sector and might indicate other steps would be taken to reassure "big business" and awaken the long-slumbering capital market.

**\$16,000 ESTATE**  
William F. Zimmerman, fumigating contractor who died last May 16, left an estate worth \$16,183.35, according to an inheritance tax report filed today in superior court. The estate consists principally of fumigating equipment and a \$10,000 ranch.

## Wins Radio Job

Miss Margaret Elser, 17-year-old daughter of Mr. and Mrs. E. H. Elser of Santa Ana, and protégée of Mary Garden, yesterday signed a year's contract with the National Broadcasting company after a special audition. The former local high school girl will be on call as soprano soloist for all major studio broadcasts starting Nov. 1. She is now studying with Nina Koshetz and is a former pupil of Madame Rosemary Rose.

## FDR STUDIES NEW BUDGET

HYDE PARK, N. Y. (P)—President Roosevelt called his chief budget advisers to the quiet of his study here today for an extended round of conferences on balancing the treasury's books. Secretary Morgenthau and under-secretary Magill of the treasury were due from Washington this evening to pitch in with the President on the problem.

Mr. Roosevelt said he hopes to bring income and outgo into balance during the fiscal year beginning next July 1. Morgenthau has said he did not believe anyone could tell at this time whether that could be done. The two chief treasury officials will talk with the President this evening and probably tomorrow. On Monday, Daniel W. Bell, the budget director, will join Morgenthau for continuation of the budget discussions.

## Sterilization of 62 Girls Lauded

KANSAS CITY. (P)—The surgeon who performed the 62 sterilization operations on girls of the Kansas Industrial school at Beloit, Kan., defended them today as a scientific step against "lawlessness."

Dr. John H. Outland said he was asked to perform them by a Kansas board of administration official in view of the fact the state was extremely anxious to hold down expenses, and operations at the state prison hospital would be less costly than at Beloit. Mrs. Kathryn O'Laughlin McCarthy, former Democratic representative in congress from Kansas, has demanded an investigation, charging many of the operations were performed purely as punishment on girls of normal intellect and frequently without the consent of the parent.

"It seems rather ridiculous," Dr. Outland said today. "The consent of a mother who sent her child out on the streets should be required to have a sterilization done."

He asserted one of the girls sterilized had been forced to earn money on the streets and then turn it over to her widowed mother who later married a negro.

Dr. Outland said no trouble was encountered in obtaining the consent of the girls and that eight of them came to officials and asked that the operations be performed.

Dr. Outland emphasized the operations in all cases were sterilization operations and in no case was the girl "unsexed."

"These operations represent a forward step in handling social problems in Kansas and in any other state," he declared. "Scientific and humane operations of this kind will diminish lawlessness and crime."

**PALM SPRINGS CITY?**  
PALM SPRINGS. (P)—Petitions are being circulated to provide an election for incorporation of Palm Springs as a city.

## Ames 'Socks' Board; Russell Gets New Job

### TO AID COURT IN JUVENILE CRIME CASES

Jurist Makes Good on Previous Threat

Presiding Superior Judge H. G. Ames put an abrupt end today to his differences with the board of supervisors over the ability of Dr. Edward Lee Russell to act as coordinating council director for the county.

Judge Ames appointed Dr. Russell assistant probation officer, to act as psychiatrist for the juvenile court. He thus retained Dr. Russell's services despite refusal by supervisors to approve a \$3000 yearly salary for him as coordinating council head.

Thus Dr. Russell will be paid by the court as an expert witness and assistant, a position over which supervisors have no control. The yearly bill may run to as much as \$3000, if juvenile cases warrant it. Judge Ames had told supervisors that he did not intend to pay a political debt of a competent psychiatrist for his juvenile court, and that he would appoint one.

He will retain his position as assistant health officer unless supervisors should carry the fight one step farther and discharge him.

Supervisors were accused last month of making a political ball out of the coordinator's post, and Judge Ames even hinted at a grand jury investigation of certain members who, he said he had been told, were intending to use the position to pay a political debt. Dr. Russell was praised for the coordinator's position not only by Judge Ames, but also by civic organizations.

### SYMPHONY ORCHESTRAS TO COMBINE

Professional Artists Will Be Employed

A permanent, professional symphony orchestra here with regularly scheduled concerts was heralded today when it was learned the Santa Ana symphony and Federal Music project symphony orchestra will consolidate immediately.

The new combined orchestra will be co-conducted by Elwood Bear, present Santa Ana symphony director, and Leon Eckles, conductor of the federal orchestra.

Local officials now are holding up the consolidation pending receipt of written approval from Harle Jarvis, state director of the Federal Music project, who already has orally approved the plan.

Nearly 30 professional musicians will be employed by the new orchestra, and all members will be required to take auditions designed to keep standards up to professional levels. Many amateurs who can qualify will join the orchestra, which will consist of about 60 pieces.

Monthly concerts will be presented in the high school auditorium, the first to be held early in December. Next Thursday's Federal Music project concert will go on as scheduled, since the consolidation is not expected in time for the combined orchestra to participate by then.

Two rehearsals will be held each week under the new plan, and guest conductors will be invited to direct the orchestra from time to time.

**SACRAMENTO PLAN**

By the consolidation move, local music enthusiasts hope to put the symphony on a professional basis so it will be continued in event the Federal Music project is discontinued.

Sacramento is the only other city in the state to consolidate a local orchestra with the federal project, and it was because of the plan's success in the capital city that Santa Ana officials began negotiating for a similar combination.

Santa Ana merchants will sponsor the joint orchestra for the 1937-38 season, it was announced.

## SAN JUAN'S SWALLOWS IN NORTH

SANTA CRUZ. (Special)—For 160 years, at least, the famed San Juan Capistrano swallows have arrived and left their cotes in the Southern California mission as regularly as clockwork—but no one knows where they go, nor whence they come.

Yesterday Milton Watson, Scotts Valley bus driver, called up. "We may be all wrong," Watson said, "but we think we know where those San Juan Capistrano swallows go for the winter."

"Yes, sir," Watson retorted, "right here at Camp Evers. Anyway, a big flock of swallows arrived here Monday, just as they did last year, about 24 hours after the exodus of the Capistrano swallows. So we think they are the same birds."

## Deaths Cause Oregon Inquiry

Mrs. Agnes Jones Ledford was taken into custody in St. Helens, Ore., as officials investigated the deaths of her two stepdaughters within a few days of each other this fall. The children were Ruth Ledford, 13 (left), and Dorothy Ledford, 15.

## LOYOLA GRID STARS NABBED

Reports that five ousted Loyola football players were merely on a joy-ride when they were released from their school, were denied by San Clemente police officers today. Three of the youths were arrested on a charge of driving a stolen car, Officer Dick Parker reported.

Three of the boys, including Bill Magee of San Juan Capistrano, were in a car registered to Ebert V. Aldrete, Jr., of Tecate, Baja, Calif., the officer said. The car had been reported stolen from Loyola Tuesday night, he said, and he arrested the youths Wednesday after receiving a broadcast on the stolen machine.

Two of the players were in another car, he said. The boys told him they didn't like their football coach and were discouraged because of losing so many football games and had decided to go to Mexico, Parker reported.

The Rev. Father Joseph A. Vaughan came to San Clemente to obtain release of the boys, Parker said, and the charge of auto theft later was reduced to driving a car without the owner's permission. Later, the charges were dropped entirely, he said.

Arrested with Magee were Bola J. Andarka and Carl Hoveland, Parker reported. The other two players were Bob Zevark and John Polcho, Parker added. Efforts were being made today to have the youths reinstated in the college, it was reported.

## In The SPOTLIGHT

Bill Penn indicating a letter to his friend "Fritz" Elliott, who is in the Good Samaritan hospital, is Bill Wieland getting word from headquarters to get his lunch down town so he could get to the Pomona-Santa Ana football game on time. Al Mellettin discussing business with a friend during lunch time—presumably stock market business. County Assessor Jim Sleeper moving away from a hot radiator. Bill Menton in another opinion on the county salary ordinance. Harry Riley without his alleged mustache and goatee.

## AMERICANS MENACED IN SHELLING

U. S. Property Near Settlement Ruined

**BULLETIN**  
LONDON. (P)—The greatest indignation was a manifest in British official circles today over the killing of three Royal Ulster riflemen in Shanghai—latest on a lengthening list of British casualties attributed to Japanese gunfire.

The fact killings occurred so soon after a British society was machine gunned to death Sunday at a British defense post in Shanghai, increased the bitterness, informed persons said, although formal comment was withheld pending an official report.

"This means war with Japan" rang through the House of Commons in London today, official sources reported, as word of the killing of three soldiers reached London.

SHANGHAI. (P)—Three British Ulster riflemen were killed and several wounded tonight during Japanese shelling of Hungjiao, suburb to the west of the international settlement and home of many Americans and other foreigners, British military headquarters announced.

## FLOODS END SPAIN FIGHT

ZARAGOZA, Spain. (P)—Insurgent and government armies on the broad Ebro river front quit fighting each other today to combat a common enemy—a flood that sheeted wide areas in the valleys of the Ebro river and its tributaries.

The Gallego river, rushing down from the French border, joined the Ebro at this insurgent base and old Aragon capital, was at its highest level in 20 years—21 feet above normal. The Ebro was 22 feet above normal. Heavy rains were responsible for the high water.

The Ebro flooded roads and railways in government territory near Huesca to the north, causing great damage. It filled trenches, driving the Valencia troops to higher ground.

Zaragoza was threatened and forced to take flood precautions similar to those taken in America's Ohio valley when the spring floods come.

Some of the recent principal battlegrounds of this front were under several feet of water. Hostilities were disrupted.

## U. S. TO BUILD SUICIDE SHIPS

WASHINGTON. (P)—The United States navy is preparing to follow the lead of foreign fleets in developing small, lightning-fast "suicide" raiders and scouting craft.

Details remain to be worked out, navy officials said today. They declined to amplify a disclosure by Assistant Secretary Charles Edison that two experimental boats, designed to attain speeds up to 50 miles an hour, are planned.

The expected speed would be greater than that reported for any of the similar craft developed by Italy, Great Britain and Germany, whose navies have experimented with "suicide" ships since World war days.

## 'Petticoat Council' Urged For Spanish Village

"Uncle Dan" Mulhaddon, mayor of San Clemente, may be replaced next year by an Aunt Tillie. Campaign plans for an all-woman city council were being laid today in the Spanish village. Mulhaddon and three other men come to the end of their terms next year; and only Mrs. Lillian V. Coe holds over.

"There has been considerable dissatisfaction," said one of the leaders in the movement, "with the acts of some of the members of the present body; and we deem it imperative that the next council shall be composed exclusively of property owners. We have decided to place an all-woman ticket in the field and concentrate our efforts on its election."

# 6000 PERSONS ATTEND BROADWAY OPENING FETE

## SIDEWALKS AND STREET ARE JAMMED

### Colorful Parade and Program Presented

A crowd estimated by police officers to number more than 6000 jammed the sidewalks and streets along Broadway last night as the Santa Ana Breakfast club and merchants celebrated the opening of the new Broadway.

The celebration was held to officially open Broadway since the street was repaved between First and Tenth streets. W. Hunter Leach, president of the Breakfast club, was in charge of arrangements.

The program opened with a parade down Broadway, in which the American Legion drum and bugle corps and American Legion auxiliary drill team took part.

**SPANISH DANCES**  
The drum corps paused before the stand on Broadway between Third and Fourth, and played a group of stirring martial numbers. The drum team also executed several drill formations.

A colorful program of vaudeville entertainment, including Spanish dances by Frances Hamer, toe tap dances by Betty Courtney; songs by Betty Vardy; vocal trio numbers by the Three Harmonettes; Beverly Short, Betty Haynes and Mary McDougal, and dances by Sterling Peterson.

Joe Kozina, master of the banjo, played several numbers, and the program also featured Adelina Gamboa, Cuban girl, who sang to the accompaniment of guitar played by Maydallina Siseneras and violin by Sol Gonzales.

**ORCHESTRA PLAYS**  
Lee Mann and His Sunny Californians, Orange county dance band, furnished music for a gay street dance which followed the entertainment program. His or-

## Midget Calf Weighs Only 20 Pounds at Birth

By RALPH SALAZAR  
WATSONVILLE. (Special) — Out at the Elmer Bradley ranch in the San Andreas district there's a midget calf, the smallest any dairyman has ever seen in this territory. When it was born 48 days ago, it was 18 inches high and weighed 20 pounds. Now 49 days old, it weighs 47 pounds.

Dairymen say it will of course grow to be a valuable bossy but it will always be a runt.

Normal calves weigh around 50 pounds when their big brown

bovine eyes see the light of day and usually stand two feet high. The day we called we found the midget calf standing alongside of a four-day-old sister or cousin which weighs 47 pounds and is all of four inches taller than the wee which is the subject of this paragraph.

People who ought to know about these matters can't explain the reason for the capsule calf. Like Topsy, it just "grewed" that way. The mother wasn't frightened by an Austin, either.

## Fourth Wife Quits Manville

RENO, Nev. (P) — Thomas Franklin (Tommy) Manville, Jr., heir to a huge New York asbestos fortune, was divorced for a fourth time today when pretty Marcelle Edwards Manville won an uncontested decree at a private trial before District Judge Thomas F. Moran. She charged cruelty.

Judge Moran approved a property settlement agreement which reportedly will net the blonde former Hollywood and New York show girl at least \$200,000.

**2 ELIXIR DEATHS**  
CHICAGO. (P) — The American Medical Association said today two new deaths verified as caused by an elixir of sulfanilamide brought the total of 59. The new cases were in Texas City, Tex., and McCaskill, Ark., the association said.

chestra broadcast over KVOE from 9 to 9:45 p. m. from the Broadway hookup. He played two numbers for the first time, "Tune In On My Heart" and "I Like to Make Music," the latter from the motion picture production, "Thanks for Listening," not yet released. It was estimated that as many as 3000 persons were dancing in the block roped off earlier in the evening.

## Freighter Said Adrift at Sea

SAN FRANCISCO. (P) — The chamber of commerce marine exchange received word today that the freighter "Buffalo Bridge," en route to Japan with a cargo of scrap and poles, was drifting 1020 miles northeast of Honolulu.

The ship was without lights, the exchange said, apparently because of dynamo failure, and therefore was a menace to navigation.

**Skeleton of Woman Is Found**  
LOS ANGELES. (P) — A woman's skeleton found near Belvedere Gardens was tentatively identified today as that of Mrs. May Burgess, 52, who wandered away from her daughter's home in Long Beach.

The identification was made by the daughter, Miss Thyma Burgess, who told officers the clothing and shoes worn by the woman convinced her of the identity.

**POSTMASTER DIES**  
LOS ANGELES. (P) — Harrington Brown, 81, postmaster of Los Angeles during the Wilson administration, died here last night at the home that had been his for 50 years. He was a widower.

## 3 BRITISH SOLDIERS DIE IN SHANGHAI

(Continued from Page 1)  
spread damage among American mission and other foreign property and during the day British defense lines along the settlement frequently had been under fire.

One unidentified foreigner and several Chinese also were reported killed by Japanese shells falling inside the British lines. Many Americans and other foreigners abandoned their magnificent homes in Hungjao to seek safety within the settlement, as the battle for possession of Shanghai centered in the suburban area.

Throughout the day shells exploded near positions held by the Royal Artillery. Japanese artillery, bombarding Chinese in the Hungjao area, dropped eight shells into Jessfield park alone. One of the shells damaged St. John's university.

Many windows in buildings and homes in the western district, especially along Yu Yuen road, were shattered. Trolley car wires in the Jessfield sector were broken, disrupting all service.

A British policeman's motorcycle was wrecked a few seconds after he stepped from it. Major Gen. A. P. D. Teifer-Smollett, in command of the British forces, went quickly to the scene. Then he called on Admiral Kiyoshi Hasegawa, Japanese naval commander in the Shanghai sector.

The Seventh Day Adventist sanitarium evacuated its patients and equipment after several bullets struck the hospital when a Japanese flier shot at a group of Chinese soldiers and refugees at the hospital gates.

**SCHOOL DEMOLISHED**  
Meanwhile in Sungkiang, several miles to the west of Shanghai, the American Southern Methodist Susan B. Wilson School for Girls was set fire, and almost destroyed, an American's home was demolished, the Southern Methodist mission compound was damaged and its 60 occupants sought refuge in dugouts during bombardment by 20 Japanese planes.

British army authorities blocked Soochow creek with junks and cargo boats to forestall Japanese naval attacks on the Chinese "lost battalion" beleaguered opposite the international settlement.

British tommyes, rifles at their shoulders, paced cobblestones along the creek while two Japanese naval launches withdrew. The launches had been halted when they steamed up the stream from the Whangpoo river toward the warehouse, opposite United States marine corps lines, where the lone Chinese detachment has held off attackers since Chinese evacuation of Chapel two days ago.

**NONCOMBATANTS DIE**  
Besides bombing, the planes power-dived and swept streets with machine gun fire, killing and wounding an undetermined number of noncombatants. An eyewitness who reached Shanghai on a bicycle said he had to lift it over dead and wounded piled in Sungkiang's streets.

Japanese officers argued for more than two hours with Col. D. M. Barchard of the Royal Welch Fusiliers, but he refused to let the launches pass up the creek. They then returned to their base.

Japanese had said crews of the launches wanted to fight fires on the Chinese side of the creek, but British declared their real intention apparently was to attack the Chinese band.

Japanese forces attacked Chinese positions in Pootung, across the Whangpoo river from Shanghai.

**NEW DEFENSES**  
Chinese troops poured into the new defenses and dug lines of trenches along the Shanghai-Nanking railway. Japanese troops for the most part were consolidating their positions.

More than 6000 refugees arriving the last two days taxed the gates were ordered closed temporarily until new refugee camps could be established.

Thousands of men, women and children pleaded for admittance and British soldiers refused their pleas and passed some of the most pathetic.

Fearing that Japanese might use some western zones of the settlement for an attack on Chinese, British troops strengthened their barbed wire barricades.

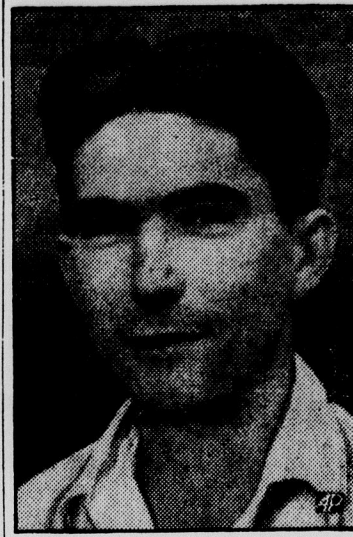

**DAVIS READY FOR 8-POWER PARLEY**  
BRUSSELS. (P) — Norman H. Davis, the United States ambassador at large to Europe, visited the Belgian minister of foreign affairs, Paul Spaak, at noon today to establish the first official contact of the United States delegation to the nine-power conference with the Belgian foreign office.

Davis, head of the delegation, emerged with Hubert van den Meersch, United States ambassador to Belgium, after a brief call, which he described as merely a courtesy visit. He had no new developments to report concerning the nine-power conference, set for Nov. 3.

**British 'War' Fought in Egypt**  
CAIRO, Egypt. (P) — The British air force tested its Egyptian defenses today in large-scale desert maneuvers 30 miles from Cairo.

Tons of high explosives were dumped on "enemy" motor transports and troops (simulated by stacks of petrol cans) in the great mock air raid Egypt has seen since the World war. The "enemy" was assumed to have been wiped out by accurate bombing.

## Farmer

Farm King of America is 21-year-old Robert L. Bristow of Saluda, Va., chosen 1937 Star Farmer and awarded \$500 at Kansas City, Mo. The contest was for young men.

## John Thomas Follows Bowler Down Chute

LONDON. (P) — Postal clerks registered only mild surprise when John Thomas' bowler hat came tumbling into a subway post office through a 90-foot mail chute last night.

But they were downright flabbergasted when white-haired John Thomas himself came through the chute a second later.

Thomas, 69, dived head-first into the subterranean passage when he stumbled after alighting from a train.

## FDR Transfers Housing Projects

WASHINGTON. (P) — President Roosevelt transferred the \$134,000,000 low cost housing investment of the Public Works Administration today to the new United States Housing Authority.

An executive order also transferred the 624 employees of the FWA division to the agency set up to invest another \$528,000,000 in low cost housing and slum clearance under the Wagner act.

Nathan Straus, who will become administrator of the authority Monday, thus will direct construction of 27 low-rent housing projects still being built. He also will manage the 22 projects already completed.

## Damaged Air Transport Lands

NEW YORK. (P) — An American Air Lines transport plane successfully executed a belly landing at Newark, N. J., airport at 2 p. m. (EST) today after the retractable landing gear had jammed, the line's office announced.

No trouble was encountered in landing the big ship, the company said, though one of the two wheels became stuck midway of its arc when the pilot tried to lower it into position on its arrival from Chicago.

## Hold Pair for Lottery 'Fake'

LOS ANGELES. (P) — Two men were held today on suspicion of violating the state lottery laws after Detective Lieut. Ralph Sears announced he had taken 120,000 in Irish Sweepstakes tickets from them last night.

Hundreds of ticket purchasers had complained, Capt. Monty Thornburg, of the police vice detail, said, that the stubs were never placed in the lottery wheels.

## \$5300 Asked for Husband's Death

Suit for \$5300 for the death of her husband in an auto accident was filed in superior court today by Mrs. Nola Thompson. Mrs. Thompson is suing the Waste Water Disposal company for the death of her husband, Marvin Thompson, in an accident on Manchester avenue last Sept. 9, in which she charges a truck driver was negligent. The complaint was filed by Elmer Guy, Fullerton attorney.

## England to Fight Radio Propaganda

LONDON. (P) — The British government announced in common today it was planning radio broadcasts in foreign languages. This step obviously was intended to counteract anti-British radio propaganda which has been worrying Great Britain in Palestine and other Moslem countries. It has even been encountered in South America.

## Awarded \$50 for Transfusion

LOS ANGELES. (P) — Dorothy Gaffney today held a \$50 judgment, obtained in small claims court, for 550 cubic centimeters of blood she testified she furnished in a transfusion.

The judgment was obtained against Dr. William R. Harper and Mrs. Betty Howell, a patient, whom the plaintiff testified had failed to pay her.

And in this connection Santa Ana merchants are mindful of your holiday wants and will be able to supply you with everything you need, and more than a lot of us are able to buy. So start your money revolving in the home town and it will roll back to you again.

Softening the margin requirements by the New York Stock Exchange may help somebody, but I lost all interest and some cash before relief arrived. Occasionally I meet some fellow who wants to talk about the '29 depression, but I can't see that it does any good. Friend of mine said he was complaining to an acquaintance about having lost eleven thousand dollars in that collapse, and got this reply: "Oh, I wouldn't worry about that. I lost \$300,000." Comparisons won't return your losses, but they do soften the blow.

And so far none of my favorite weather prophets have delivered any rain, but I'm not easily discouraged. Last year October was wet. This year—so far—it's dry. But one swallow doesn't make a summer and one month doesn't portend a dry season. As "thar is gold in them thar hills" so is there rain in "them clouds." You can't make me believe it ain't goin' rain no more.

Unable to get to the orchard heater demonstration at Brudner Allen's place, but I understand it was quite a success without me. It might have been otherwise with me. But adhering to an old rule, wherever there is smoke there is some fire. Now—how much smoke?

## DECIDE SIZER DEATH SUICIDE

The mysterious hanging of John James Sizer, 60-year-old Ocean View garage owner whose body was discovered Wednesday after he had been missing for nearly two years, today was written off on the sheriff's records as virtually an open-and-shut suicide case.

Further investigation yesterday disclosed Sizer had changed from his good clothes to working clothes on the memorable Thanksgiving Day of 1935 when he was last seen. He also had taken off a valuable ring and left it in the garage.

The cotton rope with which he was hung was found to have belonged to Sizer before the incident, officers said, indicating there was no further doubt but that the man had taken his own life.

Quiet funeral services were conducted from the Dixon mortuary in Huntington Beach yesterday afternoon.

daughter-in-law, Mrs. Leona Conner; two nieces, Mrs. Stella Hurst of Los Angeles and Mrs. P. S. Unger of Los Angeles; one nephew, Emory Rittenhouse of Los Angeles; and a grandson, Claude Conner of El Paso, Tex. Funeral services will be held at 3 p. m. Saturday from the Smith and Tutill chapel, interment at Fairhaven cemetery.

**PRINCE**—Mrs. Della A. Prince, 76, died at her home, 350 North Harwood, Orange, Oct. 28. She is survived by one son, Fred Prince, jr., of Portland, Ore.; three daughters, Mrs. Mae Hare of Oregon, Mrs. Nellie Head of Vaneig, Kan., and Miss Pansy V. Prince of Burlingame; five grandchildren; six great-grandchildren; one brother, Willard Gussin of Kansas. Funeral services will be held at 2 p. m. Saturday from the Gilgoly Funeral home, with the Rev. A. T. Hobson of the Orange Methodist church officiating. Grave-side services at the Santa Ana cemetery will be conducted by the Rebekahs.

### Funeral Notice

**AYERS**—Funeral services for Emmor Ayres, who died at his home on Memory Lane Oct. 27, will be held at 10 a. m. Saturday from the Brown and Wagner Colonial chapel, with the Rev. W. S. Buchanan, pastor of the First Christian church, officiating. Interment in Fairhaven cemetery.

## SHEARING THE GOOD THINGS OF LIFE

By PROF. C. DE CORN

I have just received the following letter from one of my admirers which I feel is worth reproducing in full in this column:

Prof. C. de Corn, Santa Ana Journal, Santa Ana, Calif.  
Deah Suh: Ah am delighted, suh, to see you all writing such an int'restin' column foh we ignorant folks. Bach theah in Kaintucky

where Ah comes from, we knew all about seed cohn and sech. We all even had a couple of milch cows, which ate blue grass and turned it into green milk.

**NEVAH SHEARED 'EM**  
The title you all use foh yoah column is mos' intriguin'. Shearing the Good Things of Life—say, we all suah could do that back theah in Kaintucky. Only all we all used milch cows foh was to make buttah, milk and sech-like. We nevaah sheared 'em.

Why, Ah recalls the time when mah little boy was a-settin' on mah knee, and Ah was tellin' him how Ah killed the revenooers.

"Say, pappy," he said, playfully knocking mah wind out with his elbow and spittin' tobacco juice all ovah the floah how many faucets has a milch cow got. And can the revenooers tax 'em?"

Ah considered the question, and finally said: "Hesh yoah trap, son. Them revenooers try to tax ouah stills, but they ain't nevaah gonna tax the faucets on mah milch cow!"

**COHN WHISKY**  
Then Ah told him the story of the seed cohn. How if the milch cow eat up all the seed cohn, and it fermented inside it, that maybe you could draw good ol' cohn whisky from the milch cow's faucets. But while Ah was talkin' the little brat jumped off mah knee and drank up all mah mint juleps befoah Ah could reach him.

Now, heah's the point. If you all can educate kids like that about milch cows and seed cohn, you all will be doin' a great thing for mankind. And Ah suah do think you all.

COL. RASS BERRY.

**ARMISTICE DAY HOURS ADOPTED**  
A recommendation that Santa Ana stores remain open on Armistice day, except from 10 a. m. until 1 p. m., was made today by the Business Men's association. Manager Phil Brown announced.

The limited closing schedule was adopted when it was learned merchants in Los Angeles, Long Beach and other surrounding towns plan to remain open all day. An attempt had been made to induce stores outside the county to close, but in view of the fact they will remain open, the limited closing hour was urged here.

Stores all will close for the three-hour period to permit their employees to attend and participate in the annual Armistice day parade at Fullerton.

### DRIVERS HELD

Drunk driving charges today faced Gerald Hegeman, 35, Long Beach, who was arrested in Anaheim yesterday, and John Sorabail, 37, De Luxe hotel, Fullerton, arrested in Fullerton.

### PETTY THEFT

Vernon D. Dickard, 47, 1700 Commonwealth street, Fullerton, was sentenced to pay a \$50 fine or serve 25 days in the county jail on a petty theft charge yesterday.

### RECKLESS DRIVING

Charged with reckless driving, Eugene E. Blackburn, 27, Long Beach, was booked in the county jail yesterday. He was arrested in Orange.

## MASON TO TALK ABOUT DANZIG

Danzig, "the problem child of Europe," will be discussed in a lecture by Dr. John Brown Mason, Santa Ana Junior college instructor, at the Willard school auditorium Monday night.

Dr. Mason has made several trips to Danzig, free city created by the Versailles treaty conference and made up of 400,000 people, 95 per cent of whom are German.

Monday's lecture is the first of a two-lecture continuation of Dr. Mason's adult education series. He will conclude the series the following Monday.

## EUROPE WILL GET \$20,000 SHIPMENT

Dealer Has 100,000 Pounds of Knots

Burly burls—about \$20,000 worth of them, will be shipped to Europe from Orange county starting next month.

The knots go to Europe from the warehouse of K. L. Trendt, Brea walnut burl buyer, who said the movement of burls to market starts as a rule in November.

Trendt now has more than 100,000 pounds of burls on hand, and these knotty growths are worth as much as 20 cents a pound at average prices.

**\$1500 APIECE**  
Trendt is the man who came here from Texas to start picking up the valuable wooden growths which were strewn around in Orange county's back yard. Some of the burls weigh as much as 7000 pounds, and some are worth as much as \$1500 apiece.

The treasure has laid for years half-buried, in Orange and four other southern counties. The first burl taken out in this district was between Brea and Pomona.

Trendt has been operating for about two years now, but only a few months ago did any news of his operation leak out. That was when The Journal published an exclusive article about the unique treasure hunting business.

**CLEANED UP**  
It is estimated that more than a million dollars worth of the black walnut burls have been marketed from this district. But most of the burls are gone now. The cream of the crop has been skimmed off. Trendt says the burls in this section are the last in the United States, as far as he knows.

The burls grow only in rare areas where native black walnut trees have grown on land saturated with oil. The trunks of the trees become infected with a disease which causes a growth at the base. This growth is the burl, and they're worth plenty of money in any man's country. But especially in Europe.

**FABULOUS PRICES**  
European manufacturers who make furniture, pay almost fabulous prices for the stuff, because it is so rare and so much in demand for fine furniture. The wood is used to veneer expensive furniture. At factories the burls are soaked in oil until they are so soft they can be cut with a knife and rolled out into sheets as thin as paper.

The burls are marketed by photographers. They are numbered, and pictures taken of them. These pictures are sent to buyers, who make their selections from the photographs.

**Unification of Church Favored**  
**SAN FRANCISCO** (AP)—Unification of three divisions of the Methodist church was favored, 102 to 14, by delegates to the Pacific conference of the Methodist Episcopal church, South, in a resolution adopted last night.

**GOES TO HOSPITAL**  
Harry Westover, jr., little son of Senator and Mrs. Harry Westover, was taken yesterday to St. Joseph hospital for treatment. He was suddenly stricken ill Wednesday afternoon at his Newport Beach home.

## Sailors to Be Relieved of Dishwashing Job

WASHINGTON. (AP)—Slowly but surely the navy is doing away with that nautical nuisance—dishwashing in the line of duty.

It was only a single line item in a list of naval purchases, but it meant a lot:  
Dish washing machines—\$20,779.60.

Officials said the machines were for new destroyers and one new cruiser. The delivery date is April 21, 1938.

## PEGGY SHOP TO QUIT BUSINESS

After eight years of successful business, the Peggy Shop, 304 West Fourth street, is unable to renew its lease and must quit business.

Mr. and Mrs. Schlusberg regret the necessity that compels them to leave Santa Ana and today thanked all their friends and patrons who in the past years played no small part in the success of the Peggy Shop.

Jack Schlusberg said "This quitting business sale which is now in progress is an event of a lifetime, coming at the beginning of the fall and winter season, with prices slashed to startling reductions."

FIESTA WILL DEDICATE NEW HIGHWAY

LONE PINE. (P)—From the highest to lowest points in the United States a three-day celebration opened today typical of the roaring days of the wild west bonanza period.

Opening of a short cut in the Mt. Whitney-Death Valley highway was the occasion. It is the 17-mile cutoff north of Darwin, the famous silver town of the last century, a \$214,000 road down Rainbow canyon, where hitherto only prospectors and burros trod the paths in the colorful volcanic region.

Dawn today finds an Indian, Jerry Emm, of the Carson Indian agency, Stewart, Nev., dipping a gourd into the cold waters of Lake Tulainyo, highest in the United States, on Mt. Whitney's eastern slope. Down the Sierra trails he will dash to be met at the western highway terminus, Whitney Portal, by Gene Autry, singing cowboy, disguised as a Pony Express rider.

Through the three days the water will travel by unusual stages until Sunday night it is dumped in the poison stillness of Bad Water, lowest point in the United States, on the floor of the death valley.

Barney Oldfield, of racing fame, will be at the wheel of an auto which carries the gourd to the Sunday afternoon dedication of the new highway, after which an airplane will carry the gourd and dump the water into the poison wells for the "wedding of the waters."

Signal fires upon Mt. Whitney, and down the ranges to Funeral Mountains, will signal the finale of the three-day fete Sunday night.

How They Cure Fumbling at O. S. C.

When Oregon State made 12 fumbles against California, Coach Lon Stiner made his backfield men carry a football around with them to classes—and even to bed. Fullback Kolberg, who committed five of the bobbles, abided strictly by the rules, and is shown with his football in bed.

M'FADDEN IN WARNING ON WELFARE

LOS ANGELES. (P)—Members of the state chamber of commerce had before them today the warning of their president, A. J. McFadden, that certain measures proposed for adoption by the 1938 legislature would jeopardize the welfare of the state.

McFadden said the state sales tax, if repealed as proposed, would reduce general revenue funds by \$183,000,000. Old age pension, he said, would add \$300,000,000 annually to the tax burden, and revenue funds would be further depleted if homes valued at \$3000 or less were exempted from taxation.

12TH MEETING

He addressed the chamber's 12th annual statewide meeting here yesterday. Statewide and regional groups had luncheon today with the chamber's directors.

The plan to establish a unicameral legislature in California was described by C. S. Teague, Santa Paula, as "virtually disfranchising the great inland areas of the state, as far as election of representatives is concerned."

PINCHOT TALKS

Gifford Pinchot, former governor of Pennsylvania and first chief forester of the United States, told the chamber of commerce that the proposal to transfer the forest service to the department of the interior is "pure folly."

"It is bad judgment, because it would disorganize the forest service to no good end," he said.

"It is bad administration, because it would divide and separate work that is now together and should be kept so."

"It is bad citizenship, because it would do incalculable public damage merely to satisfy one man's personal ambition."

NEWSPRINT COSTS RISE IN NATION

(Continued from Page 1)

of newspapers, payrolls in nine months this year have increased 9 per cent, according to statistics reported, over the already sharp increases of 1936. Taxes, especially for social security, are cutting into receipts, the reports indicate.

PAPER COSTS

The largest item of cost in producing a newspaper, next to payrolls, is newsprint paper, Chandler explained. Newspapers have not only been paying an increased price on this product this year, except a few having long term contracts at lower than current rates, but in 1938 they will generally face an even greater advance, up to 40 per cent in some cases, he said.

SECURITY COSTS FOR NATION TOLD

WASHINGTON. (P)—Social security for more than 20,000,000 persons since February, 1936 cost \$230,425,436 in federal grants to states, the social security board said today.

Public assistance grants for the aged, the blind, and dependent children accounted for \$214,464,571 of the outlay. The balance of \$15,960,865 paid the cost of administering state unemployment compensation laws for 21,000,000 insured workers.

The needy and dependent supported by the grants now total 1,996,200, including 1,469,700 aged, 39,000 blind and 487,500 children.

The board estimated that combined federal, state and local contributions paid this group in October would aggregate \$34,156,000 the bulk of it going to old people.

An analysis of August payments, the last month for which complete reports are available, showed the average paid to each elderly person was \$18.45; to the blind, \$24.66 and to families having dependent children, \$30.74.

HOME SAVER RETIRES

WEYMOUTH, Eng. (P)—W. G. King, known as "the romance mender," has retired. While probation officer for south and west Dorset he is said to have brought about 3000 matrimonial reconciliations.

Setting off its simplicity are the bracelet and necklace of antique gold studded with many-colored stones.

College Youths Like Brunettes

BOSTON, Mass. (American Wire).—The old saying "gentlemen prefer blondes" doesn't apply to the freshmen class of Boston university's college of liberal arts, according to a poll just conducted. Brunettes are preferred by an overwhelming majority, although several declared they liked "anything good-looking." Freshmen girls showed preference for tall blondes.

Funeral of Mrs. Schlink Today

Last rites for Mrs. Ida N. Schlink, who died at her home, 116 South Broadway, yesterday morning, were to be conducted from the Smith and Tutill chapel at 3:30 p. m. today. The Rev. Walter S. Buchanan, pastor of the First Christian church, was to officiate.

Mrs. Schlink was a resident of Santa Ana for 29 years, coming here from Illinois, where she was born and educated. She was a member of the Royal Neighbors here and was active in the women's Bible class of the First Christian church.

She is survived by her husband, Henry L. Schlink; two brothers, John Cannon of Santa Ana and D. A. Cannon of Colo. Iowa; and four nephews.

# CLAIM BOARD AIDED SLAYER TO ESCAPE

## Social Security Is Attacked by Police

NEWARK, N. J. (AP) — A complaint charging the social security board had failed to cooperate with the police and as a result a man wanted in a slaying escaped was carried to J. Edgar Hoover, by Police Chief John F. Harris today.

The chief said police learned the name of social security number of the slayer of William Wright, 35, from his employers and went to the security board for his address. The local office of the board refused to give it out, he said, and a request to the Washington office brought no results.

Harris said the address was subsequently obtained from other sources but by that time the man had fled.

In his complaint, Harris said he could understand the records of the social security division "must in most cases be kept confidential, but it is not conceivable that farmers of the social security act intended that such agencies acting under it would hamper the work of police departments."

## Sweeps Winner Must Pay Tax Of \$64,960

WASHINGTON, (AP) — The winner of \$150,000 in the Irish sweepstakes might pay a federal tax of \$64,960.

This sum would be due the government provided the winner had no other income during the year and was entitled to only the \$1,000 personal income tax reduction.

If a \$150,000 winning ticket was held by two persons, they would pay \$20,010 in taxes each if they took only the personal deduction and had no other income.

## Million Dollar Firm Launched

A million-dollar corporation, the El Toro company of Los Angeles, had filed articles of incorporation with the county clerk's office here today.

The company, with offices in Los Angeles, is to deal in land and other property. Capital stock is 10,000 shares at \$100 par value. Directors are listed as Dorothy C. Worley and Bertha R. Vogel of Los Angeles and Helen Steele of Burbank.

## Pair Accused of Shooting Birds

SANTA BARBARA, (AP) — Randall P. Daniels and Harry Kelleher, Lompoc, were arrested yesterday under federal warrants issued through the United States district attorney's office, Los Angeles, charging violation of the migratory bird act. Both were released on \$500 bail.

They were charged with shooting non-game birds.

## 14 Held On Fake Wreck Charges

LOS ANGELES, (AP) — Four lawyers and 10 physicians, six of them negroes, have surrendered to face charges of complicity in a series of alleged fake accident insurance frauds. They were indicted by the county grand jury Tuesday. Eight others were expected to surrender today. All were to appear in Judge Charles Fricke's court next Monday to plead.

College libraries in New York state contain more than 6,000,000 volumes.

## TOWNSEND NEWS, VIEWS

By WALTER R. ROBB

"All hands on deck" for the big Townsend mass meeting being staged in Santa Ana Townsend hall at 7:30 tonight. Judge George D. Higgins of Los Angeles is the speaker, the Hurd-Yentz orchestra will furnish music and the Wackey family, entertainers, will furnish reasons for laughter. District Manager J. H. Walsh will preside. Come and bring your friends. Tables for a pot-luck dinner for those who want to indulge will be provided from 6 to 7:30. Light lunches will be on sale by the ladies for those wanting them.

Santa Ana Clubs Nos. 9, 10 and 11 are dismissing their meetings usually held Friday evenings so they can attend the mass meeting tonight.

The writer is indebted to Mrs. A. F. Hibbet, corresponding secretary of Tustin Club No. 1, for the following account of its last Monday night's meeting. She writes: "Tustin Townsend had a capacity crowd to dedicate the new room to the club's future use. Many visitors from Santa Ana, Orange and Costa Mesa clubs were present. Mrs. Roy Wilson led in poppy community singing and Mrs. Ferguson of Costa Mesa entertained with songs and readings. The club's youngest member, Joe Burke, gave two accordion solos, and Mr. Doughty of Tustin sang a solo. The talks were by Rev. C. F. Martin, who gave the welcome address and the dedicatory service, Grant Henderson of Santa Ana, who spoke briefly on the social and economic benefits that would be derived from the Townsend plan, and the Rev. T. W. Ringland, pastor of the United Brethren church of Whittier, who was the main speaker. He talked on the power of the Townsend people to correct social, economic and spiritual ills of the country. Mrs. Plattner, as the oldest, and Joe Burke, as the youngest member of the club, were given honor."

"The same big business interests who argued for a transactions tax some years ago now ridicule the Townsend Plan as impractical. Perhaps this is because they are reluctant to combine this rational taxation system with security for the masses." — Townsend Weekly, Oct. 18 issue.

## 'Ostrich' New Command For Highwaymen

LOS ANGELES, (AP) — Add "pull an ostrich" to the stick up's vernacular.

H. F. Linebaugh didn't know what it meant either when a robber commanded him to do so at his filling station.

"What do you mean?" asked Linebaugh.

"Bury your head in your arms," defined the robber.

Linebaugh did while the thief walked out with \$50.

## Riverbank Mayor Is Recalled

RIVERBANK, (AP) — A special election resulted in the recall of Mayor Otho M. Fleisher and City Councilman Charles B. Cronkite, a target of business men's attacks in a dispute over traffic regulation within the town. The election, held Tuesday, resulted in a vote of 133 to 37 against Mayor Fleisher; and, 126 to 40 against Cronkite.

The average enlisted strength of the United States navy is 88,000.

## MONTY'S MOVIE FAME FALTERS

HOLLYWOOD, (AP) — The future of John Montague in motion pictures and radio, seemingly destined for great heights after his acquittal in Elizabethtown, N. Y., Tuesday night of a seven-year-old robbery charge, reached a sudden and unexpected impasse today.

The character role Montague was to have enacted in Paramount's picture, "The Badge of Policeman O'Rourke," starring Monty's pal, Bing Crosby, probably will go to someone else.

The title role he was to have taken in another picture built around the legendary figure of the north woods country, Paul Bunyan, similarly has been crossed out by the studio.

## Decrease in Bible Sales Observed

LONDON, (American Wire) — Bible sales decreased in all western nations last year except Portugal, according to the annual report of the British and Foreign Bible society. Scripture is now available in 100 tongues. It has recently been translated into African languages, the report reveals.

## QUINN FACES SUIT ARREST

PROVIDENCE, R. I. (AP) — A warrant for the arrest of Governor Robert E. Quinn in a \$50,000 libel suit by Walter E. O'Hara remained in the pocket of Sheriff Thomas Barry of Kent county as Quinn insisted he could not be arrested as chief executive.

Meanwhile, on petition of State Public Utilities Commissioner Michael Deciantis, a "responsible representative" of O'Hara's Star-Tribune was summoned to appear before Superior Judge Charles A. Walsh to show cause why the paper should not be held in contempt of court.

Deciantis' petition was based, he said, on a paragraph in an extra edition of the paper which said Judge Walsh "was interviewed" and Deciantis "was politely urged to cool down in the interests of common decency and the same administration of justice."

## Crown Goes With Coat

Furtherest among the furs in international competition staged in New York City went this \$25,000 Siberian sable coat and its wearer, Miss Geraldine Novak, 21, crowned Fur Queen over 26 rivals representing as many nations. Consuls of each country cast a vote. Miss Novak claims her ancestors, as well as the sable's, came from Siberia.

## German Editor Banned By Nazis

BERLIN, (AP) — Theodor Wolff, former editor of the Berlin Tageblatt, is on a list of 67 Germans deprived of citizenship, published today by the official gazette.

Wilhelm Dittmann, former socialist in the Reichstag and one of the leaders of the revolution of 1918 after the armistice, also is named.

The Gazette reported confiscation of the property of the Theosophical society at Muenchen-Gladbach.

## Loveliness That Lasts a Lifetime

Household Arts by Alice Brooks

Filet Crochet Is Easy Needle-work

PATTERN 5834

It's more than a cloth... It's an heirloom! That's what your friends will say of this exquisite design, which you can make simply by joining 10-inch companion squares of filet crochet. Make a cloth, scarf or spread of everyday string. Use finer cotton for smaller squares, ideal for pillow top, tray cloth and other small accessories, so acceptable as Xmas gifts. The effect is equally good whether you use the companion squares together or repeat the same one throughout. In pattern 5834 you will find instructions and charts for making the squares shown and for joining them to make various articles; material requirements; illustration of the squares and of all articles used.

To obtain this pattern send 10 cents in stamps or coin (coin preferred) to The Santa Ana Journal, Household Arts Dept., 117 East Fifth Street, Santa Ana, Calif. Be sure to write plainly your name, address and pattern number.

# NEWS OF ORANGE COUNTY COMMUNITIES

## YACHT LEADER TO CONFER ON RACES

NEWPORT-BALBOA. — C. H. Pansing, operating regatta chairman for the California Yacht club, will visit Newport-Balboa on Wednesday to confer with Mayor Harry H. Williamson, and members of the city council and city officials in an effort to plan for the fifth annual Pacific Coast championship speedboat race.

It is planned with the consent of the city council to hold this big race on the county channel on Newport Harbor Sunday, Nov. 7, at 2 o'clock. In the morning of the same day mile trials will be held over the same course. Officials of the Newport Harbor Yacht club have been asked by their commodore, W. A. Bartholomae, jr., to assist, with City Engineer R. L. Patterson and Harbormaster Thomas E. Boucher in marking and guarding the course and laying it out on the measured distances which are required for this official speed test.

Speedboat enthusiasts are expected to come from as far away as Seattle as well as from San Francisco, Oakland, Stockton, Berkeley, Reno and San Diego, as well as from Newport Harbor.

Pansing will attend the luncheon of the Newport Harbor service club and meet with city officials and others following the meeting. Arrangements for the conference were made by Secretary Harry Welsh of the Newport Harbor chamber of commerce.

## Lida Mitchell's Betrothal Told

GARDEN GROVE. — Announcement that Miss Lida Mitchell, daughter of Supervisor and Mrs. John C. Mitchell will become the bride of Elbert L. Smith, son of Mr. and Mrs. H. B. Smith of Anaheim on Thanksgiving day was made to a group of friends at a Halloween party Wednesday evening.

Court whist was played, with Miss Gladys Cockerham winning the award for high score and Miss Frances Hammon the consolation prize.

Other guests were Juanita Dungan, Dorothy Knapp, Beatrice Dolf, Phyllis Shreeves, Myra Lake, Mary Dolf, Ruby Aabel, Madelyn Short and Roxanna Dale, Los Angeles; Mesdames Dorothy Gedney, Marguerite Mitchell, Dorothy Lake, Frances Mitchell and Fern Clemmons of San Diego.

## Clemente Garden Section Meets

SAN CLEMENTE. — The garden section of the Woman's club met at the home of Miss Emma Ochsen on Avenida Pelayo Tuesday afternoon, with Mrs. Harry Hulbert and Mrs. Geoffrey Hamilton as assistant hostesses.

Arrangements were completed for the section to conduct a booth at the P.-T. A. bazaar in the elementary school building Dec. 3 and each member was requested to bring a potted plant to be sold at that time.

After the meeting members drove to Laguna Beach where several private gardens were visited. The meeting was in charge of the president, Mrs. Guy Bartlett.

## Samoa Topic for San Juan Group

SAN JUAN CAPISTRANO. — The October meeting of the Men's Brotherhood was held in the Community church Tuesday evening with Thomas Livingston Kilpatrick speaking on "Samoa Today."

He told of conditions and customs of that island under present conditions as compared with those of a few years ago. Vocal music was furnished by the quartet of Rogers Chappel of San Diego and also by Geoffrey Hamilton of San Clemente.

The next meeting will be a combined Thanksgiving and Christmas program and will be held Nov. 3. There will be no meeting in December.

SAN CLEMENTE. — Sixty members and friends of the Woman's club gathered at the Social clubhouse Monday evening for a card party sponsored by a committee composed of Mrs. Ed Bartlett, Mrs. Frank Parsons, Mrs. Monroe Thurman, Mrs. Catherine Lewis, Mrs. W. H. Stute, Mrs. R. Silea, Miss Emma Ochsen and Miss Eunice Tempin.

Bridge, 500 and dominoes were played and prizes were awarded: contract bridge, R. Haight and Mrs. S. M. Clark; auction bridge, Herbert Boudey and Mrs. Ed Bartlett; 500, John Shoemaker and Mrs. Lester Abel; dominoes, Joel Kramer and Miss Jean Racy.

CLUB SECTION MEETS. — SAN JUAN CAPISTRANO. — The bridge section of the Woman's club met at the home of Mrs. Robert L. Callis Tuesday afternoon with the president, Mrs. F. E. Jinnett, in charge of the meeting. The prize of the day was awarded to Mrs. E. H. Goepfer for her high score. The November meeting of the section will be held at the home of Mrs. H. S. Barnes on Del Obispo Ave.

## Early Winter Hits Rocky Mountains

Drivers play peek-a-boo, getting their first glimpse of winter in Denver through snow-covered windshields as the first storm of autumn hit the mile high city. This pretty miss is giving the windshield wiper a hand after it stalled under the load of big, wet flakes. In other widely separated cities the first blanket of white appeared. What was in some states a record snow for the season later turned into heavy rains.

## WELFARE GROUP HAS MEETING

COSTA MESA. — The General Welfare League, post No. 14, met Wednesday night at Green's hall, the meeting opening with a pot-luck dinner. During the business session it was reported that the post now numbers 109 members including some of the leading businessmen and civic workers of the community.

Mrs. O. O. Bland was appointed chairman of a calling committee and Mrs. Fred Wirtz hostess for the pot-luck dinners, which will be held once monthly.

The main speaker, President Kendall of the Santa Ana post, stated that the local club's success was nothing short of phenomenal and that he believed the Costa Mesa unit was the most active and progressive club in Orange county.

Following the business meeting Mrs. A. Long sang three numbers, accompanied by Mrs. A. Pinkley. Community singing was enjoyed with Mrs. J. C. Limbert accompanying and several comic Halloween readings were given by Mrs. Frank Parsons, Mrs. H. Carlisle, O. S. Haynes and Fred Wirtz. A ghost pantomime was staged under the direction of Mrs. O. S. Haynes and the evening concluded with games for which Mrs. J. C. Limbert's team was awarded the prize.

The hall was decorated in Halloween style by the chairman, Mrs. Frank Parsons and Mrs. Limbert.

## PARTY FETES SCHOOL GROUP

WESTMINSTER. — Mrs. Philip Black, Miss Katherine Jones and Miss Virginia Goble entertained faculty members of the Hoover and Westminster schools and their husbands and wives at the school trustees and their wives at a Halloween party Tuesday night at the home of August Elliste, near Anaheim.

Music furnished by an old fashioned steam callopie added a festive air to the occasion which included dancing, games and stunts. Enjoying the evening were Mr. and Mrs. S. E. Davies, Mr. and Mrs. P. A. Lawrence, Mr. and Mrs. Everett Hylton, Mr. and Mrs. Rose, Mr. and Mrs. Orion Bebermeyer, Mr. and Mrs. Francis Dell, Mr. and Mrs. M. S. Harder, Paul Beatty, Mr. and Mrs. Bruce Palmer, Mr. and Mrs. William Vall, Mrs. Aetha Ryckman, Mr. and Mrs. Fred Cook, Mr. and Mrs. Sam Micelli, Mrs. Ethel Paulk, and Helen McCoy.

Schnitter leading the devotions, was assisted by other members. Meetings to work on comforts were planned for three days next week and will be held at various homes. Mrs. H. A. Lake conducted the business session. Other members here were Mesdames C. N. Franks, W. W. Perkins, jr., S. C. Oertly, E. M. Dozier, J. O. Arkley, F. A. Monroe, J. L. Mitchell, J. M. Chilson, C. Scamp, and E. Schneider.

## Claim Laguna Engineer Was Fired, Then Re-Instated

LAGUNA BEACH. — Councilman Charles Jester told councilmen Wednesday that the "wool had been pulled over his eyes" at the Aug. 11 council meeting, relative to the "firing" of City Engineer A. J. Stead.

Action at the regular meeting—off the city records—broached by Jester, fired Stead and called for notification of vacancy of office, Jester claimed. After the council meeting, Jester was called out of bed to okay a rescinding of the action which merely waived a 90-day termination of contract notification clause in Stead's contract, he said.

Councilman Thomas Cummings asked if there was any record that Stead had been fired. "It was taken out of the minutes," Jester claimed, stating that Councilman Randolph Bainbridge had seconded his motion to oust Stead from office on Aug. 11, and then had wholeheartedly approved Stead at the next council meeting. Discussion between councilmen became so high that the meeting was adjourned and held in committee. "We don't need to fire Stead," Bainbridge insisted, and talked enthusiastically of improving the engineering department in the near future.

The city council approved the county flood control project by allowing an easement for channel construction at the city's eastern limits. The flood control district will have to construct a bridge over a road leading to the city's sewage disposal plant, however, since plans call for the \$49,000 proposed storm drain to cut right through the road.

City Attorney Milburn G. Harvery's suggestions for an amended slot-machine ordinance to avert suits against the city were carried out last night. Now it is made clear that business men operating their own vending machines in their own place of business—provided it is legally licensed—are not required to pay \$2 or 10 yearly fees per machine, depending on what sort of slot machine is in operation.

LAGUNA BEACH. — "The Silver Thread," the next offering of the high school dramatic group, will be given Nov. 18, Miss Alberta Patterson, director, announced today.

The plot is based on the story of a miner lad who overheard goblins plotting to kidnap the princess of the people above earth, called "sunlit people." Unusual staging effects will be necessary to give cave and secret passage effects. Included in the cast are Dale Seeman, Marvel Baggs, Polly

## DOGS KILL 21 PRIZE TURKEYS

COSTA MESA. — Loss of 21 large turkeys by what was apparently a roving pack of dogs, has been reported to Constable William Ponting by Mrs. A. A. Craig, of Del Mar avenue.

When the damage was discovered, the wire netting of the enclosure was found to be ripped as though by powerful animals and the 21 birds were lying about the pen, mangled and some partly eaten.

The turkeys were being kept for breeding stock and were valued at about \$10 each.

ATTENDS MEETING. — GARDEN GROVE. — J. W. Crill, Associated Chamber president, is attending the annual meeting of the State Chamber of Commerce being held at the Biltmore hotel in Los Angeles, today and tomorrow (Friday and Saturday).

LAGUNA BEACH. — Mrs. Leslie Kimmell, book critic for local newspapers, will be heard over KVOE every Tuesday and Thursday afternoon at 4 o'clock, starting next week.

Mrs. Kimmell will review latest best sellers and talk on literary subjects.

## PORT, MESA LIONS PLAN JOINT CLUB

COSTA MESA. — One of the largest groups of new members to be received in the local Lions club in recent years were inducted Tuesday by Dr. C. G. Huston, the new members being Judge D. J. Dodge, Wallace Stafford, Al Hehn, Lew Nelson, Robert Boyd, E. B. Whitson, J. G. Gant, R. R. Hodgekinson, Harry Williamson, C. F. Watts, J. A. Beek, P. A. Palmer and John Sadlier.

Albert Dudek, program chairman, presented C. E. Lush, of Orange, who spoke on bee culture and honey production.

Application has been made for a new charter for the Costa Mesa-Newport Harbor Lions club, to enable those now joining to become charter members of the club under the newly adopted name. Plans were made for a special charter night meeting Nov. 23, when Lions and their ladies will gather for festivities. The program committee for that night will be A. L. Pinkley, Walter Spicer, Gordon B. Findlay, John Sadlier and Dick Whitson.

A project committee under the chairmanship of Sam Crawford, was appointed by president Morris Crawley, the other members to be Lew Vallada, Eddie Moore and Dr. Ralph Hoard.

Visitors included L. E. McCoy, Pierre, So. Dak., and John Siegal, Newport Beach.

## CANDIDA OPENS IN LAGUNA

LAGUNA BEACH. — Bernard Shaw's play of the mauve decade, "Candida," opens tonight at the Community playhouse and will also be shown tomorrow under the direction of Frank Seward.

A satire on late nineteenth century life, the play was one of the first to make Shaw famous. Sallie Amour is in the title role, while the part of her husband, the Rev. James Morell, is played by John Evans.

The director himself is in the most satirical role, that of Eugene Marchbanks, a young poet. Betty Shope plays Prosperine Garnett, Morell's secretary, while William Biddell appears in the dress of a cockney accent as Mr. Burgess, Candida's father. Paul Taylor plays Alexander Mill.

## SCOUT COURT SET TONIGHT

COSTA MESA. — The fourth quarterly meeting of the community Scout council will open with a pot-luck dinner, to be held in the Social hall of the church, this evening. The meat course, which has been donated by the Lions club, will be prepared and served by the American Legion auxiliary.

"Following dinner, a program will be presented in the nearby elementary school auditorium all service organizations of Costa Mesa participating in the affair. Of special interest to parents and Boy Scouts will be the Scout Court of Honor, at which time merit badges and awards will be presented.

## Exchange Has Hallowe'en Fete

COSTA MESA. — A "hard-times" Hallowe'en party was given this week at the home of Mrs. Litty Beaudette for members of the Costa Mesa Cooperative exchange. The house was decorated in Hallowe'en style and all guests were supplied with paper hats, horns and confetti.

In the latter part of the evening "500" was played, the younger people going on a "scavenger hunt." After the games refreshments of fruit salad, pie and coffee were served.

Present were Messrs. and Mesdames Frank Swanson, Fred Beck, K. C. Brown, Harry Heuret, Jay Sterns, Cal Hall, Joe Rapier, Frank Snook, O. Sneve; Mesdames Mae Buckland, Bessie Shaffer, Vernon Matthews, Litty Beaudette.

Messrs. Norman Shaw, Bob Theuret, Merritt Hall, Billy Theuret, Wayne Brown, Paul Shafer, Glenn Snook, "Junior" Buckland and Bud Theuret and Mesdames Dorothy Jean Sterns, Grace Buckland, Evelyn Sneve, Bernice Brown, Verla Hall, Juanita Theuret, Naine Matthews and Celia Beaudette.

## News About El Toro Folks

Earl Leroy Williamson of Garden Grove and Miss Pearl Margaret Straw, daughter of Mr. and Mrs. G. W. Straw, were married at her parents' beautiful mountain home in Trabuco canyon a few miles above El Toro, Tuesday, October 26.

It was all very romantic, the wedding taking place out under a great spreading live oak tree from which could be viewed the mountains, the valley and the ocean for many miles around.

Margaret grew up in this lovely spot, as also her father, from a tiny child, in Live Oak canyon nearby.

The attended and graduated from the Tustin Union High school with the 1936 and '37 class last June.

We are very glad to learn that Harold Stevens is recovering rapidly from the injuries he received in an airplane crash at Santa Susana, Oct. 20 last. And that, he was not hurt near as badly as was at first thought.

Harold lived with his parents, Mr. and Mrs. Milo B. Stevens, on a ranch near El Toro when a boy, and later moved to San Juan Capistrano, where his parents still make their home.

The El Toro Woman's Club will be entertained by Mrs. L. F. Moulton and Mrs. L. Hemenway in Mrs. Moulton's home Wednesday, Nov. 3 at 2 p. m. All members are requested to be present at this very important meeting.

Little Bennie Ustariz fell from a tree in the school yard last week, but after remaining home for a few days has returned to school almost as good as new.

Mr. and Mrs. Marcel Burgard and two small daughters have moved into the cute little cottage they just completed on their five acres southeast of her mother, Mrs. Glass.

## CCC WORKERS OPEN PARK PROJECT

SAN CLEMENTE. — A small army of CCC boys is now at work in the state park here, bringing to completion projects laid out two years ago which will make the park a center of attraction for pleasure seekers all over the county.

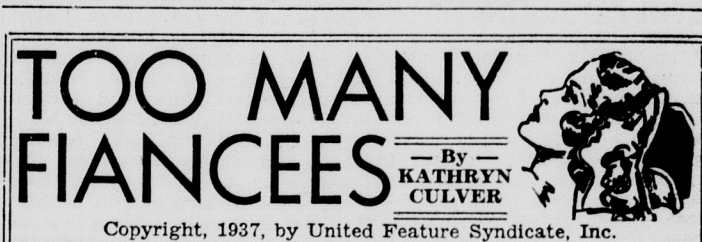

A total of 176 boys are now at work under the direction of Ernest F. Carlander, project superintendent, who also directs work in the state park at Doheny Park. The camp is under the direction of Lieut. Ernest E. Smith, U. S. A.

Projects on which work is being performed include construction of a public camp ground, a large parking area, erosion control and planting of a large number of trees and shrubs. The present set-up calls for a stay of six months which may later be extended, according to Supt. Carlander.

## NEW G. G. CLUB FETES MEMBERS

GARDEN GROVE. — Entertaining 50 guests with a costume party was the first successful social venture of the recently organized '37 club, whose membership is made up primarily of a group of last June's graduates of the Garden Grove High school. The party was held at Weber's bakery in Santa Ana. Avis Forry as general chairman of the party was assisted by Betty Allum as decorating chairman.

Games, arranged by Helen Meyer, included various old and new Hallowe'en features. Prizes were taken by Betty Allum and Dick McCullough.

"That's what I say—what good will all this nonsense do a cowboy."

Guy Garrison, playboy wintering in Miami, is in a fix. His millionaire Uncle Sherman, upon whose bounty he is dependent, has been so insistent upon his getting married that he finally sent the old man a purchased photo of Joan Wilton, night-club singer, saying he was engaged to her. Meanwhile, he has actually become engaged to Mabel Lane. Now Uncle Sherman is on his way to Miami on his yacht to take Guy and Joan on a cruise. Guy, fearing his uncle's reaction if he should spring a new fiancée on him, offers to pay Joan to go on the cruise as his "fiancee" and to do her best to amuseize Uncle Sherman, while Mabel is playing up to him, so that he will order Guy to jilt Joan in favor of Mabel, Joan agrees. But Ned, Acton, young skipper of a fishing vessel, who loves Joan, jealously objects. They quarrel.

"You look very lovely," he told her. She smiled wanly, and glanced at his cheek questioning. He caught the meaning of her glance, and laughed. "No scars of combat. But your young man does pack a terrific wallop."

He drew her arm through his and led her toward the door. "I'm afraid he isn't my young man anymore," Joan said unhappily. "So?" He shot her a keen glance as he guided her down the walk to a limousine in which Mabel was waiting for them. "I thought knocking me down might have relieved his temper."

"He apologized for that," Joan said, "but he didn't change his mind about not wanting me to go." "I'm sorry," Guy told her, as he opened the rear door of the car and assisted her in. "What?" Mabel asked, "are you sorry about?"

"That Miss Wilton's young man couldn't see his way clear to agreeing to let her go."

"Oh, that!" Mabel made a contemptuous gesture that effectively drove away with Ned Acton. Her voice changed to a smooth purr as she went on, "You'd better get rid of that Miss Wilton stuff, darling. After all, you two are supposed to be engaged."

"And you'd better get rid of the darling stuff," Guy growled. "After all, you and I aren't supposed to be engaged."

"We're all going to have to watch our tongues," she admitted. "This going to be a crazy cruise. Don't you dare make impassioned love to Joan where I can see you. Guy, I'll leave some marks on your face that will show for days afterward if you do."

Guy laughed uneasily. "It won't be too impassioned," he promised. "Just enough to fool Uncle Sherman in the beginning."

THEY were silent on the drive to the dock where the Nirvana was moored. As they drew up alongside the yacht, Joan's eyes glistened with admiration. The thought came to her that Ned would fall in love with the Nirvana if he could see her. She knew little about boats, but he had taught her the principal points of beauty to look for in any vessel, and here was a true aristocrat!

She sternly put away thoughts of Ned as they got out and moved toward the gangplank. A little group was clustered at the rail above to greet them. Joan clung tightly to Guy's arm and stole herself for the ordeal ahead of her as they went up the gangplank. Mabel in the rear.

She had a confused impression of many faces confronting her as they reached the deck. Then Guy was shaking hands with a shrunken little old man whose bald head gleamed in the afternoon sunlight. A girl and a young man stood slightly to one side.

Then Guy, with his arm about her waist, was pressing her forward. Her fingers were clamped between cold fingers. Shaggy brows were lifted above gleaming eyes which seemed to look through and through her.

A voice purred, "So this is Joan? Kiss me, young lady."

# MAY ERECT HOUSES FOR INDIGENTS

## L. A. County Plan to House Wanderers

LOS ANGELES. (AP)—A county committee recommended today the erection of 100 homes, with WPA grant of 60 per cent of the cost, to house indigents whose rent is now being paid by the county charities department.

The houses, for single families, would be located on lots and lands now owned in fee by the county. Cost of each unit was estimated at \$2,995. Average current rental allowance to 4846 families is \$11.51.

Registering his opposition to the plan, in advance of its consideration by the board of a whole, Supervisor Leland M. Ford of Santa Monica said:

"I do not believe it is fair to the taxpayers of Los Angeles county to provide homes for indigents to live in which are new and far better than the homes of thousands of taxpayers who are footing the bill.

"I do not believe that the indigent problem should be continued as a permanent one in the county and the country at large.

# Nebraska Captain Has Eight, May Earn 12 Letters

LINCOLN, Neb. (AP)—Hugh Elmer Dohrmann, who will captain Nebraska's Cornhuskers in the football fray against Indiana here Saturday, is a man of letters, eight to be exact, with more on the way.

The big end, six feet and five inches tall, is one of the most lettered men in University of Nebraska athletic history.

He was the only sophomore in the school's history to win four major "N" awards—in football, basketball, basketball and track. He won the same awards again as a junior and if all goes well he'll have four more this year.

And if he does it, his home town backers, from Staplehurst, Neb. (Pop. 253) are ready to put the dozen letter record up against anything in the U. S. A.

In basketball, Dohrmann is mostly a center, but plays both guard and forward. He's a javelin tosser on the track squad. His best heave was 179 feet 2 1/2 inches last spring. In baseball he plays centerfield.

# Two Cars Looted By Thieves

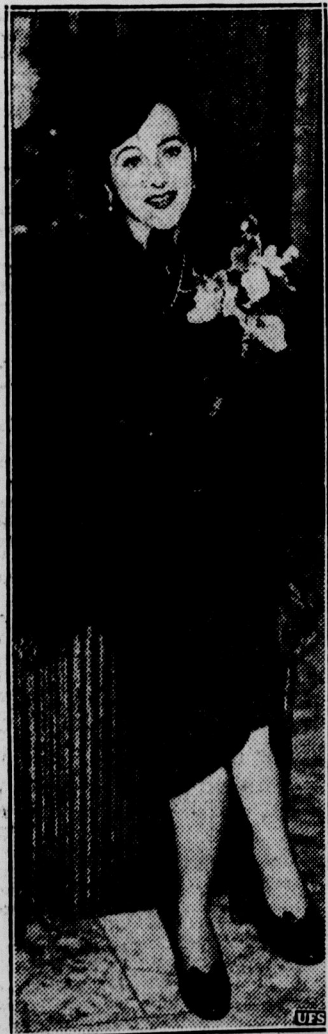

Thieves broke into two cars in widely separated parts of Santa Ana last night, stealing a \$3.50 camera from one and \$59.50 worth of tools and air blast horns from the other.

Curtis C. Horn, 319 East Wilhelmina street, Anaheim, reported the window of his car had been broken and a camera stolen when it was parked on East Second street, and T. A. Hardy, 1025 East St. Andrews street, said his car had been entered by the same means and a tool box and air horns taken. It was parked at St. Andrews and Orange avenues.

# M'INTOSH HAS MEAT SALE

Fancy quality meats of every cut and kind were selling cheaper at the McIntosh Meat market, in the Empire market, Second and Broadway, today as Ray McIntosh, proprietor, announced drastic reductions in retail meat prices.

Prices have been slashed at the McIntosh Meat market, in the Empire market, on all cuts of beef, pork, lamb, and on poultry and rabbits, it was announced.

"We want our thousands of customers to benefit by these lower meat prices," McIntosh said, "and savings up to 30 per cent may be had by thrifty purchasers who visit the Empire meat market. We also want to assure our customers that in making these drastic price reductions we are not lowering the quality of our fine meats. We will continue to sell only the finest meats obtainable, meats that are full of flavor and are tender and sweet."

Specials also now are obtainable at the popular McIntosh delicatessen, also in the big Empire market building. This delicatessen offers the discriminating buyers the best merchandise obtainable, including fancy imported items and popular domestic foods. Cheese of all flavors and brands, pickles, relish, salads, fancy fish, olives, etc., now are offered to shoppers who appreciate the best foods, but who still want those best foods at the lowest prices possible, McIntosh said.

# RETAIL SALES SHOW INCREASE

NEW YORK. (AP)—Retail distribution provided the brightest spot in trade movements this week, Dun & Bradstreet said today in the weekly review of business.

"While gains lacked uniformity," the agency said, "improvement was less scattered and more items fell within the line of demand."

"Reorders to balance fall inventories sustained wholesale volume, with holiday commitments encouraged by prospects of larger payments to Christmas club depositors than a year ago."

"Industrial progress was likewise, the rise in automobile and seasonal goods operations failing to counterbalance the dip in steel, metal products, and some of the textile divisions."

The agency estimated retail sales for the country as a whole at from 2 to 5 per cent ahead of the previous week and from 5 to 15 per cent better than the comparable week in 1936. Part of the enlarged turnover was attributed to promotions which featured price reductions.

# MISS BRANDO WINS LAURELS

ODDS  
and  
ENDS

By  
PAUL  
WRIGHT

Keenly felt has been the presence of Santa Ana and Pomona in high school and junior college football this season.

It's rather unusual—what with so many other good teams in the fold—that these two cities should be setting the pace in both the Eastern J. C. conference and the Citrus Belt league.

Tonight, with upwards of 4500 fans cheering them on, Santa Ana and Pomona meet in their "titanic" at Pomona. It promises to be one of the most entertaining jaycee conflicts of the season. This department is picking Santa Ana to win by a touchdown margin, either 6-0 or 13-6.

Inability of the injured Mac Beall, field general, to go four quarters may tell upon the Dons, who already have struggled through two weeks without their brilliant blocking halfback, Co-Capt. Ed Stanley. . . Both of these boys may see action tonight, but neither will be up to par. . . Santa Ana may suffer.

Pomona observers believe Bud Gray, diminutive halfback, would be as great a running back as all-conference Johnny Casey provided Casey blocked as well as Gray. . . Casey's punting thus far has been sensational. . . He boots 'em left-footed and they're hard to catch. Most of them dropping to one side or the other of the tailback. . . Gray is dynamite in an open field, where he is shifty but not particularly fast. . . Signals are called in the huddle by Willie Reynolds, veteran end who has been doing a much better job than the backs.

"If I were to size up Pomona's principal assets in aiming for victory over Santa Ana tonight," observes Dave Melkajohn of Pomona, "I would say Casey's punting, Gray's passing, and the hawking of Pomona's ends Reynolds and Morris and the tackles, Rex Whitmore and Ken Daniels. They're on the ball all the time, and every effort to gain consistently around ends has been futile for opposing foes. It will take a fast-charging line to outplay Pomona's line, offensively, and that's where Santa Ana is likely to have the jump."

Three regulars on Tustin's Southern California prep basketball championship team also are first-stringers for the Tillers in football—Vic Linker, end; Larry Monroy and Walt Linker, backs; Millard Foster, another basketball star, also was a regular quarterback until he injured a knee.

Tom Denney, Stars' nightball veteran who coaches football at Roosevelt High school in Los Angeles, has a unique aggregation. The Rough Riders, who are leading their division, are represented by an Armenian three Russians, two Jews, two Japanese one Mexican and two Italians.

California is a 15-1 choice to win in some quarters, and upwards of 20 points are being offered on "Stub's" Golden Bears over U. C. L. A. at Memorial Coliseum tomorrow afternoon. . . Nevertheless, a crowd of 60,000 is anticipated. . . U. C. L. A. always has given the Berkeley Bears a scare, and there is the possibility the Bruins will make it interesting again.

Between November, 1933, and December, 1936, nearly \$316,000 in federal government funds was spent for the construction and improvement of recreation areas in the various states.

## Expect Bears to Win Handily Over Bruins

### BEAVERS ARE THREATS TO STANFORD

California-U. C. L. A.  
Tilt Lures Upwards of  
50,000 Tomorrow

(The California-U. C. L. A. game will go on the air over KVOE (Mutual) at 2 p. m., and over KFI (National) at 2:15 p. m. tomorrow.)

SAN FRANCISCO. (AP)—It's expected to be just another breeze for powerful California over U. C. L. A. in Los Angeles tomorrow afternoon, but Stanford and Oregon State will battle to remain in the running for Pacific Coast conference football honors.

California Bears, with an unblemished record and all eyes on a Rose Bowl invitation, were overwhelming favorites over the twice-beaten and one-tied Bruins.

Stanford, in second place behind California and coming up fast after a single early-season loss to Oregon, will meet Oregon State at Palo Alto on about even terms. The Beavers have lost only to California, a fate which has befallen two other conference teams.

Southern California's Trojans, whose aspirations were jarred soundly by California last Saturday, will face the Washington State Cougars at Pullman in another evenly matched affair. The Cougar record of one win, a loss and a tie is slightly better than two-beaten U. C. S.

Washington will face a stubborn Idaho team at Seattle in a non-conference game which was considered no pushover for the Huskies. Idaho lost by a scant 6-to-0 count to St. Mary's last Friday.

St. Mary's will be top-heavy favorite over Amos Alonzo Stagg's College of the Pacific team at Stockton, and University of Nevada will take on the California Aggies at Reno.

Loyola and University of San Francisco will meet on about even terms at Los Angeles Sunday.

**BRUINS IN MENTAL RETREAT AT BEACH**  
LOS ANGELES. (AP)—Far away from the crowd of "homecoming week" enthusiasts, the U. C. L. A. Bruins spent today in "mental retreat" at a Santa Monica Beach hotel as handlers sought to improve their morale for the big game with California.

The grid staff frankly declared that the Bruins, with nothing to lose and everything to gain by a victory over the Bears, apparently were unworried over the contest in any manner.

Coach Bill Spaulding planned a light practice drill on the hotel lawn or thereabouts, and that was all. The squad's physical condition seems good. It's the mental side that has Bruin backers worried.

Meanwhile, ticket sales indicate a crowd of 50,000 or more—probably more, since the Cal-U. C. L. A. game is the feature of the "homecoming" celebration.

## No Big Money in Tournament Golf, Montague Is Warned

LOS ANGELES. (AP)—Olin Dutra, the former National Open champion, paused in his golf instruction chores at the elite Wilshire Country club today to offer a word of advice to his friend John Montague on the subject of making money out of the game.

Purely in the interest of golf science, the big, bronzed golfing caballero whose years in the links were many, would like to see what the Hollywood mystery man can do in competition. But he warns Montague the big money isn't to be had.

"There is no big money in tournament golf," warned Dutra, who played many rounds with Hollywood's strong, silent man before he gained national prominence as a links wizard.

"But it would be mighty interesting to see how Monty fared in tournament play. Certainly that would be the acid test because the professional field is very fast these days."

## Jack Gibbons and Rac Actis Tangle

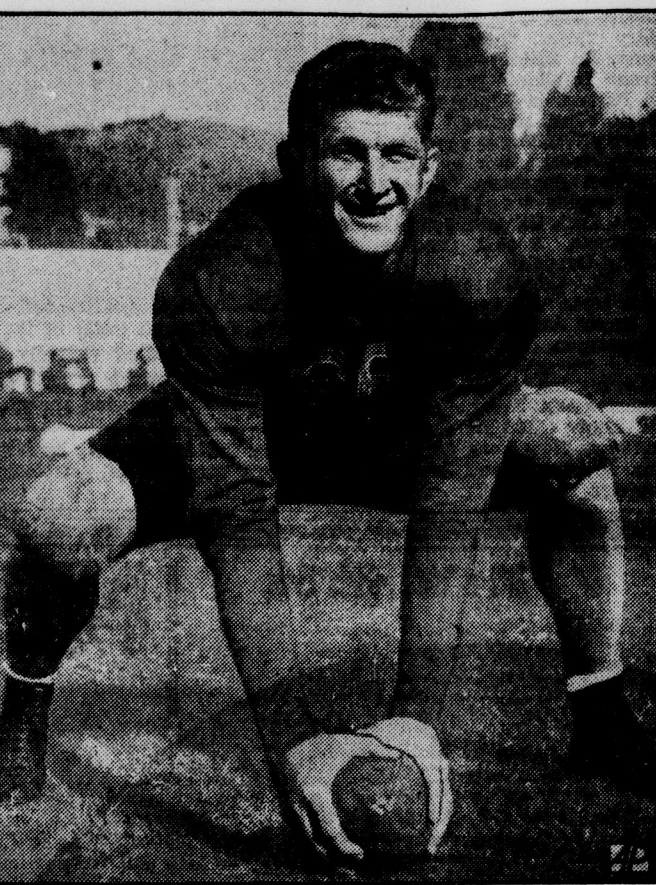

SAN FRANCISCO. (AP)—Jack Gibbons of St. Paul, Minn., youngest member of a veteran fighting family, will climb into the ring as a short ender in the betting tonight in a 10-round bout with Ray Actis, San Francisco light-heavyweight.

It will be the first appearance here for Gibbons, son of Mike Gibbons. His uncle, Tom Gibbons, who stayed 15 rounds with Jack Dempsey in 1923, will be his second.

Lord Macaulay wrote an essay to demolish a book which he found had gone into 12 editions, yet lacked merit, and promised the same treatment to similar frauds on the public.

The fastest mile in horse race records is Equipoise's one minute 2-5 seconds, raced at Arlington Park, Ill., in 1932 under 128 pounds.

## Two Reasons Why Bears Are Favored Over Bruins

California's Golden Bears, continuing their march to the Rose Bowl, tackle U. C. L. A.'s Bruins in Los Angeles tomorrow afternoon. Two reasons why the Bears will be overwhelming favorites are Bob Herwig (left), leading candidate for all-America center; and in the backfield (right), Victor Bottari, 184-pound letterman who can hug the ball as well as he throws it.

## BARRIS' SHOT WINS 28-26 FOR BROTHERS

FLIPPING in a basket, with only five seconds of play left in the game, Forward Barris of the Church of the Brethren quintet paced his team to their first win in the Y. M. C. A. basketball league last night over Montgomery Ward's five, 28-26.

Destined to be defeated by the favored Ward team after they were trailing, 20-6, at half time, the churchmen, boosted by Barris, who personally accounted for 13 points in the last periods, caught up with Walt Jordan's gang, and Barris' field goal after the score had been tied put the clincher on the tilt.

Clarence Pargue bucketed five field goals to lead Ward's. Tight guarding by Ellsworth Teter and Baker kept their opponents' sharp-shooting acts to but three goals in the final half.

## Cougars Send Soph Threat Against S. C.

PULLMAN, Wash. (AP)—With his hopes for victory planned largely to the shirt of shift Paul Callow, sophomore halfback, Coach Orin Hollingberry prepared to "tap out" his cougars today for their game with the Southern California Trojans tomorrow.

A brief limbering up scrimmage and a skull drill of Trojan plays will constitute the workout.

During the week, Hollingberry has given almost his entire attention to Callow, who will play most of the game in Eddie Bayne's left half position.

Callow is built like, and plays like, the great Butch Meeker of former years. Meeker was a sophomore in 1925 when he led the Cougars to a 17-12 victory over the Trojans. Hollingberry thinks his newest "find" might duplicate the feat.

## Karl Young First In 75-Lap Midget Race at Gilmore

LOS ANGELES. (AP)—Karl Young clung to an early lead through 75 laps last night to win Gilmore Speedway's feature event for midget racers.

His time for the distance, slightly more than 18 miles, was 20 minutes 15.11 seconds.

Forty yards back as runner-up was Ronnie Householder. Lou Schneider finished third and Roy Rusing fourth.

Flat tires ruined the chances of Shorty Sorenson, Harry McQuinn and Sam Hanks, although all got back in the race.

Anglers' licenses were purchased by 5,832,448 persons in the United States during 1935-36, setting an all-time high. These fishermen spent \$8,002,000 for licenses.

## MINNESOTA, NOTRE DAME RATED EVEN IN CLASSIC TOMORROW

NEW YORK. (AP)—All is chaos on the Western front. The sector that produces football's fanciest didoes has an 11-star show on tap for Saturday, a schedule that tops the program for any other section of the nation.

The Big Ten is out in force but what catches the eye is the long awaited clash between Minnesota and Notre Dame at Minneapolis.

Despite tarnished records of the rivals this is still one of the year's biggest scraps.

Minnesota couldn't beat the Irish a decade ago in the heyday of Herb Josting and Bronko Nagurski. The Gophers hope to do better tomorrow against an Irish team that has been good and bad by turns.

Notre Dame's greatest asset seems to be the old time fighting spirit so carefully nursed by Rockne. It flared brightly against Navy last week and may overcome the Gophers' slight edge in manpower and technique.

Not quite as loud but just as sharp will be the firing at Champaign, where Michigan and Illinois come together to celebrate Bob Zupke's 25th birthday as the Illini leader.

Wisconsin and Northwestern and Purdue and Iowa are two other potent pairings and the Big Ten has only begun to fire.

Ohio State, boasting one of the

## SAINT SOPHS WIN 7-6 AT RIVERSIDE

Santa Ana high school's sophomore gridgers eked out a 7-6 victory over Riverside's Bears at Riverside yesterday. It was their third straight win in the Citrus Belt league.

Santa Ana drew first blood in the opening quarter. The Saints, taking the ball on their own 23, could advance it only to the 28, but when Ralph Barnes punted, Riverside fumbled and Bill Brown recovered for Santa Ana on the Riverside 34.

Bill Hull swept around end to the 30, and a pass from Ralph Barnes to Ross Barnes placed the ball on the 15 for a first down. A reverse to Bobbie Musick netted two yards. Hull then stepped back to pass to Ralph Barnes for the touchdown. Musick's kick for the extra point was good, 7-0.

Riverside completely dominated the second half, scoring in the third quarter on a reverse that bewildered the Saints' second team. Riverside reached Santa Ana's 23 and 24-yard lines in two aerial drives following its touchdown.

One of the most spectacular plays was Ralph Barnes' punt of a badly centered ball from his own 20 to the Riverside 10.

Cocaine meets Cal-Tech in a non-conference battle tomorrow in Pasadena's famed Rose bowl. It will be the 26th annual game between the two, and like the previous games, comparative scores mean nothing.

San Diego State, one of the five teams in the nation boasting an unbeaten, untied and unscored-upon record, leads the conference, trailed by Santa Barbara, which played a tie with Occidental.

Michigan State, coming out of a scoring famine, meets Kansas. Two unbeaten entries lock horns at Detroit where the Titans entertain Villanova. Iowa State and Missouri and Kansas State and Oklahoma finish off 11 pairings which promise action enough to satisfy the most critical.

## ARMSTRONG IS 3-1 CHOICE OVER SARRON

Ace Featherweights  
In Title Match at  
N. Y. Garden Tonight

By SID FEDER  
NEW YORK. (AP)—Henry Armstrong and Pete Sarron, a couple of battling buzz-saws, pop out of Mike Jacobs' hat (where boxing's new czar carries all his business) and tangle for 15 rounds in Madison Square Garden tonight to settle the featherweight title mess.

The meeting of the irresistible force in Armstrong's knockout wallop and the immovable defense of the boxer from "Bama" who has never been felled marks Jacobs' first venture as boss of the house that Tex built, and should iron out the current complicated situation that has three titleholders at the head of the 126-pound parade.

The National Boxing association and the states it controls recognize Sarron, the Syrian from Birmingham, as the kingpin of the featherweights. In California, it's Armstrong, and in other parts, particularly New York, Mike Bellosse gets the call. Bellosse, however, has voluntarily relinquished his claim, and New York's fistic fathers will nominate tonight's winner as top man.

Strictly on his record of 21 knockouts in 22 trips to the post, the California negro goes into the ring as favorite at odds ranging from 3-1 to 3-2. These figures on Armstrong are quoted despite the somewhat overlooked facts that (1) the "pint-sized Louis" from Los Angeles has had plenty of trouble shaving off six pounds to make the featherweight limit, (2) he has never been called on to travel the 15-round championship route, and (3) Sarron has done all the fighting that has been asked of him, with no signs of weakening.

Jacobs is confident his debut as successor to the Jimmy Johnston fight regime in the big eighth avenue sports salon that Tex Rickard put up will be successful to the tune of a \$40,000 gain and 16,000 fan-turnout. Sarron has been guaranteed \$15,000, or a choice of 33 1/2 per cent of the take, and Armstrong \$7500, or 16 2/3 per cent.

Until recently Jacobs has been conducting his fighting business in the Hippodrome in opposition to the garden goings-on under Jimmy Johnston. Several months ago, however, he signed to promote the garden for a two-year period, thereby becoming about the closest thing to absolute ruler of the business since Rickard's million-dollar heyday.

Will Hull swept around end to the 30, and a pass from Ralph Barnes to Ross Barnes placed the ball on the 15 for a first down. A reverse to Bobbie Musick netted two yards. Hull then stepped back to pass to Ralph Barnes for the touchdown. Musick's kick for the extra point was good, 7-0.

On the strength of two powerful forward walls and two magnificent backfields will hinge victory for either Santa Ana or Pomona Junior college's gridgers after tonight's crucial battle at 8 o'clock in Pomona's stadium.

Unbeaten in three starts, Pomona represents a real stumbling block to the Dons' Southern California champions in defense of their '36 title. Santa Ana, already

## SPORTS Roundup

By EDDIE BRIETZ

NEW YORK. (AP)—Johnny Gilbert, the jockey, has bet \$1000 on Pety Sarron against Henry Armstrong tonight at odds of 5 to 2. Not only are both Syrians, but Sarron is the godfather of Johnny's boy. Sailing yesterday for three weeks in England and Europe, Eddie Brannick, secretary of the Giants, was asked if he intended visiting Italy. "Naw," retorted Mr. Brannick, "I've seen enough of them DIMAGIOS already." You said it, Butch. Usually reliable sources swear that the night before he kicked Al Ettore in the shins, Tony Galento made away with 24 hot dogs, six shots of booze and topped it all off with a dozen beers. And yet some people wonder why they call him "Wotta Man!"

Danny London, Brooklyn featherweight, who fights Leo Rodak in Chicago Nov. 8, was born deaf and dumb. In a fight one night, some guy hit Danny a terrific smack behind the ear. Now he can hear and is learning to talk. It's the truth. (Danny is the only fighter to knock out Harry Jeffra, the bantamweight champ). Last Saturday was the 23rd birthday of "Bruiser" Kinard, Mississippi's all-American tackle candidate. So he celebrated by kicking off to Ouachita, following the boot down the field and over the goal line and falling on the free ball for a touchdown. Then he kicked the extra point. Old-timers say only one other guy ever did that. Oddly enough it was Homer Hazel, all-America back at Rutgers in 1923 and later coach at Mississippi.

Arturo Toscanini, famous conductor, is broadcasting a program of Brahms composition from London tomorrow. And for the first time in years one of the big New York stations (which will pick up the broadcast) will have no football games on the air. Brahms must have had plenty on the ball.

## PARELLI SEEKS 'MUD MATCH'

Challenging a heavyweight or light-weight on the Pacific coast to a "mud match," the light-heavyweight champion, Joe Parelli, today started Matchmaker Tiger Clinton of the Orange County Athletic club on the prowl for an opponent next month. Monday night Parelli risks his recognized championship here in one of the two three-fall matches billed on a light-heavyweight and middleweight program. Parelli meets "Red" Barry of Boston. The Boston grappler is rated one of the best "airplane spin" exponents in the division. It is believed that a grappling of this type will give the scowling Joe a serious time, and may strip him of his title.

## ZWILLING WILL LEAD OAKLAND

OAKLAND. (AP)—Appointment of E. W. (Dutch) Zwilling as manager of the Oakland club of the Pacific Coast Baseball league was announced yesterday by President Vic Devincenzi. Zwilling succeeds Bill Meyer, named recently to take over Zwilling's duties as manager of the Kansas City club of the American association. The new Oakland manager led the Kansas City Blues to the American association championship in 1929 and subsequent victory on the "Little World Series."

## WAR ADMIRAL WILL RACE

LAUREL, Md. (AP)—War Admiral and Seabiscuit were entered today for the \$10,000 added Washington handicap tomorrow, a duel for the 1937 money winning championship. Seabiscuit has earned \$157,118 for C. S. Howard. War Admiral's wins, chiefly in the Kentucky Derby, the Pimlico Preakness and the Belmont Stakes, have brought \$245,470 into Glen Riddle farm purses.

T. P. Morgan's Heelfly, which ran a dead heat with Seabiscuit here recently, also was an early entry for the mile and a quarter event.

War Admiral ran to an easy victory here Tuesday in his first start since injuring a hoof winning the Belmont stakes. However, he carried only 106 pounds.

## Coach Lazzeri Will Add New Life to Cubs

CHICAGO. (AP)—Owner P. K. Wrigley of the Chicago Cubs, an admirer for years of New York Yankee aggressiveness, had a good-sized portion of it under contract for his team today. Tony Lazzeri, for 12 years a Yankee and only recently the brightest light in the Yankee World Series conquest of the New York Giants, was engaged by the Cubs as a coach and utility infielder for 1938.

Wrigley has made no secret of his opinion that a little American league spirit, particularly that which has been displayed by Lazzeri and the Yankees might do his Cubs a world of good. The Cub owner, as Lazzeri signed a contract yesterday, made it plain that he kicked the extra point as Cub manager, but there was a belief current that should the Cubs go places next year with Lazzeri on the coaching lines, the black-haired Italian athlete might step into the managerial shoes in 1939. Before boarding a train for his home in San Francisco last night, Lazzeri predicted "we should win the pennant next year."

"After seeing the Giants in the last two world series and studying the Cubs on paper I don't see how the Cubs can help but win," he said. "I know I'll do all I can to help Grimm and learn about this coaching business. This chance with the Cubs is what I've been waiting for."

Wrigley, who arranged for the 34-year-old infielder's release by the Yanks so he could deal openly for Lazzeri's services, indicated the former American leaguer would be given a free rein in his efforts to help the Cubs win a pennant in 1938.

## OUT OF THE BAG

## PRO GRIDDERS SEEK YOUNGER TALENT, PAY BETTER SALARY

By GAYLE TALBOT

NEW YORK. (AP)—Professional football, you will be eager to know, is doing all right for itself. It is growing up fast, the money is rolling in and the performers aren't bruisers any more like they used to be. They're gentlemen, on and off the field. They are expecting 40,000 fans out to the Polo Grounds next Sunday to watch a shooting match between the Chicago Bears, undefeated leaders of the western division of the National league, and the New York Giants, who head the Eastern sector. There is a lot more interest here than the strictly collegiate grid fan would imagine. The Bears are coming with a powerful, veteran team, headed by Bronko Nagurski, who used to murder them for Minnesota. The Giants are a young team, full of vim and vinegar, with a new "left formation" that has rival coaches moaning nights. Their tunnel looks like it might settle the championship. In the meantime, the pro game itself is worth looking over. It's changed mightily in recent years. Ned Irish, who turns out publicity for the Giants, watched it happen. "We'll outdraw any of the New York college teams this year," said Ned. "We've averaged about 25,000 attendance for five games so far, and with a break in the weather we'll do better from here on."

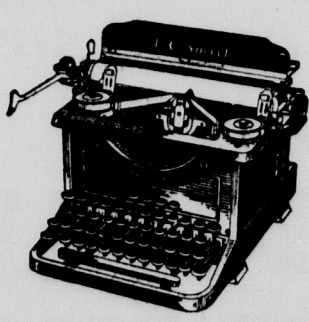

This means that players steadily are getting better salaries, he explained. The average lineman now gets close to \$2000 a season, and the backs around \$2500. Stars like Nagurski, Cliff Battles and Sammy Baugh of Washington, Leemans of the Giants and Dutch Clark of Detroit run up to \$5000 and \$6000. CAREERS ARE SHORTER "That's attractive dough for a kid just coming out of school," Irish observed. "More and more of them—the better type—are beginning to hope for pro contracts to give them financial head-starts. The result is that the playing personnel has changed almost completely. We're getting the

## Speedboats to Race Nov. 14

Speedboat racers from many cities of California will race in the Elks charity water circus at Marine stadium, Long Beach, on Sunday, Nov. 14. Six qualifying races and two main events are expected to provide spills aplenty on a mile course. Spectators will have their choice of bleachers or seats in their own cars along the water course, where circus stunts will be presented between races. Right wooden tubs will be paddled to mid-channel and pitted against each other in a comic joust. The jousters will be armed with paddles and poles tipped with rubber suction cups. 'amateur' type now instead of the 'professional,' if you see what I mean."

## MILLS' FIVE WINS, 33-24

The Santa Ana Woolen Mills, one of the leading basketball teams in Southern California, put on a second-half scoring act with Forward Tom Lacy leading the club to a 33-24 win over the U.S.S. Vestal at the Y. M. C. A. last night. It was the Mills' second win of the season.

Lacy tallied 12 points in pacing the attack, with Wheeler getting nine. Cowan kept the Vestal five in the game with 11 points.

Next Thursday night Quentin Matzen's quint will take on the Santa Ana Junior college varsity in the "Y" gym at 8:30 o'clock. The Dons, coached by Blanchard Beatty, have a near-veteran team returning plus several promising freshmen. Capt. Don Randall and Charles Barrett will be at forward, "Babe" Marshall at guard and Freshman "Cy" Leivermann, six-foot-six giant from Minnesota, at center.

## 'SOAK THE RICH' TAX PLAN HIT BY ASSESSOR

PLAN WOULD  
EXEMPT ALL  
SMALL HOMESSleeper Says Schools  
Would Suffer

An intended "soak the rich" constitutional amendment which would exempt from taxation almost half of Orange county's homes and might kill off innumerable schools and small districts was branded today as a grave mistake by County Assessor James Sleeper.

About five per cent of Orange county property already is tax-exempt, Sleeper pointed out. Petitions are now being circulated throughout the state to get the proposed amendment on the state ballot next year. If adopted, it would exempt from taxation all real property and improvements owned by residents, assessed at \$3500 or less. This corresponds with an actual value of approximately \$7000.

**MAKES SURVEY**  
Sleeper estimated that between 40 and 45 percent of Orange county homes thus would pay no general property taxes, although assessments and indirect taxes still would hold.

His estimate was made in a letter to the state chamber of commerce, which is making a survey of the important effects of the proposed law.

In the state, it was estimated 46 per cent of homes are owned by their residents, and 75 per cent of these are assessed at \$3500 or less.

**"CALL A HALT"**  
"I have no doubt," said Sleeper in his letter, "but that it would be the cause of closing a great many schools as well as crippling other public institutions, since 40 to 45 per cent of our home owners are assessed at less than \$3500."

"If the people of the state do not stop allowing exemptions it will come to where there will be no incentive to own property. We allow more exemptions than we should now, as our tax burdens are about to the limit, and we should call a halt in allowing any more exemptions."

Exemptions in Orange county make 95 per cent of the tax burden carry 100 per cent of the tax burden, Sleeper pointed out, as the situation stands. At present, out of an assessed valuation of \$189,750,000 exempt property is assessed at \$9,685,525.

I JUST FOUND  
OUT—How Cecil Wilson  
'Enlarges' Stars

By MILLARD BROWNE

The fascination of absolute precision, and the thrill of "visiting" places millions of miles away. These combined to prompt Cecil Wilson, 715 West Second street, to take up an unusual hobby seven years ago.

His hobby is building all kinds of optical instruments—telescopes, microscopes, cameras and a few others.

During working hours, Wilson is office manager of the California Packing company plant here. When work's done, though, he spends his time studying physics and astronomy, and building finely adjusted instruments in his tiny garage-workshop.

Wilson is interested in star-gazing more from the physics angle of building instruments to pierce the heavens, than in the actual astronomical study of stars and planets. He claims the two sciences are inseparable, however.

A good telescope lens, he says, must be ground to within one 200,000th of an inch of perfection. It's that very exactness that fascinates him. He has equipment that will test curvature or flatness to within a millionth of an inch.

Biggest lenses Wilson has made are eight inches in diameter, though he hopes to start a 12-inch telescope reflector this winter.

Anything bigger than that, he points out, would require more equipment than he possesses. "It'd be too big to wrestle with by hand, and you'd just about need an observatory to house a telescope more than 12 inches in diameter," he said.

His smallest lens was built a few years ago for a low-powered microscope. Measured three eighths of an inch in diameter and had a quarter-inch focal length.

Grinding a reflector is the whole secret to construction of a high-powered telescope, Wilson claims. The curve of the reflector forms and focuses the image, and if it is faulty, the picture will be distorted.

Big telescope lenses are ground from an inch-thick glass plate, by rubbing it with another plate. Carborundum and water are what eat the glass away.

Total curvature of the ordinary eight-inch reflector is about an eighth of an inch. This gives it a focal length of eight times the diameter, or focuses the reflection approximately five and a half feet away.

A focal length of eight is known as "f-8," means the same thing as the "f-8" mark on a camera.

It takes about 30 hours of grinding and polishing to finish an eight-inch reflector. Surprisingly, the polishing is more likely to spoil the whole job than is the grinding. The reflector is polished with a hard wax and rouge material. Friction and heat occasionally soften the wax, and it's likely to mess up the work by gauging out an extra 100,000th of an inch in part of the reflector.

Only five different types of telescopes are commonly used. Wilson has specialized on the Newtonian type reflectors. They gather light from a celestial body, reflect it back on a small diagonal mirror in the center of the column, and this diverts the reflection into an eye-piece, which simply amounts to a low-powered microscope.

With this kind of equipment, an eight-inch reflector will magnify a star about 250 times. This boosts the moon, which would appear to be about a quarter-inch in diameter at arm's length.

up to around five or six inches  
at normal reading distance.

Wilson has built several camera boxes and attachments for special purposes, but has never ground a camera lens. "That's another art," he explained. "It takes too much equipment and too many testing devices that can't be used for any other purpose."

He has built several microscopic attachments that make it possible to copy small objects with a camera lens. "That's another art," he explained. "It takes too much equipment and too many testing devices that can't be used for any other purpose."

All told, Wilson has built, torn up and rebuilt more than a dozen different devices. "You know how it is," he confided. "You get one instrument built, hear of some new development, then tear it down and experiment with the new wrinkle."

Wilson—whose hobby started from a study of photography, light rays and characteristics of various kinds of lenses—has never built any optical instruments for commercial sale, but he has helped other local astronomers test their reflectors, and he's built certain parts for some of his friends. He belongs to the Citrus Belt Astronomical club, which meets in Riverside once a month, and wishes all the Orange county astronomy fans would get together occasionally to talk over new developments.

TALK ON MULES  
IS WINNER

Glenn Wooley's talk about mules, judged second best last night by El Camino Toastmasters, won for him a place among six contestants for a club trophy Nov. 15.

Wooley spoke about special training for mules used by tourists at the Grand Canyon. William Fernandez, in another extemporaneous speech, won first place by discussing "Safes and Their Construction."

The other five contestants in the Nov. 12 competition, the winner of which will have his name engraved on the club cup, are E. M. Sundquist, club president; Malcolm Macurdy, Dr. Merrill W. Hollingsworth, Dr. C. J. Ruley and Ernest S. Wooster.

Dr. Ruley was general critic; Robert Haven was toastmaster; other critics were Duane Armstrong, John Maxwell, Jack Bascom and Robert Farrar. El Camino club will meet jointly with Smedley Toastmasters No. 1 Nov. 10 at Newport Beach.

FIGHT OVER  
BIG ESTATE  
NEAR CLIMAX

Wraggling over the \$30,000 estate of the late Mrs. Sarah F. Stevenson hit another peak today, as two cousins filed in superior court more objections to the appointment of S. M. Davis, Santa Ana attorney, as special administrator.

Davis, named executor in Mrs. Stevenson's will, and heir to \$500, is seeking appointment as special administrator a position now held by Florence Douglass Whitney of Los Angeles. She and another cousin, Louise D. Chapin, filed the objections yesterday. They also are contesting his appointment as executor.

Davis, they charge, has transferred the greater part of the estate's personal property into his own name. A. E. Garten and Vern E. Garten, Long Beach attorneys, have charged Davis dictated the will to Mrs. Stevenson who was 90 years old at the time the will was made in 1934. They allege he used undue influence on her and that he has refused to divulge the nature of some \$25,000 worth of stocks and bonds which the special administrator must locate in order to handle affairs of the estate.

King Farouk Pops The Question  
And Tilts The Moslem Apple Cart

CAIRO. (AP)—King Farouk of Egypt just up and popped the question. And Farida Zulfikar, 16-year-old daughter of an Egyptian nobleman, said, "Yes."

Sounds natural enough. But boy, oh boy, in Egypt that's news. And it's only the beginning.

What will Farida do about the veil, for instance. Will she wear it in public?

This betrothal bids fair to upset that are centuries old. For example: In Egypt, until recently, a bridegroom never saw his fiancée until their wedding night.

If a young man wanted to marry he approached a "khattibeh," a woman whose business it was to help men seeking brides.

She visited families with daughters of a marriageable age, accompanied by the man's female relatives. Together they made their choice, and if the approved—and he made his decision entirely on their description of his future wife—arrangements were made with the girl's parents for payments of the dowry.

This was money or property given to the girl's parents by the bridegroom in exchange for their daughter.

This custom is being dropped gradually among educated classes in Egypt, but it never was observed better than at the court of

the late King Fuad, Farouk's father.

Fuad was a stickler in such matters. Queen Nazli, his widow, spent most of her life in the royal harem until Fuad died. On the rare occasions when she drove through the streets of Cairo she was heavily veiled.

And now Egypt is wondering what Farida will do about the veil. Farouk is known to have dis-

cussed the matter with Sheikh Moustapha el Maraghy, rector of Azhar University and head of all Moslems in Egypt. Sheikh Maraghy is progressive—recently he introduced courses in English and Japanese into his thousand-year-old university—but he is attached to certain traditions.

Farida, accustomed to short-skirted sports dresses and berets, will find a veil irksome if she has to wear one.

Farouk is in love with Farida. He takes her swimming and horse-back riding, and together they play tennis and go on moonlight auto drives.

All this would have been impossible not so many months ago. But Farouk, as well as Farida, was educated on western lines. The young monarch had an English governess and European tutors. Farida went to a Catholic convent when she was eight and remained there until shortly before her engagement.

Farouk intends to bring court etiquette up-to-date. Only recently he gave a garden party for the princes and princesses of the Royal Family, and introduced Farida to them all.

In Fuad's day there would have been separate parties—one for men, the other for the women.

## BUMPER CROP

ORLEANS, Ind.—Harvesting one tree in R. A. Troth's orchard turned out to be quite a job.

He started the tree as a seedling because he "wanted to see how far a grower could go in grafting."

Now, he says, he has almost finished getting from the tree 70 varieties of apples, five of pears and three of crab-apples.

## SKYSCRAPER FARMING

NEW YORK.—The harvest season is over in the heart of Manhattan, where "the highest corn in the country" grew this summer.

In Mrs. Regina Jais's sky garden, up among the city's towers, the corn had a 17-story start on the tall corn of Iowa and Nebraska, and today Mrs. Jais counted the yield of her penthouse terrace: Forty ears of corn.

Several crops of string beans and tomatoes.

Some parsley, herbs, peas, peppermint—and even wild strawberries.

Her real business is writing books.

## CROSS CAUTIOUSLY

OKLAHOMA CITY.—R. A. Trider always looks both ways, but

"it just doesn't do me any good to be careful," he moaned today. Trider stood on the curb to let a truck pass, then proceeded gingerly across the street.

Everything went black. He learned in a hospital he had been struck on the head by a tire rim that was hurled 55 feet when the truck had blow-out.

## MY WAY, BUDDY?

CANON CITY, Colo.—Gordon Getz escaped from the state insane hospital. He thumbed a ride with motorists and shortly was back in the hospital.

The motorists were state prison guards seeking an escaped convict.

## THIS IS A HONEY

CHARLOTTE, N. C.—J. L. Perry reported to police that, of all things, somebody came into his yard and stole two swarms of bees in their hives.

## CLEANED—DEFINITELY

BARRINGTON, N. J.—Earl Shappell cleaned up his filling station. He gathered up all the loose paper, empty cartons and boxes and burned them. The place looked fine. Then he remembered \$102 in cash had been in one of the boxes consigned to the flames.

OPENING OF  
CREEK PARK  
IS DEFERRED

Formal opening of Santa Ana's Santiago creek park will not take place this year, it was announced today by Councilman Ernest H. Layton, city park commissioner.

It had been planned to celebrate the opening of the park this year, but unavoidable delay in some of the park work made it necessary to defer the official opening.

## ATTRACTS VISITORS

Layton said the opening probably will take place next spring when every phase of the park program has been put into effect.

The park is attracting thousands of visitors each month, according to Park Superintendent Dale Griggs, who said that 15,500 persons used the park facilities during August and 10,200 during September. Griggs said that the number this month probably will approximate that of September.

## TENNIS COURTS

Cement was being poured today in two tennis courts in Santa Ana's newest addition to the park system. When these two tennis courts are completed the last of the big projects at the park will be completed, Griggs said. All other equipment has been installed.

A new supervised playground was opened by the WPA recreational project leaders at Santiago park today. Two women and two men will be in charge of the grounds from 9 a. m. until 9 p. m. on Saturdays and on Sunday afternoons. There will be free daily classes for adults and children in handicraft work.

## Popular Miss Tells News Of Troth

Coming as a complete surprise to her group of friends, Miss Dorothy Carlson, popular young Santa Ana girl, passed candy to members of Pi Sigma, social club for past nobles of Job's Daughters, to announce her engagement to Glen Evans.

It was during a meeting of the group in the home of Miss Letitia Morgan, 208 East Tenth street, that Miss Carlson, president of Pi Sigma, presented a handsome box of candy to the members. Attached to it was a card reading "Dot and Glen, early in 1938."

Miss Morgan carried out a Halloween motif throughout her home, using bouquets of bright-colored fall flowers. Molded ice cream was centered with tiny Halloween symbols. Guests played Five Hundred during the evening, and when they finished it was discovered that Miss Florence Watson had won high score and Miss Fern Anderson low.

Guests at the surprise announcement party, all past honored queens of the local Job's Daughters, were Miss Fern Anderson, Miss Audrey McDonald, Mrs. Garth Olson, Miss Nadine Pennington, Miss Florence Watson, Miss Charlotte McCausland, Miss Mildred Pearson, Miss Lorraine Wheeler, Miss Phyllis Herke, Miss Betty Niedergall, and Miss Eloise Scher. The guests were also present, including Miss Lenore McFarren, Miss Genevieve and Miss Evelyn Sheppard.

Both the bride and groom-to-be are graduates of Santa Ana High school. Miss Carlson is past queen of the Job's Daughters and is employed as secretary to a local attorney, while Mr. Evans is associated with Williams and Klenz, electrical contractors.

## 'HILLTOPS' ARE THEME FOR PIEIRIAN CLUB

"Hilltops" provided a novel theme yesterday for the Pieirian Club members when they met in the home of Mrs. Henry Guthrie on North Olive street for their monthly session, conducted by the president, Mrs. Guthrie.

Plans were made for the November meeting of the group, to be held at the home of Mrs. Margaret Church, 606 South Main street, on Nov. 25. The group also accepted an invitation from the Pegasus club to be its guests on Nov. 18. Mrs. E. G. Warner was welcomed into the group as a new member.

The program of original contributions was led by Mrs. Agnes Bond. Contributions were "Hilltop House" by Mrs. Grace Ladd, "Hilltops of Memory" by Mrs. Margaret Church, "Hills of God" by Mrs. Anna Warner, "Some High Hill" and "My Secret" by Mrs. Helen Guthrie, "No Vain Regrets" by Mrs. Olive Watkins, "Hilltops of Desire" by Mrs. Jean Bohlander, and "O, the Hilltops" by Mrs. Jennie Crawford. Mrs. Bond read the three hilltop poems entered in the Cora May Poetry contest, one of which was awarded first prize.

Guests' contributions during the afternoon were six poems by Mrs. Mary E. Perdue, two verses by Mrs. E. P. Ehlen, and "A Sketch" by Mrs. Florence W. McKee. Mrs. Crawford re-read her poem "Kindness" which appeared in a recent issue of "Facets."

## PAST OFFICERS ENTERTAINED

Mrs. M. F. Heathman and Mrs. E. L. Morrison joined as hostesses yesterday to entertain their fellow past presidents of the Aid society of the First Presbyterian church.

They decorated their luncheon table at Daniger's with colorful Virginia creeper and Mexican sunflowers and used Halloween talls and favors.

Later the group adjourned to Mrs. Morrison's home for a business session. Roll call was answered by amusing anecdotes and a specially honored guest was Mrs. Heathman's niece, Mrs. Clarence Gustlin, who has frequently entertained the group.

Members present were the Mesdames A. J. Forgy, Olive Baird, Cynthia Davis, S. A. Jones, J. R. Medlock, Clyde Bach, W. W. Anderson, G. B. Darnell, Margaret Goodwin, Grace Beckman, Olive Dearth and the hostesses.

## LARGE GROUP ENJOY GALA COSTUME PARTY

With more than 150 present to attest to the success of a costume dance, members of the Safeway Employees association sponsored a gala Halloween party in the Fullerton Ode Fellows hall Wednesday evening.

The evening began with a grand march and concluded with the serving of refreshments from a gaily decorated buffet table. Favors of balloons and noisemakers were distributed to all present.

Popular applause awarded the first costume prize in the men's division to E. A. B. Smith for his "Old Man of the Mountain" attire, and second to F. D. Blauer for his tramp's get-up. Mrs. M. W. Ball won first prize for her turnabout spook's costume. Her back was painted to represent a face, a tall black hat came clear to her shoulders, and huge white hands and feet added to the incongruity of her costume. Second for women went to Mrs. John C. Hart.

Ten door prizes were awarded, and Glenn Taylor of Fullerton was victor in a pie eating contest. Four grocery items captured by E. A. B. Smith, were victorious over four market men headed by H. T. Menary in a inner tube blowing contest. Mrs. E. A. B. Smith won high prize in auction, with Harry Sjobeck of La Habra taking the men's award in the same game.

Assisting on the floor during the evening were Mrs. R. T. Brown, Mr. and Mrs. L. A. F. Mr. and Mrs. H. T. Menary, Mrs. Olin Sutliff. The committee in charge of refreshments and decorations was made up of Mr. and Mrs. P. G. Kilburn, Mr. and Mrs. L. C. Heron, and Mr. and Mrs. C. O. Boardman.

## Two Parties Kiddies Give Sideshow, Circus

A charming duet of autumn parties was that given yesterday and Wednesday afternoons by Mrs. Rex Kennedy and Mrs. Hugh J. Lowe in the attractive Riverside Drive home of the former.

Masses of colorful fall blossoms lent their soft fragrance and glowing tones to the spacious living-room and library of the Kennedy home, while pure-white chrysanthemums carried out individual motifs in the dining-room.

Smart little Halloween talls were at each place, and the holiday hues characterized the wrappings of table prizes, which were daintily handkerchiefs each day.

Award winners on Wednesday, when six tables were served luncheon, were Mrs. George Dunton, Mrs. Sara Johnston Haddon, Mrs. Horace Stevens, Mrs. A. G. Flagg, Mrs. William Thornton White, and Mrs. Fred Forgy.

Yesterday's high-scorers, when nine tables were in play, were Mrs. Howard Timmons, Mrs. Z. B. West, Mrs. John Tessmann, Mrs. F. E. Farnsworth, Mrs. Harold Nelson, Mrs. Will Flood, Mrs. Parke Roper, Mrs. George Parker, and Mrs. Rowland P. Yeagle.

## ORANGE COUPLE MARRIED AT SANTA ANA

At the Four Square Gospel church of Santa Ana, the lovely wedding of Miss Hazel Adella Stewart, daughter of Mr. and Mrs. Jack Rhodes, to D. C. Dillingham, son of W. A. Dillingham, was solemnized Thursday evening at 8 o'clock. Both are Orange young people.

The Rev. Harry B. Miller of Fillmore led the service before an arch of ferns and autumn flowers, flanked by palms and cathedral tapers.

The bride was gown in white satin with long veil, to which was attached a train of lace. She carried a shower bouquet of rich red roses. The groom wore a tuxedo, dressed in powder blue mouseline de soie over taffeta. Her bouquet was of pink chrysanthemums.

Bridesmaids were twin sisters, Hazel and Helen De Shazo in sky blue taffeta, and Miss Georgia, who wore in pink taffeta. All carried arched pastel shades.

W. Weldon Dillingham served his brother as best man, and ushers were Phillip Griset, Tustin, Darrell Davis and Moss Bellows, both of Orange. Mrs. George Ritchie, Laguna Beach, was soloist, singing "At Dawning" and "Because." W. G. Axworthy, Orange, played two cello selections. Both were accompanied by Mrs. Elizabeth Coe.

A reception at the home of the bride's parents followed at which were entertained about 80 guests.

The couple will live in Orange, where the bridegroom is employed by the Texaco company. Mrs. Dillingham attended Santa Ana High school, and Mr. Dillingham graduated from Orange High in 1933.

## FRENCH CLUB FETED AT BARN PARTY

Members of the French club of Santa Ana High school were entertained at a Halloween party last night at the home of Miss Ruth Lockett, 2036 North Broadway.

Miss Lockett received the group in true Halloween style in the large barn at the rear of the premises. Guests were forced to enter unceremoniously up a high ladder and through a narrow window into the barn.

Burning candles lined the driveway, and the barn was decorated with cornstalks and gay autumn leaves. Fortunes were told in a witch's tent, and Halloween games were played. Refreshments of punch, doughnuts, apples and nuts, also carried out the theme.

Miss Thelma Thomas, club advisor, had appointed Eugene Cloyes head of the decoration committee and Rhoda Timmons program chairman to assist the hostess.

## SEWING CIRCLE MEETS IN RIVERSIDE

Motoring to Riverside to be the guests of Mrs. Elmer Maxson in her home there, members of the sewing circle of the D. A. V. Auxiliary, Jack Fisher post, enjoyed an all-day meeting Wednesday.

A pot-luck luncheon was served at a table centered with chrysanthemums and small Halloween favors. In the afternoon the group sewed on quilt blocks, then crunched beanies for the veterans. Special guests during the afternoon were young Jerry Nielsen and Allen Maxson.

Members present were the Mesdames B. L. Brown, Dean Laub, R. M. Crawford, William Hutchison, Harry Edwards, Edwin Redford, Olga Wood, James Riley, Arthur Nielsen Frances Thatcher, and Harry Pickard.

## DORCAS MONDAY

Dorcas society of the First Christian church will meet Monday at 7:30 p. m. in the educational building. Members are asked to bring canned goods for Thanksgiving baskets.

## FAST PRESIDENTS

Past Presidents' club of Sarah A. Rounds Tent of the Daughters of Union Veterans will meet Thursday 2 p. m. at the home of Mrs. Louise Leach, 132 Center street, Orange.

## Mary Stoddard Don't Look for 'Movie-Star Husband' if You Would Marry Happily, Dode Says

Here is a bit of cheer, also a warning to girls who look for husbands like the motion picture stars they "do so adore." It comes straight from a bride of two years who married one. Now she writes to say that handsome men are fun to look at—but not ideal for marriage. Dear Miss Stoddard: When I read of the foolish girls and women who "mob" Robert Taylor, Clark Gable, go about seeking for a mate a man with a perfect profile, it leaves me a bit cold.

I married one of the "profile boys" two years ago and, believe me, he's every cute girl's partner at a dance, and girls who really am not so hotly friendly with, come to our home "just dropping in" as it were, but they make it evident by their conversation and manner that they come to see my husband.

Don't get the idea that I am "sour grapes" for I am young and full of life and have many friends, and of course I wouldn't want to be married to a man that other women didn't find interesting.

But I have learned this: A strikingly handsome man hasn't a chance against conceit. Every woman he meets is out to please him. Any girl who has even the most casual acquaintance with him manages to make the association seem personal. He is flattered, spoiled and openly admired.

I learned from my husband's mother that every case of life has learned that he need not exert himself to be a pleasant, entertaining companion. With a profile like his even a grouch is becoming. What is the use of his going out of his way to please women who he knows the women are pleased with so little?

I was popular before I married my husband and considered pretty and have some accomplishments. He wasn't the only man who asked my hand in marriage, but he was by far the best looking, the best dancer, and the most sought-after man I had ever met, and I thought I was the luckiest girl in the world when I married him. But his conceit and selfishness is making me despise him. But he still figures that I am the luckiest girl in the world, too, because he condescended to pick me from the throng to be his wife.

I'm writing this letter in a sincere effort to tell girls to look beyond his handsome profile, to believe me when I say that some of the flattest tones of a handsome hero can turn into cold sarcasm if he doesn't have his way about everything.

When you turn your eyes husbandward, if you can't overcome your weakness for chiseled profile and crisp, wavy hair, make up your mind to enjoy those attributes at a distance and at someone else's expense.

Thanks, Miss Stoddard, for your many kind words to those troubled and I only hope my letter might help some girls to avoid the mistake I made. Sincerely, "DODE."

May I, in turn, thank you "Dode." If there is such a thing as one person profiting from the experience of another, your letter should be of great help to those girls who seek in a husband good looks first and character second.

New officers of the group are William Humphrey, president; Mrs. Horace Leeching, secretary; Mrs. Francis Hall, secretary-treasurer; and Mrs. J. E. Braden, reporter.

## POETRY SECTION

Members of the Modern Poetry section of Ebell will meet at the home of Miss Beulah May, 1002 Mabury street, at 3 p. m. Tuesday, Nov. 2, for their regular session. Miss Vance Plumb will be co-hostess and Mrs. John Tessmann will report on Robinson Jeffers.

## YO-MA-FO CLASS ELECTS NEW OFFICERS

Halloween decorations and entertainment featured a regular meeting of the Yo-ma-fo class this week, with Mr. and Mrs. Ted Faulkner and Mr. and Mrs. Rex McGill as hosts and hostesses.

Pinecones, acorn branches, and autumn leaves were made beautiful by the flickering light of orange tapers set in cones along the two long tables where refreshments followed an evening of games. During the social hour a lovely table lamp was presented Mrs. Pearl Wasson, class teacher, on the occasion of her first anniversary of service.

New officers of the group are William Humphrey, president; Mrs. Horace Leeching, secretary; Mrs. Francis Hall, secretary-treasurer; and Mrs. J. E. Braden, reporter.

## P-T-A CLASSES

Weekly parliamentary law courses are being conducted at 1:30 p. m. Mondays at the home of Mrs. H. C. Brown, 1416 West Washington street. All P-T-A officers are welcome.

## BLUE PRELUDE

Forerunner to the styles of winter, this dark blue, soft wool two-piece suit with white brocade vest is being shown in Paris fashion salons.

## DANCE FOLLOWS FOOTBALL GAME TODAY

Another after-football game dance was to be staged this afternoon following the game between the Santa Ana High school Saints and the Riverside High school Tigers.

The dance was to be sponsored by the Alpha honorary girls' service club and the Delta boys' service club in Andrews gymnasium from 5 to 7 o'clock. Two delegates from Santa Ana High school traveled to Riverside High school yesterday to invite the Riverside student body.

Music will be furnished by Bob Block and his Little Chicks, according to Lorraine Sweet and Richard Ladiges, club presidents. Miss Mary Schofield and Clyde Cook, advisors for the two clubs, helped with plans for the dance. Mildred Tucker, Pat Owings and Beulah Cairnes acted as committee chairmen.

## Linen Shower Given Miss Courtney

Wedding plans of Miss Lois Courtney and Elmer "Cherry" Osterman, whose marriage will be an event of Nov. 7 at Laguna Beach, are occasioning many delightful affairs, the most recent of which was a pretty party given last evening at the home of Mrs. John Tomblin in Orange.

Mrs. Tomblin had asked guests to bring linen gifts for the trousseau of Miss Courtney and many beautifully wrapped packages were therefore showered upon the honor guest at the end of an evening of Hollywood bridge. Prize winners were Mrs. Dean Benton and Miss June Davis.

Present for the pleasant affair were Miss Joan Baker, Miss Gladys Marguerat, Mrs. Leland Alump, Mrs. Gene Anderson, Miss June Davis, Mrs. James Musick, Mrs. Harold Thomas, Mrs. Willard Courtney, Mrs. Newell Vandermast, Mrs. Raymond Todd, Mrs. Dean Todd, Miss Courtney and Mrs. Tomblin.

## MRS. TURNER HOSTESS TO BRIDGE CLUB

Decorating her home with lovely baskets of large orange dahlias, Mrs. O. F. Turner entertained members of her contract bridge club at her home, 1523 West Ninth street, last evening.

Completing the fall decorations were orange candles in black pottery holders, nut cups and talls. First prize for the bridge game was a powder box awarded to Mrs. Frank Latham, while Mrs. Jesse Elliott won a pottery cream and sugar set for having a score nearest average.

Those who enjoyed the evening were Mrs. Herbert Allen, Mrs. Don Mozley, Mrs. Delbert Liggett, Mrs. Ray Wolven, Mrs. C. E. Hayes, Mrs. Frank Latham, Mrs. Jesse Elliott, and Mrs. Turner.

## SUPPER HOSTS ARE ANNOUNCED

Carrying the zest of summer informality over into the winter season in pleasant style, members of the Santa Ana Country club are continuing to enjoy weekly buffet suppers each Sunday evening. Families and guests are welcomed at the affairs, and later ping-pong and other games are enjoyed.

Hosts and hostesses this week end will be Mr. and Mrs. Ray Crenshaw and Mr. and Mrs. Frank Sawyer.

## HARMONY BRIDGE

Members of the Harmony Bridge club will meet next Tuesday in the Rosemore cafe at 12:30 p. m. for luncheon with Mrs. Jennie Ship and Mrs. Winnie Dear as co-hostesses. Following the lunch, the group will go to the Masonic Temple for a business session and afternoon of bridge.

# Cinnamon Buns Good In Morning

By JUDITH WILSON

With her favorite recipes for eggs, meat and cereal dishes, buckwheat cakes and such sturdy things that constitute winter breakfast fare, tucked away in her file, the homemaker wants to know what she can serve that will be satisfying and still light and appealing on a hot morning.

**CINNAMON BUNS**

- 2 cups scalded milk
- 3 tablespoons butter
- 2 tablespoons sugar
- 2 teaspoons salt
- 2 eggs
- 1 cake compressed yeast dissolved in 1/4 cup lukewarm water
- 6 cups flour
- Brown sugar
- Butter
- Cinnamon
- Currants or seeded raisins

Add butter, sugar and salt to the milk. Cool to lukewarm and add the softened yeast and 3 cups flour, beating until smooth. Cover and let rise until spongy, cut down, add the well-beaten eggs and about 2 1/2 more cups of the flour. Let rise until double in bulk, turn out onto a board sprinkled with the remaining flour, pat and roll until 1/4-inch in thickness. Spread with softened butter and cover generously with brown sugar. Sprinkle with cinnamon and then with currants or raisins. Roll like a jelly roll and cut in 1 1/2 inch pieces.

Melt 2 tablespoons butter in a square baking pan and sprinkle with 1/4 cup brown sugar. Arrange the cinnamon rolls on this sugary cushion so they do not touch. Let rise until about double in bulk then bake in a hot oven 25 to 30 minutes. After the first 15 minutes baking, remove the pan and drip 3 tablespoons hot water around the sides of the pan. Continue baking. These buns are soft and sticky, but delicious.

## MRS. ENDERLE DELIGHTS LITERARY GROUP

Delighting her audience of more than 40 Ebell members and their guests with her brilliant presentation of "High Tor," Maxwell Anderson's hit play, Mrs. Maurice Enderle was featured speaker at a meeting of Thursday Evening Literary section last night.

Mrs. J. L. Bascom, section leader, was hostess in her home at 2375 Riverside Drive, and co-hostesses were Mrs. Mervyn Bryte, Mrs. Aubrey Glines and Mrs. Henry Williams. The quartette served refreshments along a Hallowsen idea late in the evening, and the home was beautifully decorated with crimson roses.

Two new members of the group were introduced, Mrs. R. C. Harris and Miss Helen Glancy. The section plans to alter its meeting date next month, since the scheduled time is Thanksgiving day, but as yet a new date has not been decided upon.

## Baby Beef Event At Broadway Shop

With the reopening of Broadway's Broadway Market in celebration with a baby beef event starting Saturday morning, Geo. Klamm, manager of this market, says he has gone into the packing houses and selected the best meats obtainable for this occasion. Another item featured, long established here is Flavorite ham, a secret process of Klamm's, brought to this country from Germany. They also pickle tongues by this same process.

**PENSIONERS MEET**

HUNTINGTON BEACH.—A. M. Maps of Santa Ana acted as auctioneer at the Halloween box social held by the Huntington Beach Townsend club No. 1 last night at the Memorial auditorium. A. D. Marshall, president of the club, assisted by other members of the club, was in charge of the social.

**CARRIER ILL**

HUNTINGTON BEACH.—Carlton Conrad, local postal clerk, is substituting for S. M. Hosack, rural route carrier, who has been confined to bed for over a week now following a blood transfusion. Hosack has carried the mail on the Huntington Beach rural route for over 20 years.

## 1938 SILHOUETTE SMARTNESS

Round uplifted bust, slender concave diaphragm and slim molded hips spell silhouette chic for the winter of 1937-38. Here you see the foundation for them in a flesh colored satin brassiere and an elasticized satin girdle with a double front panel.

## Hollywood Sights and Sounds

—By—  
ROBBIN COONS

**HOLLYWOOD**—Virtually unsung but surely deserving a tune is the bachelor hall of the Messrs. Stewart, Logan and Swope.

Logan and Swope actually don't belong in a movie report, except that they happen to be associated in domestic enterprise with Mr. Stewart, whose name, (James) is flashing more and more brightly on movie marquees.

The trio—Logan and Swope are sons of wealth and interested in stocks and bonds—have just moved again. They live in more or less close harmony, but they move because of it.

They have their own orchestra. Stewart is fairly convinced of his artistry on accordion, piano and clarinet. Logan prefers the saxophone and Swope is equally good on trap drum or hair comb.

"You'd be surprised what harmony we get," as Stewart insists. "We've had neighbors come all the way from across the street to tell us about it."

**ALL IN FUN**

Swope agrees. "That always happens—just before we move."

This last move was accomplished not without grief. For Stewart, at least. He went vacationing to Ensenada, forgetting the moving code was every-man-for-himself. Logan and Swope removed their possessions, but Jimmy returned to find that he owed an additional month's rent on the old place. He insists he paid it cheerfully. But he didn't care for the nice room the Messrs. Logan and Swope had reserved for him in the new house. It was a pink boudoir, decorated in taffeta, with dolls on the bed and lace doilies on the dressing table.

Jimmy, regrettably, lost his temper for the moment. He telephoned a Hollywood interior decorator for help, but by the time

## Clemente P.-T. A. Has Meeting

Kalyer, Ed Bartlett and Misses Emma Ochsner, Effie Johnston and Jennie Lane.

## White Talks to San Juan Rotary

SAN JUAN CAPISTRANO.—Harrison E. White, Orange County Boy Scout executive, addressed the Rotary club on the analogy existing between the Boy Scout organization and Rotary, comparing the aims of the two movements.

Scoutmaster T. W. Billips was present with several of his boys who were presented with merit badges by the visitor. The meeting was in charge of George Barnes.

## Mesa Auxiliary Party Is Held

COSTA MESA.—Members of the American Legion auxiliary were guests of Mrs. Frank Vaughn at a social gathering this week on the historic Derby ranch.

Games were played and prizes awarded. In addition to a large number of members, Mrs. Nelson Stafford, Mrs. A. M. Nelson and Mrs. Gladys Thompson were present as guests.

## DAUGHTER IS BORN

MIDWAY CITY.—The Rev. Murray J. Baile and Mrs. Palette have announced the birth of a daughter, Muriel Jane. Mrs. Palette and baby are at the Community hospital in Long Beach.

## AUTRY, STOOGES AT STATE

A veritable musical festival set against the most exciting background of American history briefly describes "Ride, Ranger, Ride," which opens today at the State theater with Gene Autry starring in his most gallant role; "Cash and Carry," three-stooge comedy; "Two Lazy Crows," a color cartoon; news of the world, and the second chapter of the serial "Secret Agent X-9" complete the program.

"Ride, Ranger, Ride" revises the era when Texas Rangers and blue-coated U. S. cavalrymen were endeavoring to pacify Indian savages who for years halted the westward trek of pioneers.

Of special interest is "The Song of the Pioneers," written especially for Autry by Stept and Mitchell, authors of many song hits during the past year. In fact Autry, Smiley Burnette, Kay Hughes and the six Tennessee Ramblers have a song and musical program of 13 numbers.

## JANITOR OF CHURCH FETED

ORANGE.—Michael Estock, who has served for 15 years as caretaker of the Presbyterian church, was presented an "easy" chair by members of the congregation of the church Wednesday evening.

The gifts were presented by W. H. Lowry. A program of singing and short talks were given following the potluck dinner.

## Oklahoma Solon Death Victim

OKLAHOMA CITY.—(AP)—R. P. Hill, Oklahoma City Democratic congressman from the fifth Oklahoma district, died at a hospital here today following a heart attack.

Hill, one of the few men ever to represent two states in congress, first was elected from the Illinois twenty-fifth district in 1912.

He returned to congress in the last session, winning the Oklahoma fifth district office over a crowded field.

## Expect 4,000,000 At S. F. Fiesta

SAN FRANCISCO.—(AP)—California, Inc., estimated today more than 4,000,000 tourists will spend \$600,000,000 in San Francisco in 1939 during the Golden Gate International exposition.

Figures compiled by the organization showed 16 per cent of the tourists were expected to come from the central Midwest; 13 per cent from the distant Midwestern states such as Illinois and Ohio; 12 per cent from the Atlantic seaboard and 10 per cent from the deep South.

## Lagunans Will Exhibit in L. A.

LAGUNA BEACH.—Artist members of the local art association will exhibit during November at the Municipal Art commission rooms in the Los Angeles city hall, according to an association announcement today.

## Il Duce Honors Dead Soldiers

ROME.—(AP)—In an impressive military display Premier Mussolini awarded medals for valor posthumously today to 85 Italians killed in the Spanish conflict. Tablets bearing the names of the fallen were unveiled throughout the nation.

**RESURFACE STREET**

COSTA MESA.—Grading and oiling of Pomona avenue, between Seventeenth and Nineteenth streets, is being completed this week by the Orange county highway department. The avenue has formerly been subject to dangerous mudholes during rainy seasons, having never been hard-surfaced before.

## ONE SERVICE A YEAR

DONEGAL, Irish Free State. (AP)—To avoid payment of taxes and ensure benefits accruing from past bequests, one service a year is held at Gweedore Protestant church. The church is virtually in ruins and has only one parishioner, a hotel keeper.

Davey O'Brien, Texas Christian university's 153-pound backfield star, played every minute of his team's first four games, did all the passing, all signal calling, all the kicking and the biggest share of ball-carrying that ought to approach a record.

## MRS. EYE NEW O. E. S. LEADER

ORANGE.—Mrs. Gelsemina B. Eye was elected worthy matron of Scepter chapter, Order of Eastern Star, when annual election was held Thursday night in the Masonic temple. Dan Gruwell was chosen as worthy patron.

It was announced that public installation of officers will be held Dec. 10. Several new members were received, Mr. and Mrs. James W. Isbell, Mrs. Myrna Bailey and Mrs. Rachel E. Powell. Mrs. Lois Foster, Portland, Ore., was a visitor.

Later refreshments were served by a committee on which were Mesdames S. B. Edwards, Lillian Bassom, Gwendolyn Thompson, Tillie McBride W. J. Rice and Sherman Gilgoly.

## Paw Pawians Start Drive to Plant Paw Paws

PAW PAW, Mich. (AP)—Mr. and Mrs. Dana Smith, loyal Paw Pawians, have set out to make Paw Paw extend due recognition to the paw paw trees from which the city took its name.

The couple has started a movement to have Paw Paw residents go in for reforestation in a big way, planting scores of paw paw trees in Paw Paw yards.

## Pastor to Talk On Temperance

WINTERSBURG.—The Rev. George Quayle, pastor of the Methodist church, will observe temperance Sunday in his sermon topics Sunday.

He will speak in the morning on "Indictment of Alcoholic Liquor" and in the evening on "Trifling With God." The service in the evening will open with a chalk talk by the pastor for young people of the congregation.

The recently organized orchestra, directed by John Tom Tucker, will be heard in several numbers. Included in the group of musicians are Irah Jane Franklin, Laddie Letson, Betty Jean Beem, Thora Quayle, Teddy Bennett, Ruth Tanner and Dorothy Murdy.

## 'RACE WAR' APOLOGY IS OFFERED

Publisher Sorry for Attack on Governor

PROVIDENCE, R. I. (AP)—The Providence Star Tribune, published by Walter E. O'Hara, race track head, today apologized in print to Judge Charles A. Walsh for an article which the judge said was not a "statement of fact."

The "explanation" of the two-day old article, concerning which the paper was asked to show cause why it should not be held in contempt, was the latest development in the "Battle of Narragansett."

Set for early action, however, was a promised federal investigation of alleged political donations by the Narragansett Racing association, and the arraignment of O'Hara on a criminal libel charge brought by Gov. Robert E. Quinn.

The explanation published by the Star Tribune and signed by O'Hara, said in part:

"This item was written by one of its reporters under the stress of a succession of dramatic incidents and was likewise published in an extra edition under the same circumstances from said information."

"The story was based on an assumption of facts which were later found to be erroneous and killed in its later editions."

The article had to do with O'Hara's arrest in a civil libel action for \$500,000 shortly after he had referred to Quinn, in a radio talk, as a "dictator."

## PARTY HONORS BILLY HEIL

SMELTZER.—Mr. and Mrs. Vernon C. Heil entertained at a Hallowsen party Thursday night for their son, Billy. Masks and costumes were a feature of the affair held in the outdoor recreation room of the home on Huntington Beach boulevard.

Attending were Betty Jean Lacy, Barbara Harding, Viola Gaston, Elaine Meinhardt, Juanita Spear, Dorothy Ann Hurst, Frances Buchheim, Grace Furuta, Rosemary McCormick, Kittie Case, Joy Holt, Jean Irwin, Gwendolyn Hoepfner, Marvin Kratz, Gene Harding, Roland Worthy, John Holsclaw, Darrel Troop, James Marshall, George Kikuchi, Bobbie Jean Young, Calvin Groves, Fred Pupka, Jerry Letson, Jack Murdy, Harry Case and Bobbie Woods.

## Hallowe'en Fete Held in Home

OCEANVIEW.—Jessie Case, daughter of Mr. and Mrs. T. V. Case, was hostess at a Hallowe'en party recently. The affair was held in the garage of the family home on A street which had been elaborately decorated for the occasion.

Guests included Isabelle Tucker, Dorothy Murdy, Phyllis Brush, Betty Jean McKenzie, Jean King, Dorothy Kikuchi, Ed Whitacre, Agnes Irwin, Dailie Mae, Kittie Case, Maxine Murdy, Teddy Bennett, Jack Murdy, Billy De Busk, Bobby Woods, Larry Moore, Roland Worthy, Bobby Letson, Harry Case, Harold Fox and Jerry Letson.

## PROGRAM FOR MUSIC EVENT ANNOUNCED

An exceptional program for the performance of the Federal Music Project symphonic orchestra is promised Santa Ana music lovers at the federal unit's first concert of the 1937-38 series, next Thursday evening. Leon Eckles, project director, announces that the concert is to be presented at a nominal admission price and will be given at the Santa Ana High school auditorium, at 8:15 p. m.

In addition, there will be a group of three numbers performed by the project's choral unit. The mixed chorus of 25 will sing Schubert's "Omni-potence"; "Springtime," a choral adaptation of "The Last Spring," by Grieg; and "Hail, Bright Abode," from the Wagnerian opera, Tannhauser.

The concert's opening number is announced as the Symphony in E Minor, more familiarly known as "The New World" symphony. This composition, written in four movements, holds an especial appeal to American audiences as much of its melodic material reflects the composer's (Anton Dvorak) intensive study of the primitive melodies of the American Indian and negro. The performance of "The New World" symphony is expected as the highlight of the coming concert in view of its great melodic appeal.

Eckles said the orchestra will play "Andante Cantabile" (Opus from Tchaikowsky's Fifth Symphony), "The Musical Snuffbox," (by Liadow) will lend a light touch to the concert. This number is reminiscent of a music box and the interesting short, staccato play of the instruments, devoid of vibrator or dynamic changes, strikes a novel note.

With the "Juba Dance," by Dett, and the concluding number—the "Phaenix Overture" by Massenet—the concert will reach a powerful close.

## MAAHS OUT ON BAIL TODAY

Leopold Maahs, Orange man charged with negligent homicide Tuesday after a car he was driving struck and fatally injured a 6-year-old Pomona girl, had been released on \$1000 bail today after an arraignment in Pomona justice court yesterday.

Accused of killing Vera Westbrook, 6, just as she was leaving a school bus and crossing the street to her home in the Claremont district, Maahs appeared before Judge U. E. White.

His preliminary hearing was set for 2 o'clock next Monday. Bail originally had been set at \$2000, but was reduced to \$1000 following the arraignment.

Maahs had told officers he swerved to avoid hitting the tot's brother, Albert Westbrook, and in so doing had struck the little girl.

## OPEN QUIZ ON VITTORIO WIRE

LOS ANGELES. (AP)—A threatening telegram to Vittorio Mussolino, which Dep. District Atty. Thomas McNary said Duce's son received after he boarded a ship at New York for Italy, after his recent Hollywood visit, will be placed before the grand jury next Tuesday.

McNary said today grand jury subpoenas had been issued for Mario Gabellini, prominent member of the Italian colony, whose name was signed to the telegram, and for Carmine Senise, Hollywood promoter.

The message, which Gabellini denied sending, read: "If your friend, Del Papa, fails to repay the \$300 he owes me, will denounce for fraud and inform newspapers."

## Two Car Blazes Extinguished

Fire engines were called to extinguish two automobile blazes within 15 minutes last night. No damage was reported in either case.

A short circuit in the wiring was responsible for a fire in a car registered to Curtis C. Horn, 319 Wilhelmsen street, Anaheim, near Fifth and Bush streets at 9:26 p. m., and sparks from the motor ignited a cushion in the front seat of a pickup truck owned by O. A. Harman, 1604 West Fourth street, in front of his home at 9:42 p. m.

## English Women May Fight Wars

BIRMINGHAM, England. (American Wire)—After a few more years of war such as the World war, the male population of Britain will have to do the fighting in the trenches, Bishop E. R. Barnes predicts, after a study of vital statistics.

Only offsetting factor is the airplane in war, he says, because the bombing of civilian population kills off as many women as men.

Sunday in London virtually starts at 1 p. m., Saturday. Most of the stores and offices close then and the city takes on a funeral air.

### TEAPOT DOME CASE BASED ON WAR SCARE

Albert B. Fall, secretary of the interior in the Harding regime who went to jail in disgrace after the Teapot Dome scandal, may have gone there as a "goat." The United States was preparing for war with Japan but couldn't admit it.

This startling theory was advanced by Dr. Osgood Hardy, professor of history at Occidental college, who spoke to Lions club members yesterday afternoon on the Oriental situation.

**HASTE IN LEASING**  
"The navy said Dr. Hardy, 'was preparing for war with Japan. It seemed imperative that the Teapot Dome should be developed immediately and that a supply base should be established in Hawaii. That caused the hurried leasing of the government oil lands. Of course, the government couldn't admit it, but I think that in years to come when all the records are available, we'll find that was the case.'"

Dr. Hardy traced the widening circle of Japanese influence in the Orient, and explained how very minor incidents have been built up into a first-class undeclared war.

**BOMBED OWN ROAD**  
In 1933, he recounted, the Japanese blamed Chinese for the disappearance of a Japanese officer, then apparently bombed a section of their own railroad to get an excuse for invading Shanghai.

"The present hostilities," he said, "were caused in a similar way. Japan was anxious for another excuse to invade Shanghai, because Gen. Chiang Kai-Shek had showed surprising resistance to Japanese encroachment. 'So two Japanese soldiers walked up to the Shanghai military airbase and tried to enter. Chinese sentries told them no foreigners were allowed inside. The Japanese kept on moving, and when they were halted drew their pistols.'"

**TO SLOW UP**  
"They were shot dead, and that was Japan's 'incident.'"

Fighting in China will slow up this winter, Dr. Hardy said.

"The Japanese are warm weather fighters," he observed. "And as to how it all will come out, I can't say. But history shows that every nation which has tried to invade China has ended by becoming Chinese. The Japanese troops eventually will run out."

"And a hundred years from now, they'll be telling you that John Chinaman is still on the map, taking in washing as usual."

"Roosevelt's failure to invoke the neutrality act," he said, "has resulted in a decided advantage for Japan. Maybe that's what he wanted. From an economic standpoint, it is more profitable that we should be on the side of Japan—there's more profit in their trade."

### AWAIT ADDRESS BY JOHNSON

Santa Ana backers of the General Welfare movement will rally in the high school auditorium tonight to hear Arthur L. Johnson, national chief, explain latest developments in the organization's drive for enactment of a federal old age pension.

Now engaged in a speaking tour of the western states, Johnson is legislative chairman of the General Welfare federation in California. He was former chief attorney for the California state labor commission and drafted most of the present state labor laws, it was announced.

Congressman Harry R. Shepard will give a brief talk at the rally, which will mark the last of more than 100 appearances in this district during the current congressional recess. He will leave for Washington, D. C., in a few days to attend next month's special session of congress.

Tonight's meeting will be conducted by Ernest Morrow of Los Angeles, chairman of a committee to incorporate the recently organized General Welfare association of Southern California.

### May Conquer Age With Chemistry

CHAPEL HILL, N. C. (American Wire)—Old age may be the result of the body's changing its tissues as a defense against poisons, in the opinion of Prof. William de Barmiere MacNider, dean of the school of medicine of the University of North Carolina. Possibility of combatting old age by chemical means is opened by this discovery, he believes. In tests on animals he produced cells in young animals by administering poisons which had the identical characteristics of cells in senile animals, Dr. MacNider reported.

### Russia Purchases Most U. S. Arms

WASHINGTON, D. C. (American Wire)—United States exports of arms, ammunition and implements of war jumped to \$18,000,000 last month, state department figures disclose. And who was the largest purchaser? Not China. Nor Spain. It was Soviet Russia. Her purchases totaled \$10,000,000, which was 55 1/2 per cent of the total.

Virginia, Pennsylvania and North Carolina ranked one, two, three in population among the states in 1790. New York, now first, was then fifth.

# TWA PLANS AIR SAFETY EQUIPMENT

New De-Icers To Be  
Placed on All Planes

KANSAS CITY, (P) — Transcontinental and Western Air which blamed formation of ice on the ailerons for the crash of its liner near Pittsburgh last March, killing 13 occupants, announced today all planes will carry newly perfected de-icing equipment next winter.

President Jack Frye told the board of directors that government objections to old de-icing equipment were overcome in the new type. He said they will withstand the wear of static electricity and will not endanger the wing fabric by tearing it.

He explained the danger of tearing was eliminated by reinforcing the fabric at eight inch intervals. All T. W. A. planes were equipped with "shoulders" on the wings to prevent ice-formation on the ailerons after the Pennsylvania tragedy.

# BETHLEHEM STEEL PLANS DIVIDEND

NEW YORK, (P) — Bethlehem Steel Corp. today reported net income in the September quarter of \$9,249,360, equal to \$2.32 a share on the common stock, compared with \$4,575,058 or 85 cents in the September quarter last year.

Directors declared a dividend of \$1.50 on the common stock same as paid in the previous quarter and compared with \$1 in the first quarter of the year.

Net earnings for the nine months were \$27,566,267 compared with \$8,609,514 in the comparable period of 1936.

The nine months profits were equal to \$6.88 a common share compared with \$1.01 in the first nine months of 1936.

Eugene G. Grace, president, reported current operations were at the rate of 65 per cent of capacity.

# Trenches Cut Up Nanking Campus

NEW YORK, (American Wire) — The campus of the University of Nanking is cut up with trenches and is provided with a bomb-proof shelter, according to information received by Dr. Ralph E. Diffendorfer, president of the Associated Boards for Christian Colleges in China.

"We have prepared dugouts and trenches on the campus and will assign each student to a definite place in time of raids," a report to Dr. Diffendorfer says.

# Davis Is Partner In Auto Concern

Louis Davis, who for the past year has been associated with the Baldwin Motor company, De Soto and Plymouth dealers, 519 North Broadway, has become an active partner in the business, it was announced by Henry A. Baldwin, head of the firm.

Davis has been a resident of Santa Ana for two years, coming here from Asheville, N. C.

The play's the thing for which Miss Maude Adams, 64-year-old actress, emerged from a 19-year retirement to teach dramatics at Missouri's Stephens college for girls. She is shown with (left to right), the Misses Maude Arthur, Jane Emerson and Elizabeth Jones in a school classroom.

# Eddie Cantor Honored On Anniversary In Movies

HOLLYWOOD, (P) — Eddie Cantor, pop-eyed funny man of the stage and screen, had a gold plaque today to remind him of his first 25 years as a creator of laughs.

Irvin S. Cobb presented it in the presence of some 600 big names of the entertainment world at a testimonial dinner last night with this citation:

"Cantor is a modest, shy soul who has helped many, who loves his fellow man and has made him laugh with the golden melody of humor."

George Jessel, motion picture producer who started his career on the stage with Cantor, called him "the most respected buffoon of this generation."

Jessel, who was master of ceremonies at the dinner, addressed Cantor as "Izzy—I mean Eddie," and described him further as "an orphan from the East Side of New York who on his own initiative reached the heights of the entertainment world."

Jack Benny, radio comedian, who followed Governor Frank H.

Merriam on the toast list, declared: "The governor's speech was the same one I heard him give yesterday, only he used the word 'Navy' instead of 'Cantor.'"

Benny said the reason Darryl Zanuck, head of Twentieth Century-Fox studios, "likes Cantor is because he looks like a polo pony." Zanuck is a polo enthusiast.

Eddie, rather grave in contrast to the ribbing speeches, responded: "I feel that you may not be honoring my profession. I hope some day to deserve all the nice things that have been said about me."

Movie personalities who participated in a national radio broadcast in connection with the dinner included Sophie Tucker, Deanna Durbin, Martha Raye, Judy Garland, Bob Burns, Jimmy Durante and Bill Robinson.

# California Water System 55 Per Cent Completed

LOS ANGELES, (P) — The great Metropolitan water district's Colorado river aqueduct, 392 miles in length, including its distribution system, and costing approximately \$220,000,000, will be 65 per cent complete this month (October).

Stretching across California from the Arizona boundary, the aqueduct will bring water to 13 Southern California cities in the water district.

Ninety-five miles of the aqueduct tunnels have been finished, and 104 miles of tunnels excavated.

# English Horses Stage Comeback

LONDON, (American Wire) — Horses are making a comeback in England, statistics collected by the Farm Economist Magazine indicate. Agricultural horses started to disappear in this country about 14 years ago, declining from the 800,000 to the 500,000. The reaction is believed caused by farmers' discovery that for some tasks horses are still more useful than tractors and if they have horses they might as well use them for jobs tractors can do faster.

# World's Champion Worm-Digger

OKLAHOMA CITY, (American Wire) — Mrs. Bertha Campbell, 31-year-old mother of five children, claims to be the world's champion earthworm digger. She estimates that she's dug more than 4,000,000 worms during the past three years, selling them at a dollar a gallon to sporting goods houses, and supporting her family on the proceeds.

"It's a good way to make a living, if you keep digging at it," she declares.

# Spectator Killed as Racer Crashes Fence

Ralph Roberts, 16, Alameda schoolboy, was fatally injured when an auto racer, driven by Sam Hanks of Alhambra, crashed through a fence at the Oakland speedway and struck him. Top picture shows the car crashing through the fence, and (lower) spectators rush to the aid of the injured lad.

# FINDS RARE SUPPLY OF MAGAZINES

Prospectors in old magazine literature have uncovered a gold mine in the Santa Ana store of Goodwill Industries, where an unusual collection of publications has been assembled by Superintendent George F. Ange.

Such almost-forgotten names as St. Nicholas, McClure's, Pearsons, and Youth's Companion are found among the collection, which dates back beyond the gay nineties and into the mauve decade.

The oldest magazine in the group is an 1881 copy of Harper's New Monthly Magazine, which nearly 20 years later changed its name to Harper's Bazaar, a weekly publication, in 1900.

There is also a Harper's Magazine of 1884, a different publication.

**MORE RELICS**

A St. Nicholas magazine of 1884 is found in the lot, with a Youth's Companion of 1882, Delineator and Designers of the eighties, a Ladies Home Journal of 1890, a copy of Century Magazine of the same year.

A copy of Good Housekeeping of 1891, Review of Reviews of 1892, and the jubilee number of Ladies Home Journal, issued in November, 1893, likewise are found.

**LADY OF THE TIGER**

The jubilee issue included an article by Frank R. Stockton on "How I Wrote 'The Lady and the Tiger,'" and "The Story of the Journal" by Edward Bok. Frank O. Small and a young fellow named Charles Dana Gibson were among the illustrators.

A copy of McClure's of 1895 is there. Next in age is an 1899 copy of the Boston Cooking School Magazine.

The collection rounds the turn of the century with a set of Saturday Evening Posts starting in 1900 and covering every year since. There is an American Monthly of 1902 and a copy of The World Today, of 1910.

# American Women Have Lovely Hands

By BETTY CLARKE

Cecil Beaton has changed his mind about American women. When that thirty-ish English photographer, writer and fashion artist visited the United States in 1929 he said he thought English women were more beautiful than American.

Now, get ready for his change of mind. I interviewed him in the

Waldorf Towers after his arrival for another photographing tour in this country and this is what Mr. Beaton said:

"American women don't have the charm of the English women, or their well-shaped heads. But they have marvelous hands."

"Don't you enlarge on that?" I asked him.

Mr. Beaton hesitated. Then he managed: "Certainly, they look more utilitarian." And that's about as far he would go.

So I went up to see Peggy Sage, who's been in the beauty business

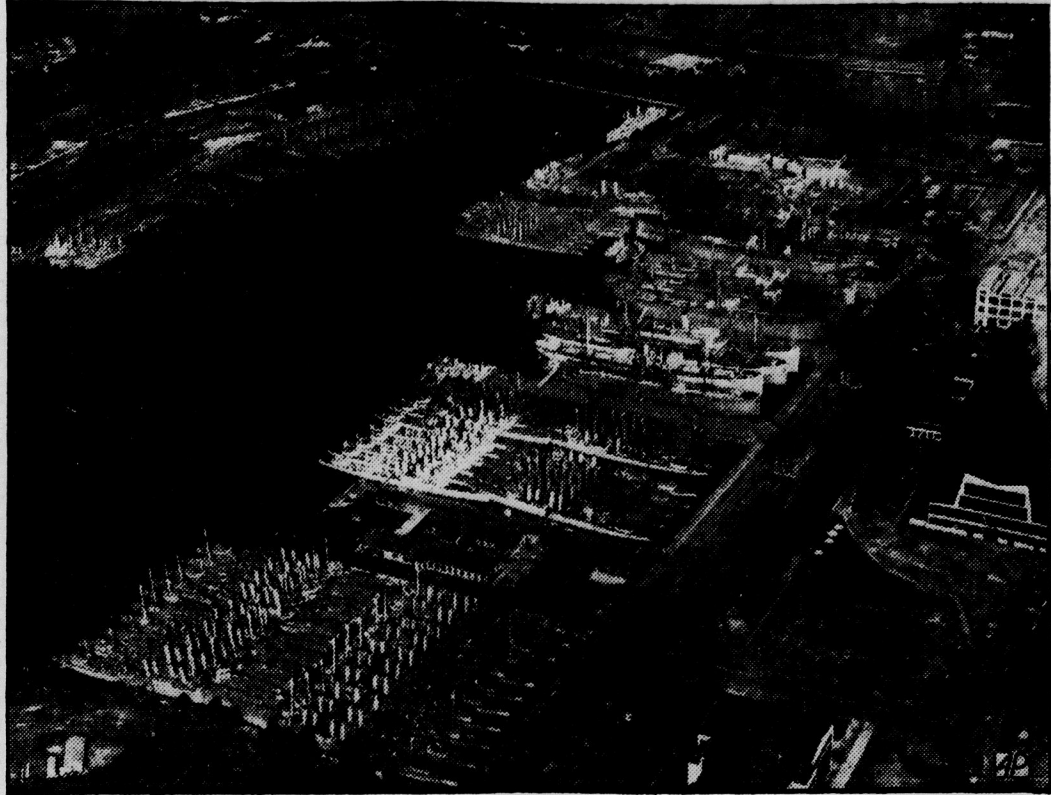

**FOR BRITTLE NAILS**—Work nail cream in at the base with a rotary motion. Leave a little cream around the base when you go to bed.

Keep them well groomed, exercise them. Keep cuticles pushed back. If you use nail polish see that it is trim. Be sure your fingernails are filed to the same length.

If your hands are rough or red, massage them nightly with cream—hand cream is cheaper than cold cream. Work the cream down from the second joint over the hand and across the wrist, as if you were putting on a glove. Massage upward from the second joint to the fingernails with a twisting movement to stimulate the circulation in the direction of the nail.

# Home for Useless Ships From Air

Stockyard for white elephants is the Kill van Kull at Staten Island, N. Y., where float rusting government ships turned out hastily during boom days of the World war at a cost of \$1,200,000 apiece. This aerial view shows the phantom fleet, now being sold for junk at prices ranging from \$14,000 to \$50,000. To Joseph B. Kennedy, head of the U. S. maritime commission, falls the task of ridding the country of the relics.

# Temperamental Toscanini to Lead His Orchestra Again

LONDON. (AP) — Temperamental Arturo Toscanini, who threw down his baton and stalked out of a British broadcasting company orchestra rehearsal, will give the orchestra another chance to do Beethoven's ninth symphony—without sour notes.

The Italian maestro, declaring he would not go through with a concert scheduled for next week, blew up when he could not obtain the desired execution of a passage in the third movement of the symphony.

Today the British Broadcasting

# NEW RADIO TO START SUNDAY

SANTA BARBARA. (AP) — Radio station KTMS, owned and operated by the Santa Barbara News Press, will broadcast its first program next Sunday at 7 p. m.

The station will be on the air from 7 a. m. to midnight during the week and 8 a. m. to midnight on Sundays. It is affiliated with the blue network of NBC.

# Avocado Growers Plan Good Will Tour to Mexico

Local and other Southern California avocado growers plan to hold a unique international goodwill tour and pilgrimage next April 17 to Atlixco, Mexico, where they will express the gratitude of California's avocado industry to Mexico, and to A. LeBlanc, the owner of the parent Fuerte variety avocado tree. The event is announced and sponsored by the California Avocado association, the cultural non-marketing society of the industry.

Seventy-five to 80 per cent of the present avocado acreage planted in Southern California is now of the Fuerte variety. Budwood from the parent Fuerte tree was first sent to California in 1911. Today approximately 10,000 acres of local orchards are of this variety. Atlixco is 100 miles south-east of Mexico City. Although the youngest such industry in the world, California's avocado industry is already the largest such cultivated industry existing, leaders of the local cultural association assert.

The basis of Chinese social organization is a closely knit and highly organized family.

Company's music executive, Owen Mase, laughed the incident off as trivial.

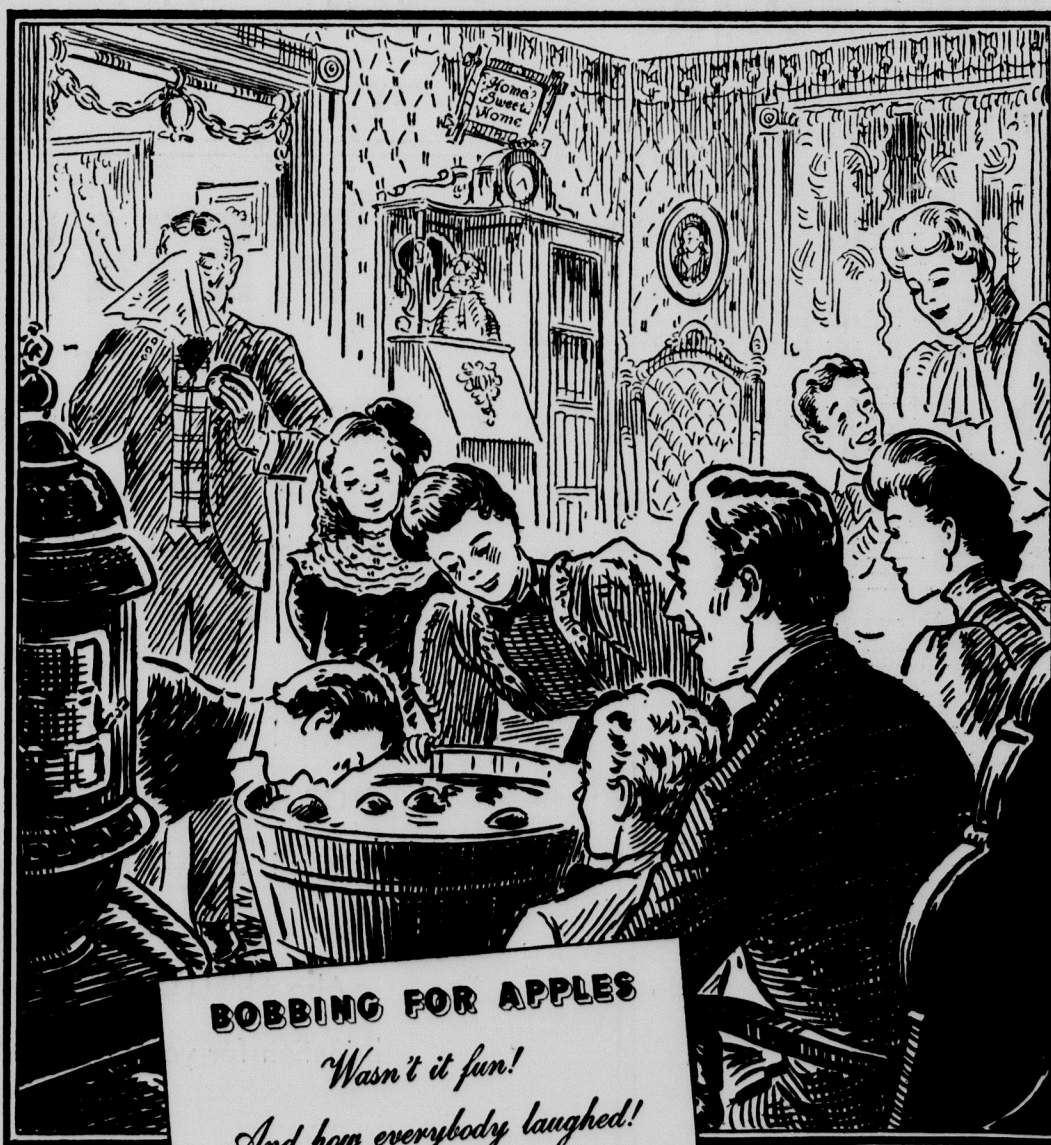

"The orchestra will rehearse under Toscanini again today," Mase said. "Toscanini found the orchestra rather tired yesterday and could not get what he wanted, so he stopped the rehearsal. But there is no question of him not continuing to conduct."

# Dana Point Firm Incorporates

Formed almost five years ago, the Dana Point corporation had filed articles of incorporation today with the county clerk's office here.

Sixty thousand shares of stock with no par value are provided for in the articles, which were first filed with Secretary of State Frank C. Jordan Feb. 27, 1933.

Directors listed are J. M. McCroskey, T. A. Jordan, J. P. Bennett and S. H. Woodruff of Los Angeles and F. A. Burrell of Glendale.

# COURT UPHOLDS P. O. DECISION

SAN FRANCISCO. (AP) — Conviction of Harry L. Jarrett, Los Angeles postal clerk, on a charge of tampering with the mails, was upheld by the circuit court of appeals today.

Jarrett, special registry clerk in the customs division, was convicted of taking \$102 from a decoy letter, and sentenced to 18 months imprisonment.

He claimed he was convicted wrongly because the letter never was intended to go through the mail, but was addressed to a fictitious person in Hollywood.

# WOMAN, 83, ASKS DIVORCE

ROGERSVILLE, Tenn. (AP) — Mrs. Ellen Jones, 83, sought a divorce from 84-year-old William H. Jones today.

Married 57 years and the mother of eight children Mrs. Jones asked her freedom on the grounds that her husband treated her "cruelly" and was "unfaithful." She named a young woman as co-respondent.

# Spiritualists Open School For Members of Order

BALTIMORE. (AP) — The International General Assembly of Spiritualists, opposed to those who "fake" communication with the dead, may send its own mediums to school.

Arthur Ford, of New York, president of the assembly convening here, said the spiritualists would consider endorsing a training school for mediums and lecturers.

The purpose, he said, would be to "tighten up the restrictions on the profession and eliminate the fakes."

"A true spiritualist," Ford said, "is one who believes, as a part of his religion, in after life and communication with the dead."

Public seances, telepathic and clairvoyance demonstrations will be held at the night sessions of the convention.

"Our mediums will, we hope, communicate with a number of people at these nightly seances," Ford said, "but they will do so solely in the interest of proving our case to the public."

"Most people think of spiritualists as a bunch of nuts sitting in a dark room with tambourines floating around their heads. 'I haven't been in a dark room for years. Everything along that line at this convention will be done

in the open and in a lighted room."

Hannen Swaffer, London journalist who succeeded Sir Arthur Conan Doyle as honorary president of the spiritualist movement, will address the assembly Sunday night.

# 'OLDEST' AUTO ON EXHIBIT

NEW YORK. (AP) — What is believed to be New York state's "oldest workable" automobile is on exhibit at the national automobile show.

The vehicle, an 1889 two-cylinder comet owned by Carl D. Hubbard of Marathon, N. Y., was discovered after a state-wide search by Motor Vehicle Commissioner Charles A. Harnett.

Food store sales account for 25 per cent of the consumers' dollar in the United States. Some 21 per cent goes for clothing and related items.

# COLLEGE WILL HONOR HERO

WATERVILLE, Me. (AP) — Colby College will honor, Nov. 8, the memory of a one-time Maine farm boy Elijah Parish Lovejoy, whose death Abraham Lincoln noted "as the most important single event that ever happened in the new world."

Lovejoy was killed a century ago at Dalton, Ill., by a mob which had become incensed by his anti-slavery editorials.

Former President Herbert Hoover will speak at the Colby convocation.

# FOUR NAMED TO HONOR FRAT

EAGLE ROCK. (AP) — Four members of the senior class of Occidental College have been elected to membership in Phi Beta Kappa, national scholarship fraternity, it was announced today.

They are: Glenn Dumke, Glendale; Josephine Paulson, Pasadena; Nancy Garrett, South Pasadena, and Pierre Haig, Los Angeles.

## TRIBUTE PAID TO BACKS BY ASSOCIATES

A courtroom crowded with attorneys and friends of the late County Clerk J. M. Backs today heard solemn tribute paid his memory by judges, members of the bar and public officials.

Memorial services for Mr. Backs, who died suddenly Oct. 18, saw a large photograph of the veteran public servant unveiled and a resolution of appreciation entered on the minutes of the superior court. Superior Judges H. G. Ames, G. K. Scovel and James L. Allen sat en banc to preside over the services, which were attended by members of Mr. Backs' family.

### MANY PAY TRIBUTE

Speakers who paid tribute to the memory of the veteran public service were L. A. West, who presented the resolution; H. C. Head, Stanley Reinhaus, W. B. Williams, former county clerk in whose term Mr. Backs first became a public employee; Nelson T. Edwards, former clerk; Judge R. Y. Williams, Judge F. C. Drumm, Al L. Hitchcock, chief deputy under Mr. Backs; Basil J. Smith, appointed to the clerk's post after the death; Raymond Thompson, president of the bar association; Supervisors Willard Smith, Harry Riley, Steele Finley and N. E. West; T. B. Talbert, former chairman of the board of supervisors, and Judge Ames.

Thompson presented a photograph to the county on behalf of the attorneys, and Willard Smith accepted it. The resolution follows:

### SHOCK TO COUNTY

"On Oct. 15, 1937, J. M. Backs, county clerk and ex-officio clerk of the superior court of the county of Orange for 18 years, 10 months and 15 days, apparently in good health, was suddenly stricken with fatal illness and within a few hours was dead.

"The news of the decease was a great shock to the citizens of Orange county.

"The sudden termination of his faithful and efficient services as a public official of this county has resulted in a personal loss to each member of the Bar Association of Orange county and the vast number of citizens who personally knew him, and all of whom regard his faithful and efficient services to the people as a part of their own history. His death is a memorial but as a monument to his life and character.

"Now, therefore, be it resolved by the Bar Association of Orange county:

**A FRIEND LOST**  
"That in his death the Bar Association of Orange county has lost a friend of every member of said association.

"That the citizens of Orange county have lost a faithful and efficient public servant who never lost his calm balance and who regarded his office as a public trust and himself as the servant of all the people.

"That the personal conduct and walk of J. M. Backs among his fellow citizens, and his long, faithful and efficient public service constitute both memorial and monument to his career.

"That as a lasting testimonial of the honor and respect felt by every member of this association for him, a copy of these resolutions be spread upon the minutes of this court and the records of the Bar Association, a copy given to the public press and to the members of his bereaved family."

## OFFICIALS MUST TEST FEE LAW

Four county officials will have to file a mandamus action in superior court to get a ruling on legality of the slightly shopworn county salary ordinance, which became effective today. This may occur next week.

The officials, Recorder Fred Sidebottom, Public Administrator Earl Abbey, Treasurer T. E. Stephenson and Sheriff Logan Jackson, are required to turn in their fees to the county treasury under the new law, and there are to get part of them back as extra compensation, since their salaries cannot be raised until the next term of office. They cannot hold the fees themselves, because state law makes it a felony not to account for them.

Dist. Atty. W. F. Menton has ruled this illegal, but a court decision hinges on filing of an action against the county by one or more of the four affected officials. Menton today was preparing an opinion for Auditor W. L. Lambert, who must decide whether or not to allow the officials to have part of their fees back, as provided in the ordinance.

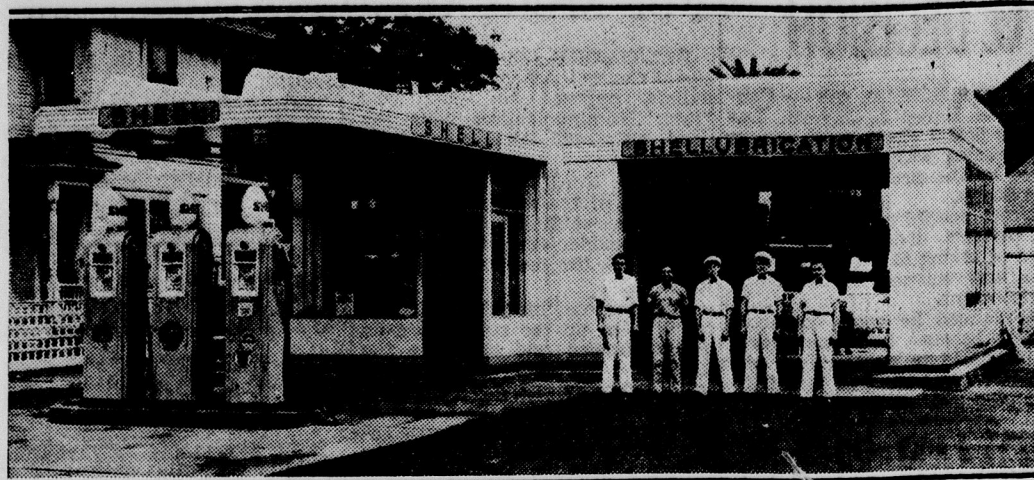

A climax may be reached next week when the fees are turned in by a Friday. Should Lambert refuse to pay the officials anything but their salaries—Abbey gets no salary—they must file suit to test the ordinance.

## Pre-Byzantine Ruins Excavated

ISTANBUL, Turkey, (American Wire)—Digging to uncover remains of pre-historic culture prior to the Greek and Byzantine settlements was under way here today with excavators spurred on by finding vestiges of a hall about 50 feet long and 18 feet wide. Dr. Bosart Dean of the Archaeological Institute started the excavation on the top of the first of the seven Istanbul hills.

Greater New York has about 5500 miles of streets, approximately two-thirds of the mileage paved.

## Santa Ana's Newest Super-Service Station

Pictured above is the new super-service station being formally opened today at Seventh and Main streets with G. W. Bassett, Jr., as manager. The station, handling Shell products exclusively, has been constructed with an investment of \$10,000.

## SHELL OPENS NEW STATION HERE TODAY

A modern tribute to the latest ideas in service station construction will be opened for inspection and patronage on the corner of Seventh and Main, in the heart of Santa Ana.

This station has just been completed and will handle a complete line of Shell products exclusively. The latest innovations in complete facilities for the rapid and efficient dispensing of gasoline and other petroleum products have been installed.

### BASSETT IN CHARGE

Claude Brakebill, local manager for Shell Oil company, said that general G. W. Bassett, Jr., prominent member of the Cantando club, scoutmaster of Kiwanis troop 23, and member of Phi Sigma Tri fraternity, will be manager of the new dealer station, assisted by A. T. Pryor, W. T. Ward, R. R. Smith and L. J. French.

"To celebrate our grand opening, which starts today and continues through Sunday, we are giving every lady that visits our station a flower and balloons for all the children. One of the features here that has interested the people who stopped in during the past week has been the \$600 worth of lubrication equipment, which we think is the finest in Orange county," Bassett said.

"Equipment on the station," said Bassett, "consists of three modern computing gasoline pumps which will throw 10 gallons of fuel into a car in something like 55 seconds. A modern air-lift hoist, built to take care of lubrication needs, gives ready access to any moving parts of a car or its chassis. Approximately 20 different guns, each with a different grade of lubricant for a car, are in the equipment. Some \$10,000 has been spent on this location; not less than \$1000 for unique tiled restrooms.

"Our new station will remain open 24 hours a day to give complete service to all our patrons," Bassett added.

## BRITON LEADER IS ATTACKED

LONDON, (AP)—Herbert Morrison, labor leader, today presented a motion of lack of confidence in Prime Minister Neville Chamberlain's government which he charged with pursuing a policy of isolation and "running the risk of drifting into a first class war against a first class power."

The prime minister, he charged, "was a man possessed with a crude mercantile class outlook."

The labor leader suggested international cooperation in the cause of peace, with an international air force.

**French Troops Fight Arabs**  
RABAT, French Morocco, (AP)—A detachment of French foreign Legionnaires, encircled today by a mob of Arab nationalists at Per threw hand grenades into their midst, wounding six.

It was reported the Arabs attempted to demonstrate against French rule in Morocco.

At Oudjda, in Algeria, French troops charged a crowd of demonstrators, wounding 10. Forty were arrested.

**Hungarian Bell Ringer Praised**  
BUDAPEST, (American Wire). Mrs. Stephen Fejes of Fergyevenek, Hungary, is surprised she is receiving much attention nowadays. Authorities of the country discovered that for 17 years she has cultivated the 200 roses growing in the local parish church garden, tended the public school, been the only woman bell ringer, kept the church clock properly oiled.

## NOBLE SOUGHT BY POLICE

LOS ANGELES, (AP)—Robert Noble, 39, father and promoter of the "25 Every Monday Morning" old age pension plan, was sought by district attorney's investigators today on a charge of attempted extortion.

Deputy District Attorney Donald Avery filed the complaint yesterday, recommending that he be fixed at \$10,000. He charged Noble made threats Oct. 13 against Victor Dalton, KMTB radio station official, that he would ruin the station's business and attack it with a mob and guns, if he were not granted half an hour free time on the air six days a week.

## Surgeons Open Annual Parley

LOS ANGELES, (AP)—More than a thousand physicians and surgeons met today in the opening session of the 97th semi-annual Southern California Medical association convention.

The program called for a study of every branch of medical science. Three clinical discussions were on the program this afternoon. The highlight of today's sessions will come this evening when Dr. Hans Lissner, director of the ductless gland metabolic clinic of the University of California at Berkeley and Dr. Frederick P. Woellinger of the University of California at Los Angeles speak.

Ordinary ropes 12 and 14 inches in diameter were strong enough to haul the fire-wrecked Morro Castle from the beach at Asbury Park, N. J.

## APPEAL TO FDR TO HALT P. E. STRIKE

LOS ANGELES, (AP)—Two thousand trainmen and bus operators, employees of one of the nation's greatest interurban transportation systems—that the Pacific Electric Railway and its affiliate, the Motor Transit Company—were under orders today to leave their jobs at 2 a. m., next Tuesday.

Civic officials, however, immediately set machinery in motion to forestall the strike, planning a petition to President Franklin D. Roosevelt to appoint an emergency commission to study the transportation crisis.

The emergency commission would be given 30 days to hear each side to the dispute. The union is demanding an approximate 30 per cent wage increase which would give one-man car and bus men 90 cents and hour and two-man car operators 80 cents an hour.

Vice-President D. A. MacKenzie of the Brotherhood of Railroad Trainmen set the walkout hour yesterday after his announcement that the National Mediation Board had failed in its effort to reach a settlement. He said company officials had refused arbitration, leaving an appeal to President Roosevelt the only possible means that the strike can be averted at the hour called.

An auto accident in Jasper county, Mo., last June 6 found its way into Orange county superior court today.

## Missouri Crash Causes Suit Here

Ruth Gould, through her attorney, Franklin G. West, filed suit against the Sinclair Refining company for \$2995 damages. She alleges a Sinclair truck driver was responsible for a crash in which she was injured in Missouri.

## Olive Oil Will Be Car Fuel

PARIS, (American Wire).—Automobiles and trucks in the French North African province of Tunisia will use olive oil as a lubricant, according to an announcement by the government of Tunisia. Since olive oil is abundant and cheap and petroleum has decreased that 25 per cent of olive oil must be added to all motor lubricant.

## BIG GRAIN MEN

DALLAS—City Detective R. W. Corn put in a call for a fellow officer in Fort Worth.

"Mr. Cobb is ready," said the Fort Worth operator.

"Mr. Corn is ready," said the Dallas operator.

The Fort Worth operator tittered:

"They ought to get together sometime."

## JOCKEY LOSES HORSE RACE COURT FIGHT

Judge Hears Testimony That Mount Was Doped

SACRAMENTO, (AP)—Thomas J. Carroll, suspended race horse trainer, lost a point in superior court here in his action to force the California horse race commission to restore his license.

Two affidavits were admitted to Judge Peter J. Shields which purported to show Carroll, a horse owned by Norman W. Church, and trained by Carroll, was drugged at Santa Anita track last New Year's Day.

United States Senator Euron K. Wheeler of Montana, who is appearing for Carroll, objected to the introduction of the affidavits, contending Ralph H. Cowing, deputy attorney general, appearing for the commission, had agreed to argue from the records of a previous session and submit no additional evidence.

Judge Shields remarked it seemed to be an "unfortunate error" but said he wanted to have all the facts before him in considering Carroll's demand that the commission restore his license.

Wheeler is to argue in rebuttal after Cowing concludes his argument.

## DEVICE WARNS FAST DRIVERS

KANSAS CITY, (American Wire)—Drivers can't tell the officer they didn't know they were going so fast, if an invention of Dewey Ellis, detective here, is adopted.

A speedometer mounted at eye level, so the motorist won't have to take his eye from the road, flashes changing lights as the car increases speed; for example, it might be green up to 25 miles an hour, amber to 30 and red up to 35. At high speeds a buzzer goes until the driver slows up. It can be adjusted to conform with various speed limits.

## Tampa Girls Prefer Careers to Marriage

TAMPA, Fla. (AP)—Pretty Tampa high school girls, ranging in age from 14 to 19, are little interested in marriage but strong for careers.

Of 216 voting in a poll of the Girls' Reserve club at Hillsborough and Plant High schools, only four said they were thinking of matrimony.

Thirty want to be stenographers, 25 nurses, 17 teachers; 59 have their eyes on other careers, and 18 plan college courses. Sixty-three haven't made up their minds.

## How to Conceal Nose Crookedness

NEW YORK, (American Wire)—Don't part your hair in the middle, girls.

And see that the part slants parallel to or in the opposite direction to the slant of the nose. Otherwise, the crookedness of the nose will be accentuated, according to Robert Sievers, hair stylist and "nosologist." Nearly all women have crooked noses—noses that slant either to right or left, he says.

Even the Duchess of Windsor does not possess regular features and therefore should choose a side part.

"She shouldn't part her hair in the middle," says Sievers. "She needs a softer hair line. With her broad forehead, she should part it on the side."

## NAZIS RULE OUT MILITARISM IN GIRLS' LABOR SERVICE

COME AND GET IT  
Potato masher and frying pan double as a dinner gong in a German girls' labor service camp.

BERLIN, (AP)—Twenty thousand German girls, between the ages of 17 and 25, daily lend willing hands to farmers' wives and country mothers. It's part of the labor service.

According to Reichsleiter Constantin Hierl, leader of the compulsory labor service—compulsory for young men but not yet for girls—the labor service is to build character, teach loyalty to the national-socialist idea and to the Fuehrer and to inculcate team spirit.

## Police, Short of Funds, Make Own Ammunition

GRAND RAPIDS, Mich. (AP)—The pioneers who made their own bullets and measured out their own powder haven't a thing on the Grand Rapids police department.

Confronted with budget limitations which hindered pistol practice for the department, Superintendent Frank J. O'Malley ordered Patrolman Walter F. Weber to see what could be done about it. Weber recently reported that more than 39,000 cartridges had been made from reclaimed cases, lead and tin since Aug. 1, 1936, at a cost of \$160 as compared with the \$800 the ammunition would have cost new.

Degas was both a sculptor and a painter. He was known best for his paintings of ballet dancers.

have passed through this service. There are 500 camps in the Reich, each taking care of 40 girls.

### FOR 'ARYANS' ONLY

The service lasts 26 weeks and each girl must prove she is "Aryan" and must be passed by a doctor before she can enroll. She gets free board and lodging, a working kit, parade uniform, two pairs of stout shoes, bed linen, hand towels and 8 cents a day pocket money.

The day begins at 5:25 with the camp leader on duty bawling a gong and giving the girls a gentle "good morning." Camp leaders are enjoined to avoid all appearance of militarism. Fifteen minutes of exercise is supposed to shake the sleep out of the eyes of the "Arbeitsmaiden." Breakfast follows the ceremony of hoisting the flag—the usual swastika with the addition of a stencilled double ear of grain—and the giving of the Nazi salute. She is on the job by 7 a. m.

Some girls work in kindergartens for farm children or take care of the farm wife's babies.

## SAN GABRIEL DAM BID IS ACCEPTED

LOS ANGELES, (AP)—Contract for construction of the outlet work on the \$16,000,000 San Gabriel dam was awarded by the board of supervisors today to the Consolidated Steel Co., on its low bid of \$189,761.

The main portion of the dam was completed two years ahead of schedule. Installation of the outlet work will start immediately and it is estimated it will be completed by next May.

in other farm work. On no account, the instruction emphasizes, is the land girl to do "men's work."

At 9:30 there is a second breakfast. Around 2 in the afternoon work is over for the day. After a hearty meal one hour is devoted to a good sleep. This is obligatory. Then until 5 p. m. the girls may do as they please. From 5 to 6 p. m. state political instruction is given. After the evening meal there are singing and games. The beloved concertina is much in evidence. The day is ended with the hauling down of the colors and the solemn Nazi salute. Lights go out at 9 p. m.

## Coeds Wear Ribbons For 'Fur-Away' Beaux

ROCHESTER, N. Y. (AP)—Twelve girls in the Women's college at the University of Rochester meet every Friday night to try

to bring their "hearts" a little closer. The girls are members of the "My Love and I Are Far Apart Club," an organization whose members pine for boy-friends at some distant place, whether Harvard, Princeton, or just "back home." All members of the club wear yellow ribbons around their necks to identify their affiliations. The insignia comes from the song, "Around Her Neck She Wore a Yellow Ribbon." At meetings the girls discuss "heart problems" and talk about their boy-friends to sympathetic listeners.

## Predicts Eruption Of Island Volcano

HONOLULU, (American Wire)—An eruption of Mauna Loa, 13,627-foot volcano on the Isle of Hawaii, will occur shortly in the opinion of Dr. T. A. Jaggar, volcanologist of the U. S. national park service. Heralai, another major volcano on the isle, may also become active soon, he believes.

## 'STAMP WAR' PARLEY SET FOR NOV. 2

WASHINGTON, (AP)—Secretary Hull announced today representatives of the United States, Costa Rica and Venezuela would hold their first meeting in San Jose, Costa Rica, on Nov. 2 in an effort to mediate the "postage stamp" boundary dispute between Nicaragua and Honduras.

Frank P. Corrigan, American minister to Panama, will represent the United States.

## The Completion and Grand Opening of A NEW AND GREATER BROADWAY!

YOU may think of Broadway as being built of cement, steel and asphalt . . . It is. But Greater Broadway is built of something we cannot see . . . something we can only feel. Greater Broadway is built of dreams . . . the dreams and ambitions of those progressive merchants who bring you their messages today in this Greater Broadway Edition of The Journal.

Their dreams have built for their respective street a foundation more enduring than cement, far stronger than steel . . . the knowledge and reputations for honest merchandising at the minimum of cost to their customers.

Today their dreams and ambitions and ideals are helping to build an even greater Broadway for the future. Many of Broadway's merchants whose names appear below, have lived through the prosperous as well as the lean years of Santa Ana and California. They can remember the sprawling town of years ago and they can compare it with the city of today. They have helped to build the present and for them the past and the future are one!

You believe in Santa Ana, too. You believe in Broadway. You believe in her future the same way these merchants do. Then dream and plan for the future . . . yesterday's dreams are here . . . let's all pull together for a greater and bigger Santa Ana . . . and a Greater Broadway.

## UNITED WAS WARNED OF STORM, CLAIM

Pilot Testifies in Fatal Crash Quiz

SALT LAKE CITY. (AP) — An experienced transport pilot testified at a federal inquiry yesterday that he notified United Airlines of a terrific storm sweeping Northeastern Utah on the night a huge luxury "mainliner" carried 19 persons to death on a rugged mountain slope.

A. S. Mooney, Jr., pilot for Western Air Express and 20th witness to testify before the federal department of commerce special investigating board, related that on the evening of Oct. 17, date of the tragic crash, he attempted to make a scheduled flight for his company from Salt Lake City to Butte Mont., but was forced back.

He told of running into severe ice-forming conditions at an elevation of 10,500 feet, while a gale approximating 70 miles an hour drifted his ship eastward toward the mountains.

At 7:21 p. m., he testified, he informed his office of the condition. His office, he said, informed United Airlines and the weather bureau. Mooney estimated that from the speed of the gale, the storm would have reached the southwestern Wyoming area in one hour.

The "Mainliner" last reported to

## Wasteful, Empty-Headed Girls!

BOCKING, Essex, England. (AP) The Dean of Bocking, the Rev. Edgar Rogers, is waging war against confetti at weddings. "Before a wedding, a deposit of five shillings must be paid," he said. "If no confetti is thrown, the deposit will be returned; if confetti is thrown, then so much of the deposit will be used as will pay for the tidying of the church-yard. "Usually a pack of empty-headed girls, who are not even guests, cause this wasteful litter. It must be stopped."

## Stump-Pulling Made Easy, Silent

BERLIN. (American Wire) — Easy silent stump pulling is assured with an invention of Nickish-Rosenek, German engineer. The principle of the hydraulic pack is used. Chains fastened around the stump to be removed and connected to a tripod placed over it lift with a force of 66,000 pounds.

Carroll F. Soper, Western Air dispatcher who followed Mooney to the witness stand, testified that he relayed the pilot's weather report to United Air and the weather bureau.

"I did not anticipate the weather into which I ran," Mooney said. "There was no way of knowing of those conditions or of the wind shift when I took off."

## Death in the Making

This unique picture shows two bombs being dropped by a Japanese plane flying over Chinese positions near the Peiping-Hankow railway in China. The picture was taken by Takafumi, son of General K. Hishikari, aboard an accompanying plane. Here is death in the making for Chinese below.

## SEEKS TRAIL OF ANCIENT MAN

LONDON. (American Wire) — Proof a land bridge may have connected Malaya and the Asiatic continent in prehistoric times will be sought by Dr. Hellmut deTerra, associate curator of geology and paleontology of the Academy of Natural Sciences in Philadelphia, he said today.

Dr. deTerra's expedition is about to embark on a 25,000-mile journey through southeastern Asia, Java and the Philippines.

## 'Blind Soaring' Pilot Necessity

LONDON. (American Wire) — "Blind soaring" is necessary if one is to be considered an expert glider pilot, according to Philip A. Wills, leading English pilot. A small electrically-driven air speed indicator has been perfected for such flying. Steering is done with the aid of a magnetic compass.

## NEW AIRPLANE TYPE STUDIED

WASHINGTON, D. C. (American Wire) — A single seater pursuit plane with pusher type propellers and capable of going over 300 miles per hour is being given serious consideration by the army air corps, officials admitted today.

The plane, which was designed and built by the Bell Aircraft corporation, has several radical departures from usual pursuit plane types. It accommodates a crew of five — pilot, co-pilot, navigator, radio operator-gunner and two out-board wing gunners. It has six guns.

## Soviet Scientists Seek Meteorite

MOSCOW. (American Wire) — Possibly the largest meteorite ever to fall in Russia was being sought today in the Komarinsk district of White Russia after the discovery of two fragments. One of the fragments weighed about 660 pounds.

## TRAFFIC IN PEIPING IS HALTED

Emperor's Messenger Honored in Parade

PEIPING. (AP) — This ancient city, once the proud capital of China, was treated yesterday to an exhibition of Japanese imperial pomp.

Chinese watched in awed surprise as the streets were cleared of all traffic while Colonel Shitei, the Japanese emperor's aide de camp and personal messenger, visited the captured city. He brought a message from Emperor Hirohito and imperial gifts of cigars and cases of sake (rice wine) to Japanese officers and troops here.

The Chinese were convinced the Emperor Kang-Teh had returned, for according to old Chinese custom, the streets never were cleared except for the imperial ruler.

Kang-Teh, ruler of Manchoukuo under Japanese protection, once was the "boy emperor" Hsuan Tung of China and sat on the dragon throne in Peiping. He abdicated in 1912.

Many foreigners were isolated for hours from their homes or offices. American and other foreign automobiles, including embassy vehicles flying flags and bearing diplomatic immunity license plates, were stopped and ordered off the streets, the same as beggars and street vendors.

Japanese cleared the streets at the point of pistols in preparation for the reception of Colonel Shitei, while Chinese police roughly handled Jinrikisha pullers and civilians.

Japanese gendarmes knocked down, kicked and beat a prominent Japanese civilian official who attempted to escort foreigners across a street.

## Armistice Celebration to Cover Three Days

County-wide celebration of Armistice Day this year at Fullerton will require three days. Commander D. W. Lewis of Fullerton Post 142, American Legion, said today.

The Fullerton post meeting the evening of Nov. 9 is open to the public and Senior Past Commander Emerson J. Marks of the fourth district appellate court of California will be present. On Wednesday, Nov. 10, Justice Marks, who is also an honorary life-time past-president of Fullerton Rotary club, will address a joint meeting of Legion and Rotary to which Legionnaires and Rotarians of the county have been invited. The 21st California district commander, Fred Dukes of Buena Park, will be present. Mrs. Marks will accompany Justice Marks.

## Football, Too, Has Its Etiquette

By JOAN DURHAM  
AP Feature Service Writer  
Football has its back-seat drivers. Only they're known as "grandstand quarterbacks."

Lou Little, volcanic man-mountain coach at Columbia University, knows the species. "You never hear 'em say anything before the play is made," he fumes. "If it's the right play, nothing's said afterwards. But if it's wrong they start giving out the solution after the thing has gone to print, so to speak."

So, football fan, don't be a grandstand quarterback. There are several other types of football-game pests and Lou Little classifies them something like this: Umbrella-pokers, mustard-smearers, coffee-spillers and ash-scatterers.

About umbrellas. "If you think it is going to rain," Lou says, "you ought to be prepared for it. Wear an oil-skin—but leave your umbrellas at home. They're apt to poke somebody in the eye—or irritate the neck belonging to the person in front of you or black out the view for the near-sighted person behind you."

Re mustard: "It's all right to eat frankfurters—and they should have mustard on them. But keep the mustard on the frankfurter. And don't let the coffee dribble from your paper cup to the beaver collar of the gentleman sitting in front of you."

Smoking in the stands can be a nuisance. Wind-blown ashes are likely to drift some time before settling down. They're very likely to burn holes in somebody's smart black reefer or get into someone's eyes.

No fan leaves the stands while a play is in progress. It's just as easy to wait until time out has been called or until the end of a quarter. And it's easier on the rest of the crowd if you use the aisles instead of bounding down over the benches.

There are times when you can't help getting up on your hind legs and rooting. But don't make it necessary for rooters behind you to waste their voices crying, "Down in front."

Where's the best place to sit? Near the 50-yard line and pretty high up, Lou says. If your scouting for players, however, you should park behind the goal posts—high up.

Additional entries for the parade received in the last few days are: marching units, Ladies chapter of Fullerton Izaak Walton league, Homestead Life association, Huntington Beach post, Clown Band of Fullerton post office, Homesteaders mixed drill team, National Guard 185th infantry, Fullerton Girl Scouts.

Floats: Fullerton 20-30 club, Huntington Beach post, Fullerton Izaak Walton chapter number 15, Jack Fisher chapter of Disabled American Veterans, Junior Auxiliary of Tustin, John B. Horner and C. Stanley Chapman are in charge of the parade.

Traffic control and emergency arrangements are being worked out by A. J. Craig, Police Chief James M. Pearson and Fire Chief Roy Davis of Fullerton. A lane across Spadra road, at Wilshire avenue will be kept open in case of a fire on the east side of town. Drug stores and doctors' offices along the line of march will be kept open for first aid, while the high school unit of the Red Cross will be prepared to handle emergency cases. The fire department inhalator truck will be kept in readiness near the judges' stand in front of the California hotel.

Past Commander Harry Suters will have charge of the judges and honor guests.

## WAGE RAISE FOR STATE MEN SEEN

### Personnel Board To Reclassify Employees

SACRAMENTO, (AP) — The state personnel board has begun a two-day session with a heavy schedule which includes reclassification of state employees with corresponding adjustments in salaries.

The motion of Chairman E. H. Christian that all state employees receiving less than \$100 a month be given a \$10 monthly increase is pending.

Assemblyman Gardiner Johnson of Berkeley will ask the board to reclassify Frances Otto as secretary of the industrial welfare board.

Mrs. Otto is now working in San Francisco as a stenographer in the industrial welfare department. From December 1931 until July 1935 she was secretary of the board but was reduced to a stenographer.

Johnson claims under the civil service law Mrs. Otto should be classified as a secretary at \$215 a month. As a stenographer she is receiving \$160 a month.

The industrial welfare board has not held a session for more than two years.

## Age of Turkish Brides Mounting

ISTANBUL, Turkey. (American Wire)—Marriage of young girls, an old Islamic custom, is on the decline, according to latest figures. More than one-half the number of Turkish women are married between the ages of 19 and 24, and one-third do so above that age. More than one of 10 marriages in this country ends in divorce.

## Old Bones May Provide Education

ANN ARBOR, Mich. (American Wire)—Robert Hughes may go to college next year because of a mastodon that roamed the plains at least 25,000 years ago. When the animal's bones were found near the Hughes farm, Hughes erected a sign, "Mastodon—10 cents a look." Receipts of one day totaled \$78. He plans to sell the fossil to a museum and send his son to college with the profits.

## Slants On Apple Pie

By MRS. ALEXANDER GEORGE  
AP Feature Service Writer

Apple pie is a live food topic any time of the year. But the harvest season is a good time to devote special attention to this toothsome favorite.

It's a topic you can't be dogmatic about. In the first place, you can't name any single variety of apple and say it is best for pie making. Every section of the country has its own ideas on that. But there is no argument if you assert that Jonathans, winesaps and McIntoshes all are good pie apples.

### NOT A STATIC SUBJECT

Even after you have selected your apples there are a number of possible procedures.

You can start with raw apples or perhaps you prefer to cook your apples first. You can use apples alone for filling or you can mix other fruits with them—dates or nuts, for example. And then the crust itself is subject to pleasant variations.

Many housewives have trouble making good pie crust. There is no reason why they should if they bear certain things in mind. One is to measure ingredients carefully. Another, use liquid sparingly and add it slowly. (Too much liquid or too much handling will produce hard, tough crust.)

Here are seven ideas for cooks who would like to serve apple pie, but still have something a little different:

1. Fill baked crust with apple sauce. Top with cream.  
2. Cover thin layer of biscuit dough with apple sauce. Roll and bake for 20 minutes. Serve hot, in slices.

3. Fill baked crust with apple butter. Cover with strips of unbaked pastry, arranged criss-cross. Bake 15 minutes.

4. Deep dish apple pie is a favorite. Place apple mixture in baking dish and cover with unbaked crust. Bake 30 minutes.

5. Mix sliced apples with raisins, brown sugar, spices and butter. Cook 4 minutes and, when cool, spread on six-inch pastry squares. Turn over in three-cornered fashion. Bake for 15 minutes. Spread with whipped cream or hard sauce.

6. Dutch apple "cake" is made by slicing raw apples and arranging them on a thin layer of rich biscuit dough. Sugar, cinnamon and butter are then spread over top. The "cake" is baked 30 minutes. It is good hot or cold.

7. Raisins, coconut, dates, The brand is a small wild goose. It exists along the eastern coasts of North America and in many countries in Europe.

## A Man's Dreams Deserve Respect

VIENNA, (AP)—The wife of a merchant here was suing for divorce.

"In his sleep," she told the court, "he is always talking about some Marie. He murmurs sweet things to her. And I know this Marie! She was his best girl before he married me."

But she lost. Said the court: "Infidelity in dreams doesn't count. Only cases of actual infidelity can be considered by the courts."

## Self-Lubricating Metal Described

LONDON, (American Wire)—A self-lubricating metal has been developed by England for manufacturing gun barrels, according to Miss Dorothy Spicer, famous woman aero-engineer. "After the second bullet has been fired one can actually see how the metal has lubricated itself. It is easy to see what great possibilities this may open up if it can be adapted for use in airplane and car engines," she said.

### THREE RINGS

A minister who had married many couples throughout years of service was being interviewed by a newspaper man.

"Now, Reverend, may I ask, what is the most unusual incident you can recall in regard to a marriage ceremony?"

"Well," replied the minister with a twinkle in his eye, "I think the time that the groom reached directly into the right pocket and produced the ring at the right time without a fumble or a tremble and placed it on the girl's finger faultlessly. I was so surprised that I asked him later what his profession was. He replied that he was a circus man—a ringmaster."

The National Jewish welfare board was organized in 1917 and has its headquarters in New York.

## SEARCH FOR AMELIA IS OUTLINED

OAKLAND, (AP) — A six months search for Amelia Earhart, missing flier, appeared in prospect today with announcement by Henry A. Ford, Oakland merchant, that he is having a 132-foot schooner reconducted in Seattle.

Sponsors of the project were not made known. Ford is part owner of the schooner—a three master with auxiliary Diesel power. Ford said the schooner would carry a crew of 21, a small seaplane and full radio equipment.

Miss Earhart and her navigator, Frederick Noonan, disappeared on a flight from New Guinea to Howland Island in the mid-Pacific.

## Probationer Must Walk 'Straight And Narrow'

ELYRIA, O. (AP)—Alvin Sanders, 27, was placed on probation on an automobile theft charge, but he'll have to walk the "straight and narrow." Judge D. A. Cook, in suspending the sentence, decreed that for five years Sanders must take no alcoholic drink, not even beer, must stay out of any place where liquor is sold, and must not gamble.

## Geyser-Powered Railway Expected

ROME, (American Wire)—Efforts to harness a giant geyser to furnish electricity for Italy's railways were proceeding today in the province of Pisa with engineers enthusiastic over the undertaking. The "white coal" will be utilized within a year and a half, they predicted. The powerhouse it will operate is under construction. Ways to cleanse the steam of volcanic gases, which would corrode turbines, were being studied.

## Kipling's Phrase Erased for Peace

BROADSTAIRS, Kent, England. (AP)—Lines from Kipling's "Recessional" are to be erased from a Lusitania raft on Broadstairs pier. The phrase "lest we forget" has offended foreign visitors and recently a man was fined for defacing them with paint.

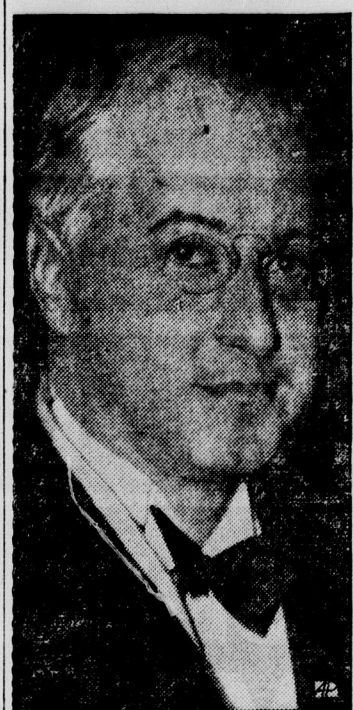

"If this (erasing the lines) will take us one tiny little step towards peace, friendship and goodwill, we should do it," the town council stated.

## Violin Soothes Mutinous Sailors

LONDON, (American Wire)—When it looked like mutiny he played Beethoven's Sonata in F on his violin and the crew cried. That's the story of Cecil Frederickson called "Fiddling Freddy," by the crew of the British freighter Sherard Osborn. The crew is in London being questioned by board of trade officials regarding mutinous conduct charges preferred by the captain.

## BOSSY GILLIS TO RUN FOR MAYOR AGAIN

NEWBURYPORTE, Mass. (AP) — Newburyport got ready today for some more fun—"Bossy" Gillis is going to run for mayor again.

The city's "bad boy" mayor who wants a fourth term—his name is Andrew J. Gillis—once ran a political newspaper so hot he called it "Asbestos." He last achieved fame for his proposal to pasture cows on a school lawn to keep the grass cut.

He's reticent about campaign plans but he thinks the system he adopted two years ago was effective. He took his wife's advice and "kept my mouth shut." He credits his victory to that.

## EMPLOYMENT OFFICER IS ADVANCED

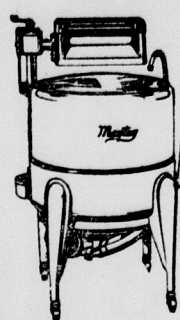

SACRAMENTO, (AP) — Sol N. Sheridan, a former San Francisco newspaperman, was appointed associated chief of the service.

Roy S. Stockton, chief of the employment service, who made the appointment also named Irvin F. Stewart of San Francisco to the position of veterans' placement representative.

Sheridan, a former San Francisco newspaperman, and Stewart, who has been with the federal housing administration will have their headquarters in Sacramento.

Britain's prime minister must pay an income tax on his salary of \$50,000 a year.

## PICKETS HIT SHIPMENTS OF LUMBER

### AFL Carpenters Fight Northern Shipments

LOS ANGELES, (AP)—Hundreds of pickets of the AFL carpenters council surrounded docks at Wilmington, Los Angeles harbor, yesterday in efforts to halt importation of lumber cut in the north-west by CIO unionists, J. S. Eber-sole, business representative of the carpenters, said.

The lumber freighter W. R. Chamberlain Jr., from Portland, docked at the McCormick Lumber company in Wilmington, unloaded a quantity of "hot" lumber despite the pickets, but it was reported doubtful whether the AFL team-sters would move it.

The tie-up was reported to have been decided upon at a meeting of a West Coast AFL strategy committee at San Francisco last Friday.

Three months ago, about 100,000 lumber workers in the northwest went CIO, precipitating a new phase of the AFL-CIO fight. The freighter Chamberlain was involved in one of the first minor skirmishes at Portland.

### 'Cracks Safe,' But Quite Legally

WASHINGTON COURTHOUSE, O. (AP)—A reporter for a local newspaper turned out to be a real "wire-worker," to the immense relief of employees at the Peoples and Drivers bank, where he opened the vault after all other attempts had failed. The vault door had caught on a safety lock, designed to be unfurnished only from the inside. All manner of tools failed to budge it until the reporter happened along. With a length of steel wire he soon swung the massive door open.

### Mining for Logs Again Profitable

MAURICETOWN, N. J. (American Wire)—Cedar tree-mining is once again a profitable industry for residents of this town after a century of neglect.

The high price of peat and wood fuel has spurred citizens to recover large white cedar logs from a forest buried in marshland near here beneath from five to 10 feet of black muck. The logs, which still have bark, are sold for \$50 to \$150 apiece.

## Representatives Seeking Peace for Organized Labor

Without either of their leaders being present, representatives of the American Federation of Labor and the Committee for Industrial Organization met in Washington, D. C., in an effort to iron out the differences in their organizations. Shown are (seated, left to right) Sidney Hillman, CIO; George M. Harrison, AFL; Philip Murray, CIO; David Dubinsky, CIO. Standing: Abram Flazer, CIO; Joseph Curran, CIO; Harvey Fremming, CIO; Michael J. Quill, CIO; Matthew Woll, AFL; C. M. Bugnizaet, AFL; Homer Martin; James Carey, CIO, and S. S. Dalrymple, CIO.

### Burglar Alarm Traps Thief

SOMERS, Wis. (AP)—An unidentified man, trapped by a home-made burglar alarm, was shot to death today when he failed to heed a command to halt after looting the general store operated by James and Albert Bullamore, aged brothers.

The alarm functioned successfully for the fifth time in the last year. It rings a bell in the Bullamore home, 100 feet from the store, and turns on the store lights.

The burglar shot today was the first to have been killed in the series of store robberies. The brothers wounded another burglar previously, and last year captured one without firing a shot.

### Willard School Notes

A monkey skeleton that has been causing much attention, is the one owned by Mr. Schmid, who has been using it in his general science class.

About three years ago when Mr. Schmid worked in Anaheim park, they decided to get rid of two of their monkeys, giving them to Mr. Schmid. When the monkeys became vicious he had them killed and saved the skeleton of one. Some high school girls in Burbank became interested in the skeleton and assembled the many bones.

"Merry Christmas" is the appropriate title of the annual Willard opera to be given the week before Christmas, Miss Esther Jean Davis, director, revealed today. Miss Helen Glancy, Miss Wyllys Anderson and Herbert Michel are assisting Miss Davis. The cast and date of presentation will be announced later.

A remarkable demonstration of television was presented to an assembly for eighth and ninth graders Friday, October 22, at 1:40 p. m. in the auditorium. This program, a National Assembly Production, is an actual demonstration of sending and receiving sets of the newest development of television.

Television is described as "the latest product of the scientific field, a household necessity of tomorrow." It has now been undergoing experiments for several years, and has seldom before been presented publicly.

Sallie Clark, a member of Miss Helen Glancy's low eighth grade craft class, is exhibiting a large blotter which she made for her father's birthday. Sallie has also made four bridge score pads. Peggy Paul and Sara Burkett have each made a medium sized blotter and files. Gabrielle Scheer-

### Britain Advancing In Ending Noise

LONDON, (American Wire)—Noise abatement is farther advanced in Great Britain than in cities of the United States, in the opinion of Dr. G. W. Kaye, chairman of the division of physics of the National Physical Laboratory of Great Britain. Several noise testing stations have recently been established in London, auto manufacturers are starting to line car hoods with noise absorbent materials and rails and trams have already been replaced in many streets by rubber tired vehicles.

### Octogenarian Is Cyclist

EL RENO, Okla. (AP)—A brisk daily bicycle ride is part of the 80-year-old John Williams constitutional. Recently he pedaled all the way to Oklahoma City—30 miles—pausing but once to get his wind. He said it was just a "breeze," termed bicycle riding fun, healthful, dandy exercise.

committee chairman, and appointed her own assistants. "The barn will need a good cleaning before the party and the lawn must be mowed soon," Elaine explained. About 30 girls are expected to attend the party, which will be in the form of a pot-luck supper.

Games planned are apple-ducking, bowls of fortune, streets and alleys, stalking and two-deep.

To qualify for squad games boys of the seventh, eighth, and ninth grades are required to pass football tests before they may participate. Those boys who do not pass the tests the first time have a chance to take them again.

The seventh grade boys have three tests. The first is passing at 10 yards, three out of five tries. Centering at five yards between the knees and the belt, three out of five tries, is the second test. The third and final test is punting at 15 yards, three out of five tries.

Eighth grade boys have three tests. The first is passing, three out of five tries at 15 yards. At five yards center the ball between the knees and belt, three out of five tries in the next test. Punting at 20 yards at three out of five tries is the last.

A straight concert band, of brass, woodwind, and drums, was organized by Herbert A. Michel, Willard orchestra leader, Friday, Oct. 22 in room 107B.

"The purpose of this musical group is to act as a pep band for the school," Mr. Michel revealed. "We hope to have a turn out," he continued, "of over 30 players, most of whom are already in the orchestra."

The band will meet every Friday after school in room 107B, and Mr. Michel will welcome any additions to the already large band.

## MEMORIZES MAGAZINE IN ONE HOUR

NEW YORK, (American Wire)—Want to improve your memory?

Do you have difficulty recalling the circumstances under which you were introduced to a person whom you suddenly have met for the second time?

Then follow the methods of Bernard Zuffall, born in this city 43 years ago and who had a poor memory until he began developing it at the age of 18.

### DESCRIBES TO AUDIENCE

Today Zuffall can study an issue of the Saturday Evening Post for an hour, distribute the pages among an audience and describe each page as the number is called, giving the titles of the stories, with names of authors and illustrators, and the various advertisements.

To aid you, Zuffall lists the following points in memory training: 1, attention; 2, interest; 3, assimilation, which includes imagination and visualization; 4, association; 5, reviewing or repetition; 6, analysis; 7, concentration.

Commenting on Zuffall's points, Gorham Munson says in Practical Psychology Monthly:

### HOW HE DID IT

"By assimilation he meant the changing of uncommon terms into common ones, the association of the unfamiliar with the familiar. He asked us what the capital of Oregon was. Begging the pardon of our Oregon readers, I must say that our staff flunked that test."

"Mr. Zuffall then explained that he couldn't forget the capital of Oregon. He thought of the state's name. Its first syllable is 'ore,' which is the same sound as 'oar.' The capital is Salem, the first syllable of which is 'sale' or 'sail.' 'Ore for sale' or 'oar and sail' is a piece of imagination that links Oregon and Salem indissolubly together."

Zuffall spends at least 15 minutes a day in memory practicing, which speeds up remembering and increases the number of things that can be recalled.

### U. S. Takes Leaf From Britain

LONDON, (AP)—When America takes its voluntary unemployment census it will be borrowing a page from the British. British unemployment register every week at one of the some 2,000 government offices. The weekly registration keeps the government posted and guides employment offices.

The October 4 report showed 1,090,967 wholly unemployed, 191,737 temporarily stopped, and 56,500 normally in casual employment making a total of 1,339,204. This was an increase of 30,000 over August 23 but a decrease of 236,000 over Sept. 21, 1936.

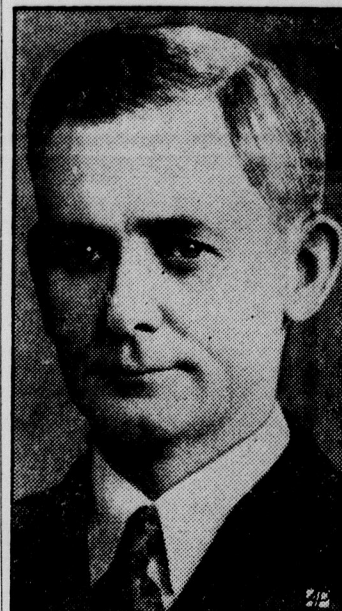

### Advertising With Rockets Success

LONDON, (American Wire)—Advertising with rockets is proving quite satisfactory, according to the brewery here innovating it. Sky writing and banner advertising with planes has become so common people don't bother to look up, but 16-foot rockets, one of which on bursting reveals a glass of beer; another, the name of the firm; a third, the slogan, are attracting considerable attention.

### Poet Service Left \$6000 By Mother

VANCOUVER, B. C. (American Wire)—Robert W. Service, bard of the Yukon and now a resident of Lancieux, France, is to inherit more than \$6000 from the estate of his mother, Mrs. Sarah Emily Service, who died here June 27 at the age of 82. Her will, disposing of a net estate of \$42,828, has been filed here for probate. Seven children are to share equally.

### Elk's 'Hello Bill' Originated in 1890

SANTA MONICA, (AP)—A good many member Elks probably use the lodge's greeting, "Hello Bill," without knowing how the greeting originated.

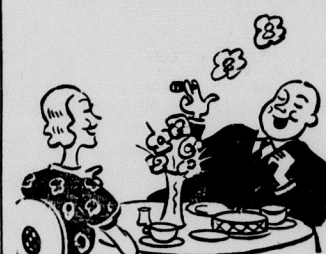

But Colin Campbell Taylor, veteran playwright and actor residing here, a life member of the Elks, and holder of Card No. 47, issued by Lodge No. 1, New York, says he is responsible.

"In 1890," says Taylor, "I wrote a play called 'Hello Bill.' It was originally produced in Minneapolis. Some of my brother Elks saw it and liked it, and the following year 'Hello Bill' was adopted as our official greeting."

### School Opens at 3 in the Morning

NEW YORK, (American Wire)—The course with the strangest hours—a public speaking class for taxicab drivers starting at 3 a. m.—will begin Nov. 1 with an enrollment of about 35, it was announced today. The "graveyard shift" instruction is offered by the Transport Worker's union. Working hours of the drivers make it impossible for them to attend the union's regular class.

## HUGE JOSHUA GROVE TO BE PURCHASED

LOS ANGELES, (AP)—The board of supervisors has taken steps to preserve a 1,600-acre tract on the desert 17 miles east of Lancaster and a large grove of Joshua trees on it. Some of the trees, the supervisors told Secretary Ickes, in requesting a 50-year lease, are more than 1,000 years old.

The board sent a petition to Secretary Ickes, stating it was planned to develop the non-occupied, non-mineral property for water, roads, camp sites and outdoor recreation facilities.

The term, "to Bowdlerize," meaning to censor or cut out, comes from a squeamish editor named Bowdler who flourished in the early 19th century.

**COURT HOLDS  
BING OWES  
TURF MONEY****District To Get  
\$5144 From Club**

SAN FRANCISCO, (AP)—Attorney General U. S. Webb held in an opinion today that the 22nd agricultural district is entitled to \$5,144.95 from Bing Crosby's Del Mar Turf Club under a franchise agreement of December, 1936.

The opinion was written by Webb for Joseph M. Burnett, treasurer of the district.

The dispute between the association and the club involved the pari-mutuel breakage, the odd cents left in computing mutual odds.

The association contended the 12 1/2 per centage which the club agreed to pay the association from the club's share of monies wagered in pari-mutuels each day of racing, covered breakage, in addition to the 8 per cent permitted by law.

Webb told Burnett he believed the club is entitled to the 12 1/2 per cent of the breakage in compliance with the agreement between the association and the club.

**DELAY M'LAGLEN  
INVESTIGATION**

LOS ANGELES, (AP)—The district attorney's office delayed its decision today on a request by private detectives for a complaint charging Leopold McGlaglen, brother of Actor Victor McGlaglen, with preparing a false affidavit and soliciting the commission of a crime.

The detectives were hired by Philip M. Chancellor, millionaire photographic expert, when, he said, he became involved in a dispute with McGlaglen over the latter's demand for \$20,000 salary bonus.

McGlaglen had agreed to furnish him with material for a book on military espionage, Chancellor said, but the information produced was "no good for a book or anything else."

McGlaglen insisted at the county jail that he was the victim of a frame-up. "Chancellor offered me money; I didn't demand any," he said.

**OUTLINE DUKE'S  
VISIT TO U. S.**

PARIS, (AP)—The Duke and Duchess of Windsor are planning a double swing across the United States from New York to Hollywood and back to Miami, a close associate disclosed today.

They will travel with about 70 trunks and a retinue of six persons, he explained. The westward trip would take the former British monarch and his American-born wife along a northern route while the eastward journey would be through the South.

This member of the duke's suite emphasized that the exact itinerary of the five-week tour was still under discussion. The duke and duchess will sail Nov. 6 on the liner Bremen.

**Churches Urged  
To Aid Humanity**

LOS ANGELES, (AP)—Churches were urged today by Dr. James J. Raun, president of the San Francisco Church Federation, to give more attention to the welfare of human beings than to "creeds and their own particular interests."

Dr. Raun was speaker at the Southern California conference of 20 United Lutheran churches. He asserted spiritual unity was needed to combat crime and intemperance.

**Planes Painted to

LONDON, American Wire)—Use of camouflage to make planes resemble clouds was believed a success today following experiments with England's war planes. The experiment is similar to the camouflaging of steamships to conceal them from enemy eyes during the world war.

**Noted Surgeon Doubts His Daughters  
Will Profit Much by His Experience**

(This is the second in a series of reports by Miss Shaw, child guidance expert of the AP Feature Service, on the influence of notable parents on their children.)

By LYDIA GRAY SHAW  
AP Feature Service Writer  
NEW YORK.—"Do I influence my children? I try hard not to. I don't believe in it. Neither do I forbid them to do anything. It only makes them more determined."

These are the views of Dr. Thomas H. Russell, as parent, not as head of the department of surgery at Post-Graduate hospital in New York. He always has tried hard to keep his two roles separate.

"I never talk shop at home," he says in a voice which hasn't quite lost its southern drawl despite years of hospital service in New York.

"I regard medicine as a great calling, but I don't expect my family necessarily to feel as I do. You can't force your interests on others."

ONE WEARS WHITE  
Nevertheless Dr. Russell is tremendously pleased because his 20-year-old daughter, Lynn, has taken an interest in the work of his hospital. She volunteered to do some social service work, and now goes proudly about the clinics and wards in her white uniform. However, her father says he would have been just as happy if she had chosen a different career.

"As long as my children have some interest, no matter what it is, I don't worry about it. I encourage them to do what they want to do."

Lee, two years younger than Lynn, is musical. She plays both violin and piano, and largely by ear, too.

Asked whether earlier childhood was likely to reveal definite inclinations toward a future career, Dr. Russell says:

"Yes, but often unconsciously. In my own case, I never thought of being a doctor until my school principal told me on graduation day that medicine should be my profession."

"Then I recalled that as a child I had spent a lot of time on our North Carolina farm cutting and sewing up animals which were ready for the slaughter house. I'd learned a lot of anatomy right there, though I hadn't realized it."

CREDIT TO GOVERNNESS  
Dr. Russell gives entire credit for the early training of his children to an Irish governess "who did the job better than I could have."

City children need a governess, he says, because they cannot be safely left alone. But he's emphatic on one point—don't interfere when the governess turns disciplinary.

"You have to put confidence in her," he says, "and then leave her alone. Children need consistent treatment. They'll never learn if the parent rushes to give sympathy just when the governess is administering punishment."

"Do I want my children to profit by my experience?"  
"Of course," he answers with a kindly smile, "but I know they won't. I can't make their decisions for them. They must make their own. Perhaps they'll be hurt more in the end, but they will have gained something—call it character."

**Gunman Escapes  
From Tijuana**

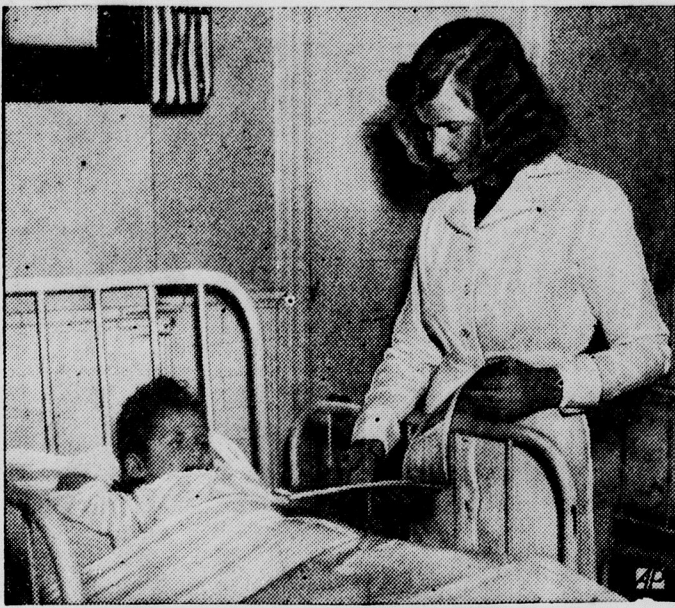

SAN DIEGO, (AP)—Peace officers on both sides of the Mexican border today sought William Edward Boyd, 28, who held up guards with a smuggled gun and escaped from the civil and military hospital in Tijuana last night.

Mexican officers said they were holding a woman accused of aiding Boyd in his escape.

Boyd was captured recently in Tijuana after, police said, he shot Patrolman Byron E. Hammond of San Diego, engaged in a gun fight with San Diego police, and a five-hour battle with Mexican and San Diego police and Mexican soldiers.

**Poor Timing  
Put on Pan**

VIENNA, (AP)—The government telephone system arranged a service for giving subscribers the correct time. Wanted to promote business. But the Vienna Association of Watchmakers killed it at the start. The association believes everyone should carry a watch—and remember to wind it.

**GIRL IN WHITE**  
Lynn Russell enjoys working in her father's hospital, but the famous surgeon insists he didn't influence her in the choice of a career.

**Senator Homer Bone Explains  
U. S. Neutrality Legislation**

By SENATOR HOMER T. BONE

Existing neutrality legislation was the result of ominous conditions in Europe.

On Aug. 31, 1935, the President approved this country's first neutrality bill, enacted in the closing hours of the first session of the 74th congress, following a filibuster by members of the senate munitions committee, in which I actively participated.

In the next session our neutrality legislation was amended by an act approved Feb. 29, 1936, this act being necessary because of expiration of the effective period of the first act. The second act broadened provisions of the first.

By special act approved Jan. 8, 1937, it was made unlawful to export arms and ammunition to Spain, or for use in Spain, during the civil war now wracking that unhappy country. Sinking of vessels attempting to land cargoes in Spain indicates all too clearly what might happen to an American vessel trying to carry arms into Spanish ports.

PRESIDENT'S APPROVAL  
On May 1, 1937, the President approved the present neutrality act which is known as Public Resolution No. 27. This act broadens all previous provisions of neutrality acts, and an understanding of its terms is necessary if we want to follow the current discussions relative to our position in the world picture.

The President finds in a formal manner that a "state of war" exists between or among two or more foreign nations, he shall thereupon proclaim that fact. When he makes such a proclamation, shipment of munitions of war to the belligerents is forbidden, whether such cargoes go directly to the warring nations or to some neutral country for transshipment.

ONLY THOSE LISTED BARRED  
When the President issues the proclamation I have referred to, he may, if he desires, make a further "finding" that the shipment of "certain articles" of commerce, other than arms, should not be made on American vessels to any warring nation. After such a finding it becomes unlawful for an American ship to carry these certain enumerated articles to belligerents.

The President is required by the statute to enumerate these articles which under his "finding" may not be carried by an American vessel. All other forms of goods could be transported by our ships.

Regular trans-desert highway transport services are being maintained between Iraq and Syria. Passengers can make the journey between Bagdad and Damascus in comfortable touring cars and buses in 14 to 22 hours.

**Britain's Girls Prefer  
Factory Made Jobs**

**SHE'D QUIT THIS . . .**  
British girls have created a domestic servant crisis because they overwhelmingly prefer work in factories and shops to being Mrs. John Bull's maid.

By WILLIAM McGAFFIN  
(AP Feature Service Writer)

LONDON.—Scarcity of domestic servants has reached such grave proportions in the British Isles that the government itself is tackling the problem of finding household help for Mrs. John Bull.

Roly-poly, black-mustached Minister of Labor Ernest Brown is considering organization of a "league of good household mistresses" to attract more girls into servants' jobs. One London newspaper even credits him with a proposal of a marriage dowry for servant girls—but he denies that.

One reason why so few English girls choose to be maids nowadays is the poor chance for marriage in jobs where there is neither time nor place to meet or entertain a boy friend.

Not only that, but the eligible young men of modern England reportedly look upon servant girls as beneath them.

LEAGUE BADGES

The dowry idea is an old one. The latest suggestion would have government and employer contribute a few cents a week toward a \$150 dowry which the servant, if she wishes to marry, would be entitled to after seven years.

The league of good household mistresses would be a voluntary organization open to all employers of servants who would accept a charter of good conditions for maids. Each member would get a badge to display in her house, proving to prospective servants that the house was a good one to work in.

Badged houses would offer more leisure for maids, better living conditions and greater social comfort.

Domestic service, the labor minister finds, ranks at the very bottom of the girls' list of preferred jobs. They would even rather be factory workers than domestics.

As a rule they earn only about \$8.25 a week in the factory, compared to the \$5-a-week average, plus board and room, in a household job. But factory girls have evenings, Saturday afternoon and Sundays free. As maids they would

STOCK QUIZ****New York Exchange in  
Study of Selling**

NEW YORK, (AP)—The New York stock exchange announced it had invited the Twentieth Century Fund, a privately endowed economic research organization, to undertake a thorough study of the effect of short selling in the security markets and to publish the results.

The exchange said it had completed its recent investigation of short selling in several leading stocks in the period Sept. 7 to 25, and was making further inquiries.

The exchange investigation of trading in the period Sept. 7 to 25 included transactions in American Telephone, General Motors, New York Central, Standard Oil of N. J. and U. S. Steel.

In that period, the survey showed, total shares of stock sold short were as follows:

By the public, 223,150 shares.  
By stock exchange members exclusive of specialists, 169,250 shares.  
By specialists, 48,000 shares.  
By foreigners, 21,600 shares.

American consumers spend about 19 per cent of their retail dollar for automobiles and automobile fuel. Californians spend 22 per cent of their dollar for motor car transportation.

# PICKETS BOO JAPANESE PEACE GROUP

Goodwill Mission Arrives in U. S.

SAN FRANCISCO. (AP)—Shouts and "boos" from more than 200 pickets of maritime unions and Chinese organizations greeted Japan's unofficial goodwill mission when it arrived on the liner Tatsuta Maru.

There was no violence when the ship docked, but the police arrested five men they described as leaders of the pickets, and booked them on peace disturbance charges. A hundred longshoremen stopped unloading the ship's cargo and for 15 minutes joined the pickets in a demonstration against the arrests. Automobiles took the Japanese past the pickets who carried placards and shouted such slogans as: "Bombs are not goodwill," "Protest murder of Chinese women and children," "Boycott Japanese goods."

Among the Japanese envoys was Vice Admiral T. Godoh, onetime member of the Japanese cabinet, who issued a statement saying it "must be clearly stated that the present conflict with China is not a premeditated event but one which was unexpectedly forced on us."

## Women In The News

### HELPS BLACK

Anne Butt, Montgomery, Ala., Catholic, was appointed secretary to Justice Hugo L. Black, of the United States supreme court, one-time member of the Ku Klux Klan.

### HEARD A POP

Mary Jo Anastasi, head "a pop like a bursting balloon" when the plane on which she is hostess took off at Buffalo, told Pilot Roscoe Kent a landing gear tire had blown out. The pilot brought plane and 24 passengers down safely at Newark, N. J., airport.

### VILLAGE SMITHY

Mrs. Martha Smith, 185 pounds, New York City's Greenwich Village blacksmith, complained, "There's scarcely enough shoeing left to keep a fellow in trim."

7 AND 6 Mrs. Estelle Lawson Page, Greensboro, and Chapel Hill, N. C., became National Women's Amateur golf champion at Memphis, defeating Patty Berg by the surprising final-match score of 7 and 6.

## Keyhole Fumbling Remedy Claimed

WASHINGTON, D. C. (American Wire)—Fumbling for the keyhole in the dark will be eliminated by his keyhole guide, Ralph A. Ringels of San Francisco, believes. The keyhole finder consists of a funnel with a big mouth that clamps on the lock, guiding the key into the right spot.

## DON'T RIDE WITH HIM

## EMPLOYMENT AID SEEN IN TELEVISION

NEW YORK. (American Wire)—What of television? Is it going to become a part of daily life like radio? Can it contribute to an economic upswing such as radio did?

"Television is today an unfinished product," says David Sarnoff, president of R. C. A., who has just staged a demonstration for visiting engineers. "However, I see in it another vigorous industry which will provide many new avenues of employment."

After witnessing the demonstration, veteran engineers agreed that television still is in its infancy. Television pictures broadcast from a transmitter on top of the Empire State building were flashed 15 blocks away to be projected on a screen three feet high and four feet wide. Heretofore the 7-by-10-inch radio image has been the general standard.

The larger image was foggy and its associated sound indistinct. Engineers declare the apparatus must be simplified. It is too complex, more like an electric furnace than a radio receiving set.

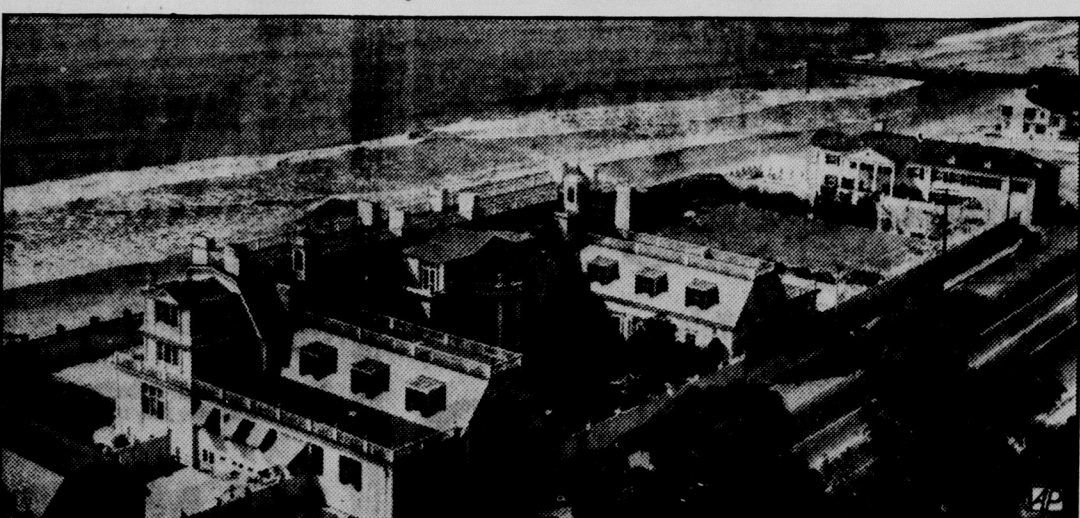

## Mice Have Walk Like Dizzy People

ST. LOUIS, Mo. (American Wire)—Study of Japanese waltzing mice may be valuable in revealing information about disease of the inner ear in humans, in the opinion of Dr. Lee Wallace, dean of the Washington University School of Medicine here. The mice are unable to walk in a straight line, having a circular, waltz-like form of locomotion resulting from lesions in the inner ear, cause of which is unknown. Researchers are studying them by taking movies before and after operations affecting the sense of balance.

## Owner of Sinking Farm Is Happy

NEW YORK. (American Wire). Harley Robertson, whose farm is becoming a canyon in Idaho, is glad it happened, he said today. Several attractive offers to tell the world about it are at his disposal. A London newspaper phoned him to ask if he thought the world was coming to an end.

## Duke May Visit Movie Palace

Splendid housing conditions will be found in the motion picture industry by the Duke and Duchess of Windsor on their expected visit to Hollywood. While in Southern California the former British monarch and his American wife may visit the palatial beach home of Marion Davies, film actress, at Santa Monica. Here is a recent picture of the estate about which the duke will be able to jot down notes of a swimming pool and tennis courts.

## Cold Snap Forces Crippled Newsboy South on Trip

Cold weather in the northern part of Texas shifted the itinerary of Santa Ana's crippled newsboy, Freddie Carson, who is heading for Miami, Fla., in a powered wheel chair and trailer. He headed south from Mt. Pleasant, Texas to Baton Rouge, La. instead of proceeding to Texarkana as originally planned, according to a letter received by his mother, Mrs. Charles A. Carson, 1117 West Highland street, yesterday.

He has been jogging along at a good clip, stopping only for necessary food and rest. Crossing the

Mississippi proved a difficult task, but with the aid of friends who came to his rescue, he managed to get his wheel-chair and trailer over the levees and onto the ferry. Now that he's found warmer weather, he plans to spend about a week in each important town along the trail to Miami.

Carson reports that he has not yet received the letter from Joe T. Sullivan, manager of the Real Courage association, Battle Creek, Mich., offering him a job.

Apparently there has been no more rain, and the umbrella has been put in storage in the trailer.

## 'Rubber Check' Wanders, But Always Returns

IONIA, Mich. (AP)—"Rubber Check," an aged but agile turtle, has been hanging around the Vern Judevine farm near Palo for more than 36 years, and the family is prepared to prove it.

Judevine caught the turtle in 1901 and carved his initials and the date on the animal's shell. Eleven years later he again encountered the turtle and repeated the "registration." Recently Judevine's son, Dannon, caught a turtle ambling across the lawn and Judevine discovered it to be "Rubber Check" with his two inscriptions intact.

"We call him Rubber Check," Frank Judevine, brother of Verne explained, "because he always comes back."

## Students Give Strange Answers

WACO, Tex. (American Wire). Oxygen is an eight-sided figure, Nero means nothing, Homer is a species of pigeon and Ulysses Grant is a tract of land several civil war battles were fought on. These were some of the answers made by Baylor university freshmen to a psychological test.

One girl stated Henry Clay was a mud treatment for the face. Another called a vegetarian a horse doctor.

A generous-sized shoe bag hung on the inside of the downstairs hall closet door can serve for storing many articles—caps, mittens, rubbers, small brooms, hat brushes, etc.

## Forgetful Blind Man Walks 3-Story Ledge

WASHINGTON COURT HOUSE, Ohio. (AP)—Courtroom employees here watched breathlessly a man they knew to be blind clamber out onto the third-story ledge of a building across the street, inch his way to a distant window, and let himself inside.

To a amazed questioners, the climber, James Knisley, sightless violinist, said he had forgotten the key to his room, so he had to go out a hall window and around the ledge to gain entrance. He's done it often at night, he said.

## Please Don't Kiss My Hand, Madame

SARAJEVO, Yugoslavia. (AP)—For a century, it has been the custom in Bosnia for women to kiss their husbands' hand in the morning, and the hand of a senior male visitor, in recognition of the superiority of men.

But organizations of modern young women are working to abolish that custom—and to stop women from swearing and drinking hard liquor.

## Turkeys Will Cost More This Year

WASHINGTON, D. C. (American Wire)—Anyone who eats turkey for Thanksgiving this year is going to pay more for it.

Agriculture department predictions are for a supply 10 per cent below last fall. Growers are reported as intending to market their birds earlier this season, with prices up slightly.

**SAVED BY A BEETLE...**

Were it not for the ladybird beetle, California probably would have no citrus fruit industry. About the time California's orange trees first started to flourish an unwelcome immigrant arrived from Australia, the Icerya, a scale insect. Multiplying by the millions and spreading like wild fire throughout the state, the insect wreaked havoc on the citrus groves, sucking away the trees' sap. For a while it looked like the entire citrus industry was doomed.

Unable to find an adequate method with which to cope with the onslaught of the Icerya, citrus raisers turned over the problem to the government. A group of scientists was hastily sent to Australia in search of a natural enemy of the havoc-wreaking insect. The search was short. Among the orange trees there was found the ladybird beetle, ravenously devouring every Icerya to be found. A quantity of the insect warriors were imported to California and loosed. Reproducing rapidly, the ladybird beetles did such a complete job of wiping out the Icerya that in doing so they nearly became extinct themselves for lack of food.
